

SUMMARY NEWS.

Dominion.
 —A man named Tricky was struck and instantly killed by a Grand Trunk train near Rainville, Ont., on Monday evening.
 —The town of Parabomb is to have a new school building to cost about \$9,000. The Fuller & Warren system of heating and ventilating will be adopted.
 —Three hundred of the Ontario rolling mill and the Hamilton, Burlington and two Montreal factories. The closing may not be permanent.
 —Mr. C. H. Cahan, who led the opposition in the N. S. Legislature in the last House, has resigned the editorship of the *Morning Herald* and gone into the practice of law with the firm of Henry & Harris.
 —William Doyle was fatally mangled by a G. T. R. train yesterday morning at Cornwall. He was walking into the yard, and stepped from one track to another out of the way of a freight train. Just as he did so he was struck by the morning way train.
 —On Friday a big explosion started the village of Waverly, ten miles from Halifax. A quantity of powder at the Acadia Powder Works was handled roughly, and an explosion followed. Two men, Spriggs and Allan, had a miraculous escape. A building was blown to atoms. Not a stick was left. The report alarmed the country for a long distance round.
 —The late Senator Botsford, of Sackville, left an estate valued at about \$70,000, of which sum \$25,000 is in the stock and bonds of the Moncton Gaslight and Water Company. The bulk of his estate goes to his children. \$10,000 being divided between other members of the Botsford family, about twenty in number. The widows and children of his brothers are all remembered with one or two exceptions.
 —Leprosy has broken out in Chinatown, Vancouver, and is being fully developed a case. Ah Chong lived in Montreal two years ago. A year ago he tried to get into Washington State, but did not succeed, and came to Vancouver. Chinatown is to be searched to-night for more possible cases. The health doctor says Ah Chong's case is the worst he has ever seen here, and that the Chinaman has not long to live. He will be taken to D'Amoy Island to-morrow on a chartered steamer.
 —John Cathline, an aged hermit, died suddenly in Long Island in the Kennebecas on Jan. 24. The public were given to understand his death was an ordinary one, caused by old age and heart failure, but facts have leaked out since, which strongly lead to the belief that he died of some possible case. The health doctor says Ah Chong's case is the worst he has ever seen here, and that the Chinaman has not long to live. He will be taken to D'Amoy Island to-morrow on a chartered steamer.
 —The St. John Electric Street Railway was sold at auction on Saturday last, and was purchased by Mr. F. C. Jones of the bank of Montreal, acting for the sum of \$62,000. The other principal bidder was Mr. Charles Fawcett, of Sackville. "It is understood," says the *Telegraph*, "that the purchase is made up, will commence at once to rebuild the roadbed. The improvements it is said, will include a double track, a flat rail to be used, the building of new cars and extension of the present line to Fairville, Duck Cove, the cemetery and the completion of the existing line so as to complete the circuit as was originally intended.
 —It is rumored that the C. P. R. is negotiating for the purchase of the New Brunswick and Prince Edward Island Railway from Sackville to Cape Breton, and in the event of a satisfactory settlement, intend putting on a steamer between Cape Tormentine and Charlottetown, thereby making connections direct with Charlottetown. Should the proposed scheme go into effect, it would prove a saving in time to passengers in reaching points on the Island from the Maritime as well as the Upper Provinces, and would more perfectly meet the terms of Confederation (which to a certain extent provided that continued connection between the Island and mainland would be afforded) than the arrangements existing at the present time.
United States.
 —Minard's Liniment Lumberman's Friend.
 —The Behring Sea bill passed the House of Representatives on Thursday.
 —There were serious riots in Connelville, Pa., on Wednesday. A number of persons were killed or fatally injured.
 —In the House of Representatives Wednesday, after a scene of great confusion, the President's veto of the Bland coinage bill, was sustained.
 —Another severe earthquake has occurred on the Isthmus of Tehuantepec. Much damage was done to towns and villages on the Pacific coast.
 —The execution of Pendergast, the murderer of the mayor of Chicago, which was to have taken place to-day, has been stayed until July 2.
 —The Massachusetts State Senate has defeated the bill granting municipal suffrage to women by a vote of 23 to 19 and one pair. An attempt to substitute for the suffrage bill a resolve allowing the reference of the matter to the people at the next state election was defeated, 19 to 19, the President casting the vote, which made the tie.
 —Coxey's commonwealth army is really crippled. Forty men were arrested in Pittsburg on Wednesday and twenty-eight of that number were sent to the work-house. The army attempted to leave the park, but were met at the gate by the police, who threatened to arrest any member found outside, so they remained in camp.

DEATHS.
SAUNDERS.—Died at Norwood, March 22, Samuel Saunders, aged 70 years.
MORRELL.—On March 16th, Muriel A. Morrell, daughter of John and Mary Morrell, aged three weeks.
ALLEN.—Died at Norwood, Yarmouth Co., March 7, Mary, wife of Lewis Allen, aged 29 years. A sorrowing husband and three young children mourn her departure.
ALLEN.—At Amherst, April 2nd, of meningitis, Agnes Josephine, youngest child of Lewis and Agnes Allen, grand daughter of the Rev. S. T. Rand, D. D., aged 41 years.
PURSH.—At Mabou, Inv. Co., N. S., on the 12th of March, of consumption, Teresa A. Pursh, aged 24 years, daughter of Alexander and Katherine Pursh. She died trusting in the merits of her Saviour.
DONDALE.—At Clementsvale, N. S., March 27th, of consumption, Pearl Vivian, aged 12 years, eldest daughter of John and Lizzie Dondale. The bereaved father, believing that his darling is safe in the arms of Jesus.
WRIGHT.—At Clementsvale, N. S., March 12th, of consumption, Amy Wright, aged 12 years. Amy was left to her father as she had no hope of meeting their loved one where there is no pain or sorrow. "Suffer the children to come unto me."
VANOR.—At his residence at Greenfield, Kings Co., on the 28th March, Mrs. Joseph Vanor, aged 53 years, leaving a widow and nine children with a large circle of friends to mourn their loss. Our brother was a worthy member of the Second Horton Baptist church.
PARKER.—At the home of her daughter, Waverly, March 7, Abbie Parker, aged 63 years, wife of Hugh Parker, of Upper Burlington. She was baptized into the fellowship of the Newport Baptist church by the late Rev. George Dimock. The remains were brought home and laid away in the village cemetery to await the resurrection of the just. At her request her pastor preached from Isa. 23: 1-4.
THOMPSON.—At Little River, Com. Co., N. S., March 18, Mary Black, widow of the late George Thompson, in the 80th year of her age. In her death the church loses one of its oldest and most devoted members, the family a loving mother, the poor a kind friend. Her house was a home for God's servants. One son, three daughters, and a large circle of relatives and friends affectionately cherish her memory.
GOODWIN.—At Centreville, March 25, Deacon Elias Goodwin, aged 55 years. Bro. Goodwin was baptized by the late Rev. E. B. Corey, and in the organization of the Centreville church was chosen deacon, which office he filled with honor and credit to the glory of the church. He was a good man and full of faith, and in his death a great loss is felt in the community. One son and two daughters, with many relatives and friends, mourn the loss of a kind father and neighbor. To all sorrowing we commend the comfort of the Spirit.

Wanamaker.—At Hillsdale, Kings Co., N. B., on March 26th, N. Pickle Wanamaker, in the 64th year of his age, leaving a wife and eleven children to mourn their loss. For many weeks our brother suffered, yet he bore it all with the greatest patience. To all that came to see him he would tell of that hope which he had in his Saviour, and it seemed to be his whole theme. When the dark waters had almost closed over his head, he said to his devoted wife who had never once left his side, "I shall soon be asleep, mother, asleep in Jesus—blessed sleep, from which none ever wakes to weep, and thus he passed away. The sorrow in the home and in the community is great; but it is not as those that sorrow without hope.
Ellis.—Among those whose homes the death angel has visited this winter, is our esteemed brother, Thos. Ellis, of Fairview, St. Martins. He has been bereft of his loved partner in life and is thus left in sore loneliness. Our brother feels crushed by this sorrow, but he also feels confident that after the brief span of his earthly life shall here end, there is a blessed reunion awaiting him in the better land, where parting is no more. Sister Ellis at an advanced age gave her heart to the Saviour, and followed him some three years ago in the blessed ordinance of baptism. So death was for her robbed of its sting, and calmly trusting in her Saviour she passed beyond the boundary of time. At evening time it shall be light.

MRS. PARKER'S STATEMENT.

An English Lady Interviewed—Her Remarks will interest Canadians.
 Mrs. Parker, an English lady, living in St. Clerans near Southport, England, recently interviewed, said she had not been as well for twenty years as then, having just taken a course of Hawker's nerve and stomach tonic and Hawker's liver pills. Parker had been a great sufferer from flatulence and indigestion, complicated with bronchial asthma, and what the doctors termed heart trouble. Every remedy her family physician could suggest was tried but without success, and her condition became so serious it was thought the only chance for her restoration to health was a change of climate. She could not lie up in a sitting posture and then could only breathe with difficulty. But after taking six bottles of Hawker's nerve and stomach tonic in conjunction with Hawker's liver pills she was completely restored to health. Her symptoms will be recognized at once by thousands of sufferers, in whose case they are present in perhaps a milder form, and to them also Hawker's nerve and stomach tonic comes as a deliverer from the tortures of sickness and disease. In Mr. Parker's case, as in thousands of others, the wonderful results obtained are due solely to the remarkable nerve restoring, invigorating and blood building properties of this great tonic, combined with the regulating qualities of the pills on the stomach, liver and bowels. Hawker's nerve and stomach tonic is especially adapted to the diseases peculiar to women giving tone to the nerves and stomach, vigor to the mind and body and strength to the blood, restoring the bloom of health to the pale and delicate. It is a perfect nerve restorer, invigorator, and blood and flesh builder, and aid to digestion. It is a certain cure when faithfully used for all diseases arising from nerve exhaustion, weakened or impaired digestion, or an impure or impure condition of the blood, such as nervous weakness, nervous headache, sleeplessness, neuralgia, loss of appetite, dyspepsia, hysteria, and the prostrating effects of a gripe or any nerve weakness of heart or brain arising from worry, overstrain of mind or body or excess of any nature. Hawker's nerve and stomach tonic can be obtained from all druggists and dealers. Price fifty cents a bottle or six bottles for \$2.50.

"IT SAVED ME DOLLARS."
 Forebode Words from an Honest Man—Interesting Experience of a Mill-stream Blacksmith—A Happy, Well Man.
 "If you are the boss I'd like to talk with you!" These were the words of Mr. E. I. Ellies, who called at our office yesterday, without invitation of anyone, prompted only by a thankful heart.
 He addressed the manager of the Grocer Co., with above words to effect: "I was right he continued: 'I consulted a physician for Chronic Diarrhoea, from which I suffered all summer. Somehow he did not help me. Just then I saw a testimonial from a man I knew, who had been cured by your remedy. We got a bottle. Thought it was a good—only syrup. Well, sir, the first half bottle helped me. I kept on taking it. The medicine kept on curing. Now I'm all right; can eat, sleep, work, and enjoy life. Guess it saved me a large doctor's bill; and I know others that it has cured. I took less than three bottles, and my case was a very bad one.'
 Such words come from the heart. Such a writing does good to other sufferers.

THE CHRISTIAN MESSENGER AND VISITOR
 Vol. X., No. 1
 —The American Mission Society closed March 31st, with a balance of \$100,000. This sum represents the amount borrowed to meet obligations March 31st. The deficit for the year was \$100,000, but as there seemed reason to think it would reach a much larger amount, the society has decided to close its present condition. It had dared to hope, but requires about \$1,000,000 of current obligations.
 —The new treaty was negotiated by the Chinese and the United States. The treaty goes into effect on the 1st of July. Chinese subjects traveling in the United States may be admitted but citizens of the United States are to have the same protection as the subject favored nation. The United States other hand consular regulations shall apply to laborers in China.
 —It is not true that Indian is a dead language. It is one that has ceased to be a living language. In a meeting in New York question was discussed as to prove the saloon. The saloon is the same as a vicious dog. "Out hind his ears." The made gentle and harmless a pretty collar round his neck. The saloon is a pernicious power of not removed by any act that may be applied to it.
 —Alluding to the woman to the Christian Massachusetts in the Boston Watch.
 "Perhaps we are about this matter, but though to our mind against the woman, from Paul's Epistle weakened by a custom of the Greek those Epistles were gladly admit that in which women are direct call from God word of the pulpit, doubts whether the men is in line with the men of the Scriptures with that unuttered ment, which, when I am to be one of the of human life."
 —Our highly esteemed R. Sanford, who as returned from India seriously impaired, benefited by the climate, and is now gratifying intelligence in a large degree following note, just fond speaks for himself.
 It seems fitting knowledge, publicly of the Lord. I things for me. Bless Name! One year myself in a very steady, gradual way, with that unuttered into the cold but two, inevitable. But Heavenly Father to During the year, steadily, gradual way, myself again to am well pleased.
 Wolfville, April 10th, 1894.
 —Alluding to the festal in recent years to provide large sums and support of the Christian Standard. "The movement have had its start to Harvard, by Boston, in 1847.
