Multitudes can the aid of this remedy, spare themselves the endurance of foul eruptions and ulessores, through which the system will stim rid itself of corruptions, if not assisted is this through the natural channels of the by an alterative medicine. Cleanse out vitiated blood whenever you find its impurbursting through the skin in pimples, cruptor sores; cleanse it when you find it is structed and sluggish in the veins; clean whenever it is foul, and your feelings will you when. Even where no particular discipation, for cleansing the blood. Keep blood healthy, and all is well; but with pabulum of life disordered, there can be lasting health. Sooner or later sometimust go wrong, and the great machine life is disordered or overthrown.

Sarsaparilla has, and deserves much reputation, of accomplishing these ends. the world has been egregiously decisis preparations of it, partly because the for it, but more because :nany preparation or any thing else.

During late years the public have been

During late years the public have been led by large bottles, pretending to give as ef Extract of Sarsaparilla for one dollar. of these have been frauds upon the sid they not only contain little, if any, Sar filla, but often no curative properties where. Hence, bitter and painful disappoint has followed the use of the various extras Sarsaparilla which flood the market, unlaname itself is justly despised, and has be synonymous with imposition and cheat we call this compound Sarsaparilla, and it to supply such a remedy as shall researed to supply such a remedy as shall researed to curply and think we have ground believing it has virtues which are irrestly the ordinary run of the diseases it is in ed to cure. In order to secure their est cradication from the system, the remedys be judiciously taken according to directs the bottle. the bottle.
