

CUTS WIFE'S THROAT, THEN SLASHED SELF

Giovanni Girono Dead and His Wife in Critical Condition.

TRAGEDY ENACTED IN PUBLIC STREET

Daughter Saw Father Pacing Sidewalk With Blood Pouring from Wound.

Montreal, April 3.—Giovanni Girono is dead and his wife, Dominica Testa, lies in a critical condition at Notre Dame Hospital as the result of the former's crazed deed, when yesterday afternoon he first slashed his wife's throat with a razor, then used the weapon on himself. The tragedy took place on Cartier street near the corner of Sherbrooke street at 3.20 o'clock, in sight of the couple's home, at 361, Cartier street.

No one witnessed the affair, which took place on the east side of Cartier street, opposite a vacant lot. According to the meagre information obtained by the detectives from the woman, her husband and herself were walking towards their home when, pulling a razor from his pocket, he slashed her neck and then turned the weapon against his own throat.

Took Refuge in Shop.

Mrs. Girono ran across the street and took refuge in Hector Beauregard's grocery shop, 333 Cartier street, where she collapsed. The man followed her and paced the sidewalk in front of the shop.

Carolina Girono, daughter of the couple, was then walking towards the shop and seeing the man, whose throat was bleeding freely, cried: "It's father, it's father!"

H. B. Peters, a commercial traveler, who was in the office of A. Bonaldi's boot and shoe factory near the door, attracted by the cry, ran out and tried to detain her, but the girl ran past her father and rushed into the grocery shop, where she embraced her mother.

Mr. Peters telephoned for an ambulance from the Notre Dame Hospital and notified Lieut. Lariviere of the Frontenac street station, who sent Constables Faubert and Arcand to investigate.

Affected by Son's Death.

Dr. N. Bochner, of 1087 Sherbrooke street east, had been called and gave first aid to the woman. Girono, during this time, had continued pacing the sidewalk until the arrival of the constables, who disarmed him and administered first aid. Taken to the hospital Girono died as he was being carried to the operating room.

The Detective Office were notified and Sergt. Mercier, with Detective Charbonneau, went to the scene. Carolina Girono told the detectives that her father and mother had been living in very good accord. A younger brother had died recently and since that time her father had been acting queerly. She believed that the child's death had preyed on her father's mind to such an extent as to render him irresponsible.

When taken to the hospital, Girono was in a semi-conscious state, although he had appeared to bear his wound stoically. His wife was operated on immediately on arrival at the hospital, and it was reported last night that she was doing fairly well. The doctors hope to save her life.

Girono was 40 years of age. His wife is 42 years of age.

U. S. Steel Plant Makes 20 p.c. Reduction

Eight Hour Day Will Also be Inaugurated at Gary, Ind.

Gary, Ind., April 3.—A twenty per cent reduction of wages and the eight hour day will be put into effect by the United States Steel Corporation about the middle of this month, according to unofficial notices from the local offices this afternoon. About thirty thousand men are employed in the company's plants when they are running full time, but it is not known just how many men are at work just now. Installation of the eight hour day would mean that ten thousand additional men would be required to run the plants at full speed.

Grand Trunk Fails In Bond Payments

Montreal, April 2.—At the offices of the Grand Trunk Railway it was stated today that a report that the company had defaulted on certain bond payments in London was correct. The amount of this default is inconsiderable, it was stated, but the fact that the company had been compelled to default on payment brought up the principle and it is expected by those in close touch with the situation that a climax in the matter of the Grand Trunk finances and arrangements will be reached tomorrow or Tuesday.

Turks Are Advancing

On Constantinople, April 3.—Kazim Karabekir, commander of the Turkish Nationalists in Armenia, with his army of "Salvation" is nearing Sevan. A dispatch from Constantinople last week said Karabekir had led 20,000 troops, was making a forced march from Armenia to aid Mustafa Kemal Pasha.

Spring Six Day Bicycle Race

Thirteen Teams Started in Chicago Last Night at Dexter Park Pavilion.

Chicago, April 3.—The spring six-day bicycle race, with thirteen teams representing countries of Europe and North America competing, began tonight at Dexter Park pavilion.

Three sets of sprints will be in each 24-hour period, and the final hour of the race next Saturday night will be entirely sprints, each being one mile in length.

The teams starting with the city or country of each rider were as follows: Kaiser and Eaton, claimants to the world's championship, New York.

Madison-Magin, winners of the last six-day race here, New York.

Hill-Spencer, United States-Canada.

Hiran-Miziamonos, Ireland.

Loman-Weber, Germany.

Corry-McCraith, Australia.

Kockler-Hanley, Chicago-San Francisco.

Madonna-Bellow, Italy.

Kavanaugh-Keller, United States.

Stein-Gaffney, Brooklyn.

Osterritter-Ryan, Berlin, Dublin.

Rahens-Degraves, Belgium.

Konsky-Walkor, Bohemia, Tasmania.

Spring Flowers On Burroughs' Casket

Great Naturalist Buried in the Catskills on Eighty-Fourth Birthday.

West Park, N. Y., April 3.—In the presence of friends who had gathered from all parts of the nation simple funeral services for John Burroughs were held here yesterday afternoon at River-By, the home of the famous naturalist, Henry Ford, Thomas A. Edison, Harvey S. Firestone and other friends of Mr. Burroughs listened to the brief service concluded by Rev. Franklin C. Elmer, of the Collegiate Baptist church, near Colgate University. In addition to Scriptural readings, passages from the works of Wordsworth, Emerson and Walt Whitman were repeated. Singing of a oracular song was a feature of the service.

Covered With Spring Flowers. Mr. Burroughs' bier was subscribed with the springtime flowers of nearby fields where he had often walked in place of orchards, roses and other flowers of the greenhouse, violets, daffodils and hepaticas had a conspicuous place.

Many children from the country side had been on intimate terms with the aged naturalist, and among those present at the funeral, The Holy Cross monastery and a Roman Catholic convent, both near by were also represented.

Burial will take place today at Woodchuck Lodge, Mr. Burroughs' birthplace in the Catskills, on the 84th anniversary of his birth.

Brindell As Convict Will Wield Shovel

New York, April 3.—Robert P. Brindell, once czar of the building trades unions, but now under sentence to serve a prison term because of his conviction of extortion, will handle a shovel or a rake when he reaches Sing Sing tomorrow to begin his five year term. It was said at the prison last night that Brindell would be put to work in a road mending gang.

As is done with every newly arrived prisoner, Brindell will be given a leopold and will not be allowed to roam around inside the enclosure. If Brindell obeys the rules in these first two weeks the privileges given to the other convicts will be permitted.

'Quake In Salvador

San Salvador, Republic of Salvador, April 3.—The earthquake shock felt here on March 25 had its focus 160 kilometres from here, according to the directors of the seismological observatory. It was felt in a southeasterly direction along the Gulf of Fonseca, reaching the peak of its intensity in southwestern Guatemala.

The occupation of a chauffeur, who is also a competent mechanic, is now as highly specialized as a locomotive engineer.

HIGHWAY PROBE JUDGMENT OUT

Hon. Mr. Wickwire is Exonerated of All Blame in Road Work.

Halifax, April 3.—Hon. H. H. Wickwire, minister of highways is exonerated.

Mr. W. C. Clarke, former chairman of the highways board was not 0/27 in his duty, and evidence showed that he was actively promoted a situation of antagonism between the minister and the board.

W. F. Clarke, former assistant chief engineer and in charge of construction in the field, was the main cause of the difficulties which necessitated the investigation, having wholly failed in his duty, and evidence showed that it was his intention that work from the outset should be carried on in the interest of the contractors.

Too Much Work. Mr. W. J. Boland, chief engineer, had too much work and responsibility placed upon him, is honest and truthfulness and his capacity as engineer was not questioned.

The imperial road was begun with out proper authority, but the chairman of the board had given his assent for the acceptance of the contractors' tender.

The contractors were overpaid, but the responsibility for over payment should not be thrown on the minister or the provincial auditor.

Claims Operating Costs Too Great

Railway Man Declares Labor Not to Blame for Deficit on C. N. R.

Ottawa, April 3.—Asserting that wage increases to employees of Canadian National Railways have approximated only 16 per cent, while operating revenues has increased nearly 19 per cent, Mr. A. R. Mosher, grand president Canadian Brotherhood of Railway Employees has issued a statement in which he maintains that the attempt to fix the blame upon labor for the huge deficit in the operation of government railways has operationally failed.

Mr. Mosher's Objection. Mr. Mosher points out that Hon. Dr. Reid, in his speech in the House on the railway situation in which he declared that seventy-five cents of every dollar earned went to meet wage bills, omitted to mention that the ratio of labor costs to gross revenues is controlled entirely by the earnings of the railroad.

Mr. Mosher suggests in order to improve the situation, the creation of a national system of co-ordination of operation of trains on parallel lines, and the taking of employees into full confidence of the management in all matters pertaining to the operation of the system.

When the employees are given a directing voice in the management of the national lines, he added, many valuable suggestions would be forthcoming.

GREEK CABINET CHANGES

London, April 3.—The departure of King Constantine for the Greek fighting front in Asia Minor and a change in the Greek premiership, by which M. Gonnaris, the minister of war, succeeds M. Kalogeropoulos, at the head of the government, are reported in semi-official Athens advices received here. King Constantine was accompanied by Prince Nicholas and Prince Andrew, it is declared in the advices which quote the semi-official organ Protevas.

DIED.

MUNRO—Suddenly on Sunday morning April 3rd, 1921 at her late residence 278 Douglas Avenue, Florence, beloved wife of Fred W. Munro.

DUKE OF DEVONSHIRE.

Regina, Sask., April 3.—Paying his last official visit to Regina in his official capacity as Governor-General of Canada, His Excellency the Duke of Devonshire, accompanied by the Duchess and the vicar royal party, arrived in the city yesterday and were accorded a cordial welcome by representatives of the government, civic and military authorities.

France is credited with having the finest system of keeping roads in repair in the world.

IRISH OUTLOOK SPREADING INTO ULSTER RAPIDLY

Conditions Said to be Better But Warfare Goes on Unchecked.

FEAR SWEEP OF SOUTHERN AREA

Premier Lloyd George Admits He Has Failed to Solve the Problem.

(Continued from Page 1.) Government circles do not conceal their anxiety over the prospect that the Sinn Fein will sweep Southern Ireland and win an overwhelming majority of the seats in the Southern Parliament. With the Nationalists and Sinn Feiners co-operating in the North the task of establishing the Ulster Parliament is recognized as fraught with political hazards. Many persons continue to express the belief that the Government will abandon its attempt to establish the parliament and endeavor to arrange a truce before the date of the elections.

It is confidently asserted here that the Sinn Fein would be willing to negotiate on the basis of a status of a full dominion. A rumor that the Daily Express has appointed a commission to negotiate with foreign enemy countries is denied.

Expect Long War. The Irish Labor Party tomorrow will issue a long manifesto, in which the declaration will be made that the Labor leaders assume that the "state of war" will continue for a long time. The manifesto will suggest a war programme for the Irish Labor Party.

Pointing out that 100,000 or one in each six workers are unemployed, the Labor Party adopts the Daily Express "democratic programme and proposes in addition a moratorium suspending all land rents and purchase annuities. Ten per cent of this money should be collected by the national authorities and applied to the mitigation of the hardships of the people, says the manifesto.

The party proposes a campaign of manufacturers, traders and consumers for protection of Ireland's manufacturers and declares that the Labor Party frankly avows protection as essential to the foundation of an Irish industrial revival but the protection must be for the interest of the workers.

"We must free ourselves from the tolls of competition of the individualistic system, or be compelled to suffer the consequences attaching thereto, which will inevitably fall with the greatest force upon the working classes," the manifesto will say.

Would You Advise Me to Take Nuxated Iron?—I Am Weak

NERVOUS, and "ALL PLAYED OUT" after my day's work, but times are "hard" and money scarce and I do not want to spend a cent that is not absolutely necessary.

In "hard times" it is more difficult to make MONEY and "GET AHEAD" than in good times, you, therefore, require MORE PHYSICAL AND MENTAL VIGOR, STRENGTH, and endurance in "hard times" to help you overcome the numerous difficulties, obstacles and stumbling blocks you are bound to meet.

Now as to taking Nuxated Iron, what would YOU SAY a man should do if he had WEAK LEGS or no legs but had to get his food by running after it—would you advise him to get a pair of good strong legs if he could do so? The case is not exactly parallel but IF YOU REQUIRE MORE BODILY AND MENTAL VIGOR to get ahead in "hard times" then isn't it good economy to purchase anything you can which helps make you stronger?

endurance you need to get ahead and overcome obstacles, by all means try NUXATED IRON. NUXATED IRON, often increases the bodily and mental vigor of weak, tired, worn-out, nervous people in two weeks' time. It's like the iron in your blood and like the iron in spinach, lentils and apples. You can eat it if you wish. It will not blacken or injure the teeth, nor disturb the stomach—it is entirely different from ordinary metallic iron which people usually take and which is made merely by the action of strong acids on small pieces of iron.

In addition to organic iron, Nuxated Iron also contains a product which represents the principal chemical constituent of ACTIVE LIVING FORCE for feeding the nerves. It may, therefore, be said to be both BLOOD and a NERVE FOOD. Over 4,000,000 people are using NUXATED IRON annually.

Beware of substitutes. Look for the word "NUXATED" on every package and the letters N. I. on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. At all drugstores.

Indoor life, overeating, household drudgery, gripping, galling worry and nervous strain are sapping the iron and thereby the very life, from the blood of thousands of men and women. We do not advise what to do, in individual cases as this is the province of the physician but we do say that if you lack sufficient iron in your blood to give you the strength, energy and

welcome from the Irish to the mild Tory partisan . . . For fifteen years the new Viceroy has been the principal organizer of the anti-Irish forces in England."

Hot Welcome For Viceroy To Irish

Dublin, April 3.—The Freeman's Journal, commenting today on the appointment of Lord Edmund Bernard Talbot as Lord Lieutenant and Governor General of Ireland in succession to Viscount French, says it is to be claimed as a recommendation that Lord Talbot is a Catholic. The newspaper adds: "But it is an insult to Irish intelligence to think that fact will ensure a

NO SUNDAY FREIGHT

Portland, Maine, April 3.—As a measure of economy, the Maine Central Railroad moved no freight trains on its system today. Work in the yards was suspended for the day.

Why the Railroads Value Surface Protection

It is not for the sake of appearance alone that the thousands of freight cars and Pullman and passenger coaches in Canada receive frequent coats of paint and varnish. Hard and constant wear, continuous movement, daily exposure to the varying elements—these, and many other causes, make the protection of railroad property, through the application of Paint and Varnish, an economic necessity. Both exteriors and interiors of railroad cars, stations and other railroad equipment must be properly protected in order to last.

This is equally true of practically every other manufactured article in daily use. It is true of your own home. Surface protection is essential to the life of almost all materials. Save the surface and you save all.

THIS ANNOUNCEMENT is issued by the Canadian Save the Surface Campaign Committee, for the purpose of educating the public in the Preservative and Protective value of Paint, Varnish and Allied Products for the Conservation of property, and has received the approval of the Canadian Trade Commission in the following words: "The realization of the above objects will lead to employment during the Reconstruction Period, and bears our entire approval."
