DON'T WASH YOUR HAIR WITH SOAP

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, which is pure and entirely greaseless. It's very cheap, and beats soap or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a tea-spoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.

Winnipeg, May 12.—One result, pretty certain to follow the change in administration, is granting of suffrage to women in Manitoba, a pledge to that effect being embodied in the platform on which the Liberal party appealed to the electorate last June.

HAVING NO TROUBLE WITH ALIEN ENEMIES

Ottawa, May 12.—Comptroller For-tessue of the Mounted Police who has just returned from a visit of inspection in the west, reports that the police are experiencing no difficulty regarding the alien situation in the police districts.

Shortly after war broke out alien settlers were required to give up their arms, but later they were returned to those who were recognized by the police as law abiding citizens by whom no unfriendly action might be expected. Especially in the frontier districts the settlers experienced difficulty in keeping off coyotes and other wild animals without their guns and were suffering because of the lack of game upon which they depend to a large extent for subsistence. However, the return of the guns has not been wholesale, but there has been no trouble among those who got their weapons back.

"CRAZY BILL" ON SALE.

A copy of "Crazy Bill," a song composed by Steve Matthews, and set to music by Roscoe Bond, has been received by The Standard. Mr. Matthews is well known throughout the province as an entertainer and his recent song has caught on well wherever heard. It was recently sung by the composer at a patriotic concert in the Lyric Theatre and also in Halifax. On both occasions the song made a tremendous hit and many enquiries were made for copies. The song has now been published and placed on sale at the leading music stores. It is the intention to have "Crazy Bill" arranged for orchestra and band.

Mr. Matthews has been prominent in entertaining circles for sometime and has composed other songs that have become popular. He has been featured in practically all the amateur entertainments given here for some years and his parodies and songs have always been given a great reception. "Crazy Bill" is well worth buying and learning. It deals with the war in seven stanzas and seven choruses and everyone is a scream.

"Fruit-a-tives" Healed His Kidneys and Cured Him.

Hagersville, Ont., Aug. 26th, 1913. "About two years ago, I found my health in a very bad state. My Kidneys were not doing their work and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect, I found more than satisfactory. Their action was mild and the result all that could be expected. My Kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today, I am enjoying the best health I have ever had."

TYPHUS IN SEVERAL GERMAN CAMPS WHERE BRITISH ARE PRISONERS

London, May 12, 8 p. m.—Sir Edward Grey, the British Foreign Secretary, has received, through Walter Hines Page, the American Ambassador at London, and James W. Gerard, the American Ambassador at Germany, a despatch which says that typhus fever is present in the following German prisoner camps where there are British prisoners of war: Zossen, Alt-Damm, Schneidemuhl, Gardelegen, Wittenberg, Sagan, Cassel, Zerbst, Langensalza and Chemnitz. The cases at Zossen are said to be confined to Russian prisoners and a few of the Indian troops.

THE PURCHASING COMMISSION ALREADY A BUSY ORGANIZATION

Ottawa, May 12.—The government purchasing commission has been busy completing its organization and dealing with orders for war supplies which immediate attention. Hon. A. E. Kemp, chairman of the commission, and Messrs. George F. Gault and H. Laporte, the other members of the new body, have been devoting their entire time to the work and have been engaged from early morning until midnight each day, getting their organization into working order.

Mr. Kemp attended the cabinet meeting today and explained the progress which he and his associates have made. Approval was given by council of what has been done and to the proposed steps for completion of the organization. The powers given the commission are very wide and include dealing with naval as well as military supplies. The purchasing facilities of each department of the government will be utilized, but the staff of the director of contracts which now works under the commission will be of the greatest advantage. This means that the staff of the commission itself will not be very large. In a few days the commission will move into commodious quarters.

Mr. Thomas Hilyard of St. Catharines has been appointed secretary of the commission. The fact that he is an electrical engineer and has had experience as a salesman for the Canadian General Electrical Company, and later for Crocker Wheeler Electric Co., make him well qualified for the position.

In spite of criticism in opposition newspapers the commission is striving to perform faithful and well the duties entrusted to it.

Could Not Get Rid of Them Until She Used BURDOCK BLOOD BITTERS.

When the blood becomes impure the first symptoms which manifest themselves are a breaking out of the various forms of skin trouble such as boils, pimples, abscesses, ulcers, etc., and the only treatment you can use is some sort of a good blood cleansing remedy which will put the blood into a perfect condition, and thus eliminate all the different poisons from the system which cause these different eruptions to occur.

The best blood cleansing remedy on the market to-day is Burdock Blood Bitters. All we ask you is to try it and be convinced. Thousands have used it during the past forty years, and have nothing but praise for its curative power. Mrs. John Fitzgerald, Plantagenet, Ont., writes: "I am one woman who cannot speak too highly of Burdock Blood Bitters. I was covered with boils, and could not get rid of them. I was advised by a friend to try B.B.B. which I did, and I am just as good as cured. I am completely cured me. I have never had a sign of a boil since."

See that our name appears on both the label and wrapper as there are many imitations placed on the market which are said to be "just as good."

WAR BUDGET STOPS DECLINES IN REVENUE

Since coming into effect revenues of Dominion have been nearly up to those of Ante-Bellum months.

Special to The Standard

Ottawa, May 12.—The revenues of the Dominion since the outbreak of the war showed very heavy declines as compared with the corresponding months of the previous year until the end of January last. In September, 1914, the loss of revenue was over \$5,000,000; in October \$3,500,000; in November \$4,000,000; in December nearly \$4,000,000; in January nearly \$2,000,000. In the six months from the outbreak of war to the end of January the total loss in the revenue was, over the corresponding period of the previous year, \$18,669,317.81.

The war budget came into effect on February 12, since which date the revenues of the Dominion, although in the war period, have maintained a parity with those of ante bellum months of the preceding year.

For the months of February, March, April and the first ten days of May the revenue of the Dominion has been \$27,055,611.22, as compared with \$27,332,310.92 for the corresponding period of the previous year.

It is clear that the heavy declines in revenue which were being sustained prior to February have been arrested by the provisions of the war budget.

The revenue for the fiscal year which ended on March 31st last was estimated by the Minister of Finance upon the basis of the then existing tariff at \$130,000,000. By reason of the increase in duties upon imports between the date of the budget speech and the end of the fiscal year the revenue will be found to be three or more million dollars in excess of the estimate.

The revenue of the Dominion by months of the fiscal year is shown in the following table:

Feb.	\$9,698,120	\$10,523,344
March	11,688,901	11,641,970
April	9,848,998	9,635,787

So far in May the revenue exceeds that of the corresponding period of last year.
