IMPRESSIVE SERVICE MARKS THE REDEDICATION OF CHRIST CHURCH CATHEDRAL IN CAPITAL

Many Improvements Made in Edifice--New Heating and Lighting Systems -- Foundations Strengthened--Finest Organ East of Montreal--Several New Memorials -- Chimes will Soon Peal Forth Once More--H. R. H. The Duke of Connaught and Party Attended Service Saturday

Fredericton, Aug. 25.—Christ church cathedral was re-dedicated as restored after the disastrous fire which followed when the building was struck by lightning on the night of July 3rd, 1911.

H. R. H. the Duke of Connaught and party and a large gathering of officialdom attended the service Saturday, which marked the opening of the re-dedication festival which extended over Sunday.

There was also a large gathering of clergy from both within and without the diocese present and His Grace the Archbishop of Ottawa, metropolitan of Canada, attended and was the preacher at the service. Representatives of all the dioceses of eastern Canada were present and among all there was a spirit of joy and thankfulness that the disaster of last summer had not been even worse than it was.

Many Improvements Evident.

With a new heating and ventilation system, a new lighting system, the best organ east of Montreal, a number of new memorials in evidence for the first time, the foundations greatly strengthened and the building nearer what its reverend founder, the late Bishop Medley, intended it to be, there were plenty of results shown for the hard work accomplished by His Lordship Bishop Richardson, Very Rev. Dean Schofield and their energetic co-workers in the restoration work. There were no chimes, but all remembered that as a result of the generosity of James H. Dunn, a former New Brunswicker, now of London, England, a check for $8000 had been forwarded to Bishop Richardson by Mrs. J. D. Hazen only a few weeks ago, and that before many more months the chimes and clock would also be restored.

The service Saturday morning marked the opening of the re-dedication festival which continued over Sunday. It was a most imposing service in every way.

H. R. H. the Duke of Connaught was the third Royal brother to attend service at the cathedral. The late King Edward on his visit here in 1860 as Prince of Wales, attended service at the cathedral, and there left a Bible containing his autograph and a few years ago the Duke of Edinburgh was in Fredericton and was present at service at the Cathedral.

It was expected that a new bishop's throne would have been in use at the service, but it did not arrive in time from England. It is being presented by the clergy of the diocese as a memorial to the late Bishop Kingdon. It will be placed at the western extremity of the canon's stalls on south side, and will be within the sanctuary railing.

The New Memorials.

There is also in process of preparation a complete set of service books for the cathedral, but at present the names of the donors are being withheld. There will be a memorial Bible and altar book in memory of the late Mrs. Medley, given by the senior girls' Bible class, and the others will be companion volumes.

The Medley memorial cross was used in the procession, being a memorial to the late Canon Medley, and at the Western end of the south side aisle was seen the Partridge Memorial window, being a memorial to the late Very Rev. Dean Partridge, erected by the past and present members of the choir. Three scenes from the New Testament are shown in the panels and at the top the text, Rock of Ages Cleft for Me, Let Me Hide Myself in Thee, is entwined in the three panels.

The large window in the Vestry is known as the Bailey Memorial Window, having been erected to the memory of Mr. and Mrs. Davery, mother and father of Mrs. L. W. Bailey. It was designed by Miss Laurestine Bailey.

Many othe improvements have been made in the interior. Vestibules have been erected over each door, having been carved by Lewis Perley in imitation of the design on the old choir screen. The heating system has been changed, a complete new steam heating system having been installed. A ventilation system, which will carry off all the bad air up the tower has also been installed and in regard to the heating system, it is interesting to note that the Cathedral now has for the first time a proper chimney. A two branch chimney has been worked out by the architect, DeLancey Robinson, formerly of this city, and now of New York, around the west window by deepening the arch so as to deceive the eye, reflecting great skill.

Spire Now 217 Feet High.

The new system of lighting is by electricity, the old brass standards in the sanctuary and choir having been wired while the nave is lighted from the pilots of the pillars as well as with a number of lights along the sides. The gable end of the nave against the tower has been gloriously illuminated with suitable texts. A heavy English cork carpet has been laid over all the exposed flooring.

Externally the principal improvement is that now for the first time there is a spire in accordance with the original design of the late Bishop Medley. It stands 217 feet high, including the cross, which is 12 feet high, with an arm spread of seven feet. The beauty and solidarity of the tower had been enhanced by the addition of stone gables on each of the four faces rising to a few inches of the pinnacles which surmount each corner. The building has been entirely fitted with lightning rods on each point.

All the stone tracery outside and the stone work inside has been renewed and a series of inverted arches worked out by the architect and L. Lee Street, the engineer, of Boston, and thereby the foundations have been strengthened.

The New Organ.

The new organ was used for the first time and music lovers declared it the best east of Montreal, for sweetness of tone and variety, having cost $12,000.

The new instrument is divided; in the north transept are the great organ, swell, choir and pedal organs, while in the south transept is the echo organ, which can be used separately or antiphanally, also in the console. The echo organ is entirely new.

The action of the new instrument is electrical in operation by means of a storage battery for Sunday morning, while the one destroyed in the fire operated on the pneumatic principle.

The Service.

There was an unusually large attendance of official personages at this morning's services, admission to the cathedral being by ticket, and it was difficult to handle the large crowds

On the arrival of the Royal party at the cathedral, Bishop Richardson and Very Rev. Dean Schofield proceeded to the west door, where Their Royal Highnesses were passing through two lines of Boy Scouts. Finally the distinguished guests were escorted to their seats, the first three pews on the right having been reserved for the Royal party and for Lieut. Governor Wood and staff, and the service commenced.

Following the organ prelude, the service opened with the procession of clergy and vested choir from the three vestries down the southern aisle and up the centre aisle. Rev. Edward Hallstone, curate of the cathedral, acted as director of ceremonies, and the processional hymn was, Lift the Strain of High Thanksgiving.

Bishop's Chaplain, carrying the Pastoral Staff.
The Right Rev. the Lord Bishop of Fredericton.

The Order of Service.

The order of Morning Prayer as far as the Benediction then followed. Very Rev. Dean Schofield taking this part of the service.

The Venite by Ouseley was followed by the two Proper Psalms cxxxiv. and cl., the Chants by Elvey and Humphreys, respectively, being those used.

The First Lesson was read by Rev. Dr. T. W. Street, Sub-Dean, the oldest minister in the Diocese, and who was present at the consecration of the Cathedral in 1853. The lesson was taken from Israel ix: 10-19. The Te Deum by Sweet was followed by the Second Lesson from Hebrews x: 19-26, and the Benedictus by Fox.

Bishop Richardson the Celebrant.

At the Holy Communion service Bishop Richardson was the celebrant, the Kyrie and service being by Eyre.

Instead of the Collect for the day the following special Collects prepared by Bishop Richardson were used:

"O Most Beloved Saviour who by Thy gracious presence at the Feast of Dedication didst approve such religious services, be pleased so to possess our souls by Thy grace that we may be living temples, holy and acceptable unto Thee, and being cleansed from all carnal and corrupt affections, may be devoutly given to serve Thee in all good works, who livest and reignest with the Father and the Holy Ghost ever one God world without end. Amen.

"O God who art the giver of all gifts which are to be consecrated unto thee, be pleased in thy goodness to be present for the sanctification of this Cathedral; that we who have restored it in honor of thy name may be enabled always to look to Thee for help and guidance, through Jesus Christ our Lord. Amen."

The Epistle, which was taken from 1 Cor. III., was read by Sub-Dean Canon White, of St. John's Newfoundland, and the Gospel, St. John 11: 13-18, was read by the Bishop of Nova Scotia.

The Creed was monotoned and the hymn before the sermon was The Saints of God Their Conflict Past.

THE SERMON.

The preacher was the Most Rev. Dr. Hamilton, the Lord Archbishop of Ottawa, who was consecrated in Christ Church Cathedral in 1885, and has not since visited Fredericton until this occasion. He took as his text the following:

Ephesians i. 23: The Church which is His Body, the fullness of Him that filleth all in all.

And Ephesians v. 30: We are members of His Body, of His flesh and of His bones.

His Grace preached an eloquent and forceful sermon, which was heard by the congregation with wrapt attention throughout.

At the conclusion of the sermon, while the offertory was being taken up, the anthem, "I Was Glad," by Higgs, was rendered by the choir, followed by the Doxology. During the Communion the hymn, "And Now, O Father, Mindful of the Love," was sung and immediately before the Benediction, the following special prayers were said by Bishop Richardson, who had prepared them:

"O, Lord, who of Thy great goodness didst cause this church to be dedicated to Thy name, as a dwelling for Thine honor; and has since, in Thy wisdom, suffered it in part to be destroyed; we give Thee humble and hearty thanks for that Thou hast enabled us to rebuild it to Thine honor; purify and hallow it anew with the visitation of Thy Holy Spirit; cleanse it from all defilement and desecration; and grant that we, whose Cathedral Church it is, may be builded together for an habitation of God through the Spirit; and this we ask for Jesus Christ's sake. Amen.

"O, Most Glorious Lord God, we acknowledge that we are not worthy to offer unto Thee anything belonging to us; yet we beseech Thee, in Thy great goodness, graciously to accept of our renewed dedication of this place to Thy service, and to prosper this our undertaking; fill us, we beseech Thee, with an awful dread of Thy divine majesty, and with a deep sense of our unworthiness; that so approaching our sanctuary with lowliness and devotion, and coming before Thee with clean thoughts, pure hearts, bodies undefiled, and minds sanctified, we may always perform a service acceptable unto Thee, through Jesus Christ Our Lord. Amen."

At the conclusion of the service the choir sang the anthem, Glorious is Thy Name, by Mozart, the recessional hymn being, The God of Abraham Praise.

The festival in connection with the re-dedication of the cathedral continued over Sunday. There was an Evensong Saturday evening at 7.30 o'clock (without sermon) and the order of services today follows: Holy communion, 8 a. m.; morning prayer, 10.15 a. m.; Holy communion and sermon, 11 a. m.; organ recital, 4 p. m.; evensong and sermon, 7 p. m. The preacher at the morning service was the bishop of Nova Scotia, and the bishop of Fredericton in the evening.

Montana Clergyman Here.

Rev. W. S. M. Raymond, of Montana, occupied the pulpit of St. John (stone) church, at the morning service yesterday, and preached an interesting sermon. Mr. Raymond is a forceful preacher, and he made a splendid impression upon the large congregation which attended the service. He is a native of St. John, and a brother of E. P. Raymond, barrister of this city. He graduated from the University of New Brunswick and spent some time in Maine before going west.

Home From Fredericton.

Rev. G. A. Kuhring has returned from Fredericton where he attended the Saturday services in connection with the opening of the cathedral. D. Arnold Fox, who took part in the musical service, will return home today.

Sorest Corn Removed Without Pain, Quickly

No wonder Putnam's Painless Corn Extractor sells so well. You see it is different from any other remedy you have ever used. Does not merely relieve the pain temporarily, but is guaranteed to remove the meanest, sorest corn or callous no matter how long it has bothered you. Get a 25c. bottle of "Putnam's" today and prove it. The name tells the story—Putnam's Painless Corn and Wart Extractor which is sold by druggists.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

LONGSHOREMEN'S PRESIDENT WILL BE HERE TODAY

President J. V. O'Connors will Spend Some Days Looking Over Situation—To Organize Coal Handlers.

T. V. O'Connors, general president of the longshoremen's international union, is expected to arrive here today, and will remain some days and look over the situation presented by the desire of the union men to secure higher wages. This evening he will assist at an organization meeting of the union. It is understood a mass meeting of all the workers of the port will be called in a few days to consider steps to complete the organization of a harbor council and improve the condition of the men. The grand president will probably be present and address this meeting.

Within a short time unions of the coal handlers, dredge workers and tug boat firemen have been formed here, and a movement is in progress to organize other classes of workers on the harbor. These three new organizations are affiliated with the longshoremen's union. It is expected that the railway freight handlers will affiliate with the council of harbor workers.

He Is Still Silent.

Commissioner McLellan stated last evening that there was nothing new in connection with the police investigation which he could give out for publication.

The News in Short Metre

LOCAL.

Vital Statistics.

During the week ending on Saturday 13 deaths were reported to the authorities. There were also 11 marriages and 7 births, 4 females and 3 males.

Theft at Westfield.

On Friday night between 12 and 1 o'clock Frederick Lane's home at Westfield was entered and a satchel, a silver watch and $5 stolen. The satchel was later found on the roadside. It was believed the thief was working his way toward St. John, but up to last night there was no trace of him.

North Market Street Burglary.

Burglars entered Harry McFarlane's store on North Market street on Friday night and smashed a plate glass window. The cash drawer was rifled, but fortunately Mr. McFarlane had left no money in it, and the burglars got nothing for their pains.

Police Court.

In the police court on Saturday morning William "Gunner" White was further remanded. Several drunks were disposed of.

GENERAL.

Yeggmen in Montreal.

Montreal, Aug. 24.—Expert yeggmen entered the office of the McLaurin Lumber Company at Lachine, on Friday night, bound and gagged the night watchmen, emptied a fusilade of revolver shots at pursuing police, rifled the desks and blew open the safe. They secured about $60. The yeggmen made good their escape.

Fatal Accident in Tunnel.

Montreal, Aug. 24.—One man was killed and another fatally injured early this morning, while at work in the excavation for the Canadian Northern Railway tunnel. The two men were at work in excavation 50 feet below the ground along with six others, when one of the big tubs that hold two tons, used for hoisting the earth to the surface, fell into the excavation. One of the six workmen had not time to get out of the way when the big tub came tumbling down, but was crushed to death under it, while another sustained internal injuries that may prove fatal.

Dr. Morse's Indian Root Pills

are made according to a formula in use nearly a century ago among the Indians, and learned from them by Dr. Morse. Though repeated attempts have been made, by physicians and chemists, it has been found impossible to improve the formula of the pills. Dr. Morse's Indian Root Pills are a household remedy throughout the world for Constipation and all Kidney and Liver troubles. They act promptly and effectively, and
