

Buy Your Clothing Now

There never was a time when **BUYING NOW** meant more than it does at the present moment. For the past two seasons buying early meant a saving in price, this season it not only means a saving in price but if you wait too long you may not get anything at any price.

There is almost a famine in overcoats, coat sweaters and underwear, the demand is much larger than the supply. Factories are unable to procure enough help hence the shortage.

Time is not going to improve matters, we do not expect to have better stocks this season than we have at present, so our advice is get in now and do your buying.

Women's and Misses Coats and Suits

\$27.50 to \$79.00 and \$17.50 to \$54.50

They would usually sell for far more than we are asking because these are really very smart styles to suit almost every preference. Dolman lines are favored throughout this assortment. A few are plain, depending on their fabrics, tailoring and style for favor, while others boast beautiful, foulard patterned silk linings. Some have collars of Sealette or Fur and still others have huge draped collars of self fabric. Every garment in this selling is either half or full lined.

To examine these values will be to your advantage and as size ranges are broken and these extremely favorable pricings indicate immediate clearance, an early visit will prove most profitable.

GUELPH "AGGIES" HERE SATURDAY

ST. JEROME'S RUGBY TEAM TO CLASH WITH ROYAL CITY AGGREGATION.

With good football weather prevailing Kitchener fans will be assured one of the most interesting sporting attractions of the fall season, when St. Jerome's meet the Guelph O.A.C. on Saturday afternoon at Victoria Park.

On the occasion of their last meeting, in 1917, in a series of home and home games, the local lads scored the "Aggies" by a small margin. Both teams are determined to win this game and a good brand of rugby is promised for Saturday's gridiron exhibition.

The Guelph aggregation will be the same as that which has so successfully represented O.A.C. in the intercollegiate series of the past two weeks. It will be in the best of condition for their game here. In view of this fact the green and gold have been practicing faithfully for the past two weeks and will take the field confident in their ability to again down the Guelph fourteen. Cutler, the diminutive half back whose punting and ability as a ball carrier was a feature of the local team's success, two seasons ago, will again be found at centre half, and his presence should serve to enhance the home team's chances for victory. He will be ably assisted in the backfield by Ryan and Harrington, whose playing has been one of the mainstays of the team this fall. This trio will be supported by a strong line which, with "Harry" Brick, a Kitchener boy, at flying wing, is as formidable as could be desired and should more than hold its own with such five players as Kennedy and Calvin, whose work in an exhibition game at Dundas on Thanksgiving, was the subject of much favorable comment on the part of some members of the Hamilton Tigeers.

As this will probably be the last rugby game of the year here, the sporting public should not miss the opportunity of viewing what promises to be a good exhibition of the fall pastime. Play will commence at 2.45.

RED LETTER-DAY OF GRID.

New York, Nov. 7.—The most pretentious schedule of the 1919 football season is due to be carried out to-morrow. More important football battles are scheduled for the gridirons of the west, east and south than on any other day throughout the campaign. On the eastern main are such rich dishes as Princeton vs. Harvard, Yale vs. Brown, Dartmouth vs. Pennsylvania, and Pittsburgh vs. Washington and Jefferson. Notre Dame comes east to clash with the Army eleven, while Penn State will line up against the unusually strong Lehigh team.

Chicago and Michigan, pioneer rivals in western football, will clash on Stagfield, Illinois will journey to Minneapolis to meet the strong Minnesota eleven. Northwestern will tackle Iowa

at Evanston, and Purdue will take on Ohio State.

Georgia Tech, the ruling eleven in the south, will meet Washington and Lee, one of the most formidable elevens of the South Atlantic territory. Virginia, another coastwise eleven, will go to Athens, Ga., to do battle with the University of Georgia. Vanderbilt will meet strong opposition from the University of Alabama, while in other sections of the country there will be numerous contests of more than local interest and which will go far toward deciding the regional championships.

Unless the American League makes a satisfactory disposition of the Czar Mays case it is likely to have another one on its hands next season, as Babe Ruth, champion home run hitter of the major leagues threatens to emulate the pitcher who has stirred up the worst mess the B. B. Johnson circuit has ever had. Ruth at present is in California and from there comes a story that he does not intend to sign with the Boston Red Sox again unless he is given a new contract calling for \$20,000 a year despite the fact that his old agreement has two years to run.

M. A. A. Hope for Victory. There will no change in the lineup of the Montreal team against Hamilton. The players who started against Ottawa last Saturday will start again on Saturday, with the exception of Davidson, who will be replaced by Laws. A strong line of substitutes, including George Draper and George Duckett, will make the trip to Hamilton.

The M. A. A. players accompanied by a good following of members leave this evening taking back with the championship from Hamilton. A victory will give M. A. A. the title, while a win for the Tigers will give the honors to Hamilton providing in either case, that the Argonaut protest is disallowed.

The New York Tribune says that the major baseball leagues are on the eve of the greatest upheaval in their history and that certain major magnates dissatisfied with conditions are planning to start a new major circuit, including among other cities, Montreal, Toronto, and Pittsburgh. Local millionaires are said to be ready to buy the present Cleveland and Detroit clubs and failing of this to start rival clubs in these cities.

Heavyweight material competent to oppose Jack Dempsey champion of the world is to secure in United States that Jack has little or no chance to defend his laurels, but he may have an opportunity soon of showing that he is a real champion if he will consent to a match with Joe Beckett, of England, without demanding too big a purse. EVERYONE SHOULD DRINK HOT WATER IN THE MORNING

Wash away all stomach, liver, and bowel poisons before breakfast. To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headaches, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do. To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food. Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES
If you have Catarrhal Deafness or are hard of hearing or have head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1/4 pint of hot water and a little granulated sugar. Take one tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

latzer is scheduled to meet George Carpentier next month before the National Sporting Club of London and according to Britons there is no doubt as to the result, as Bookett is the greatest heavyweight that country has produced in years. Critics there look upon him as the coming champion of the world and declare his recent contest with Eddie McGoory stamps him as a wonder and the one man who is the logical candidate to clash with Dempsey.

A FEW SPARKS

Galt, during the past year had a decrease in population. The reason given is that many foreign families have left the city. We did not think the city was so unattractive that so many people would run away from it.

The old Wellington, Grey and Bruce railway which was operated for a few years several decades ago is recalled, by the possibility of the proposed Hydro Electric Railway, limited to Hamilton, using the old route of that line between Preston and Blair district.

The necessity of getting more industries here which employ male help is apparent when the acute demand for male help is considered. For example, the carpenters that the cash company which has decided to locate in Bramford some months ago when its representatives were here decided absolutely and finally that they could not locate here, no matter what the inducements, owing to the shortage of female help.

December 1st is the limit of the time allowed, competing architects for submitting plans of the proposed new collegiate and technical school building.

The 168th bandmen are requested to be at the hall at 7.15 this evening for the victory loan parade.

Last evening the Fats and the Leans of the Knights of Columbus had a treat at indoor baseball at St. Jerome's gymnasium. Malleck and Rooney were the batteries for the Fats and Fehrmach and Cooper for the Leans, who won 9 to 8. On Monday night the next workout will be held by the K. of C.

While two of the new street cars purchased from the Cleveland Street Railway by the local Commission have been put into shape the stoves must first receive attention before they can be put on the line.

The white point on West King St. blocks is brightening the west end of the business section of the city.

Smallpox Spreading
Dr. McCullough, provincial health officer, stated yesterday that the smallpox epidemic in Ontario appeared to be the worst at Woodstock, Stratford, St. Catharines, Woodbridge and Mount Dennis, although the widespread demand for vaccine clearly indicated that the disease was fairly widespread. It was stated last night that Toronto had 95 smallpox cases on its hands.

OTTAWA, Nov. 8.—Immigration to Canada from all countries increased in September of this year by 289 per cent, in comparison with the same month in 1918. Nearly all the new arrivals this year come from the United Kingdom and the United States. From April to September, 1919, the total number of persons from the United Kingdom entering Canada was 2,297, from the United States 21,580, and from other countries 3,457, making a combined total of 68,934.

Building permits will number more this month than last, if the present rate of issuing them it kept up. Mr. W. H. Brithaupt, C.E., chairman of the City Planning Commission, will attend the Waterways Convention in Windsor on Nov. 15th and 16th, having been nominated to act as the delegate from this city.

TO RING BELL
Mayor Gross to-day stated he would probably have the bell rung on Tuesday morning, at the proper time, to remind citizens of the first anniversary of armistice day.
