AN CONFERENCE TWO  
SITTING FINISHED

ntal Conference of the Can-  
ad adjourned yesterday af-  
t 5 o'clock, after being in  
St. Matthew's Church for

At the close of the Con-  
vocate of thanks was adopt-  
the hospitality which the  
pastors enjoyed with the  
f. Kitchener. The Confer-  
meet again next September  
et yet to be determined.

deal of time was spent  
in the consideration of the  
f. Visitation presented by the  
Klaehn on behalf of the  
committee. These articles  
considerable revision at the

the Conference. The action  
d chiefly by the Rev. H.  
of Hamilton. During the  
Prof. O. Lincke of the Walm-  
inary led a very profitable  
a on the 20th Chapter of  
k of Revelations in which  
the pastors participated.

evening a missionary service  
in St. Matthew's Church  
Rev. H. Mosig. The Rev.  
Maass preached a very force-  
ful in his usual masterly style

ON GOOD RESIDENTIAL  
STREET.

Gold Soap is the best cake of yellow  
laundry soap you can buy. It is  
also the biggest cake. Compare it  
with any other cake at the price,  
you'll see it is bigger. Use it once and  
you'll continue to use it. Remember  
the name and the wrapper so that  
you'll be sure to get the right thing.

Gold Soap is made in the Procter & Gamble Factories  
at Hamilton, Canada

# Letters to NewsRecord

## SUGGESTION REGARDING MT. HOPE.

To the Editor: As the cemetery  
question is to the fore just now, may  
I make a suggestion that came to my  
mind the other day?

I had a friend in and told her my  
idea. She said "That's worth some-  
thing. Send it to the Record. So  
with your permission I will give it."  
Get the land for the new cemetery.  
Take up all the head stones at the moun-  
tains etc., and place them in the new  
plot.

Leave the bodies where they are.  
Many of them are already one with  
mother earth. Level and seed the  
ground; plant trees, flowers, shrubs  
and make it into a Park for all time.  
What a boon it would be for all that  
portion of the two cities! A resting  
place for the weary; a place for quiet  
meditation.

And I would also suggest Memorial  
Park as the name.  
I believe if we could voice the  
opinion of those who have only left  
their discarded tenements there, they  
would favor such an idea. This may  
shock some but this idea was carried  
out in Galt.

Those who have visited St. Andrews  
Park there will be told that at one  
time a church stood on the hill with a  
graveyard about it. Now it is a  
park and the gravestones were erected  
in what is called a "Pergola" and a  
very unique affair it is. In the Dauter-  
ter of the Enrie.

## OTHER METHODS OF TAXA- TION BY DOMINION GOVERN- MENT ARE REGARDED AS LIKELY

Ottawa April 29—The budget  
speech is expected by the middle of May  
it is understood that it will be deliv-  
ered around that date whether or not  
Sir Robert Borden is home. The pres-  
ent indications are, however, that he  
will have returned by that time.

What the speech will contain is of  
course, only a matter of speculation  
but always it is divided into three parts  
—a review of the financial situation  
the question of any special taxes and  
finally the tariff. The financial condi-  
tions which obtain in the country al-  
to go to support the theory that consid-  
erable extra taxation will of necessity  
be levied in the coming session. Seem-  
ingly it is the only way of making ends  
meet.

The Fixed Charges.

The fixed charges now are nearly  
equal to what was the total debt when  
war began. At that time it was \$337,  
000,000 with interest charges of \$12,  
000,000. Now it is between \$1,500,000,  
000 and \$2,000,000,000 while interest  
charges aggregate \$75,000,000 and  
pensions \$25,000,000. Other fixed  
charges for general carrying on purposes  
bring up the aggregate to about \$300,  
000,000. This year the main estimat-  
es total \$425,000,000 and the war  
vote \$350,000,000 while the supplemen-  
tary estimates are yet to come.

It has been calculated and so stated  
by ministers, that between revenue and  
necessary expenditure there is a short-  
age of \$100,000,000. New means of  
taxation to raise the money will,  
therefore, have to be devised and the  
process of working out ways and means  
is now under way. Incomes are likely  
to be taxed more than hitherto and  
special taxes of other kinds imposed.

The Tariff.

So far as the tariff is concerned there  
is no indication as yet that it is consid-  
ered less major to speculate, but it is ap-  
parent that industry is not hampered  
by any great uncertainty. A few  
weeks ago there was an element of it,  
but now wheels are everywhere moving  
and industrial prosperity is in full  
swing. It is evident that the manufac-  
turers expect or think they have reason  
to expect no tariff adjustments this  
year of a character to lead to instabil-  
ity. A revision however, is about due  
and very probably it will occur before  
the next session.

In the meantime the changes looked  
for by the manufacturers are not ex-  
pected to be at all far reaching. For  
that conclusion there is considerable  
justification from the intimations given  
at the special caucus on the tariff a  
few weeks ago.

SUGAR BEET SEED SHORTAGE  
FORECAST

Washington D.C., April 30—A  
serious shortage of sugar beet seed  
for the spring of 1921 unless ar-  
rangements are immediately made  
by beet sugar companies is indicated  
representative of the U.S. department  
of agriculture in the Netherlands.  
Taken in connection with information  
regarding stocks on hand and  
contemplated plantings the situa-  
tion is serious. Shortage of sugar  
beet seed in Europe and increased  
activity in beet sugar production  
there will require a large part of  
European beet seed.

Present indications are that there  
is sufficient sugar beet seed now in  
the hands of the beet sugar com-  
panies in the United States to take  
care of the acreage to be planted in  
1921. For 1920 there is a present  
shortage of from 23,000 to 40,000  
bags. This is being met through  
importations in order to provide  
sufficient seed for a normal plant-  
ing next year.

Dutch growers and dealers are  
unable to book further orders for  
1921 seed and orders for 1920 de-  
livery must be received by them this  
month. At present stocks in the  
Netherlands are selling for approxi-  
mately 25 cents a pound and up. Re-  
ports received from German sources  
indicate that prices there will re-  
main high or possibly increase dur-  
ing the next two years.

# Workers in Chemicals and Metals Are Often Subject to Anaemia

THE breathing of poisonous chemical  
fumes or of the fine dust which  
arises from the grinding of metals  
is most injurious to the blood.

As a natural result the quality of the  
blood deteriorates and an anemic condi-  
tion is developed.

Once the blood fails to supply an  
abundance of nourishment the nerves be-  
come exhausted and then there is weak-  
ness of the heart's action, inability of the  
stomach and other organs of digestion to  
perform their functions and general las-  
situde of the whole body.

A complete change to open air em-  
ployment is the most desirable treatment,  
but, unfortunately, in this day of the high  
cost of living, not many can afford to  
throw up their means of subsistence and  
start all over again at a new occupation.

For all such there is Dr. Chase's Nerve  
Food as the best known means of enrich-  
ing the blood and thereby nourishing and  
invigorating the whole human system.

The appetite is sharpened, digestion is  
improved, the vital organs resume their

natural functions and strength is restored  
to the weakened body. With strength  
comes new courage and energy, new con-  
fidence and good health.
