

Some in here are kicking because in some instances hail insurance companies have allowed larger indemnity than government, but forget that. This is not a fault of the act, but of inspection. Never before in my experience have companies given as great an indemnity as they have this year, and particularly in municipalities, where the hail act is in force, and most probably to spread discontent amongst the farmers, so that the act will be turned down at the next opportunity, which is three years from the date of enforcement. Since the act came in force less than 20 per cent of the farmers of Saskatchewan have been hailed, and if the remaining 80 per cent see discontent among those who have been hailed and received benefits from the act it is almost sure to be voted down. There are improvements that can be added to the act, and probably some of your readers can propose some.

The Call of the West

by Ethel J. E. Dunning.

The fever is here, the great unrest,
It is in the air, it is in my breast;
Ah! my friends are gone, and I'm going
too
To that great wide world where there's
work to do.

There's a power that lures in the West-
ern breeze,
And it draws us on from the haunts of
ease,

From the strife and smoke, from the
squalor vile,
To a land of peace that no germs defile.

Yea a witch's charm has the Golden
West,

And of all earth's treasure it holds the
best;

To a land of homes for the high, the
low,

Loose! each staying band, for I go! I go!

Dear Editor—I have once or twice before written to your valuable paper, but have missed seeing my letters in print. I have been a subscriber to your magazine now for about three years, and like it fine. The only thing now is that I wish some of the fair sex would drop me a line, as I like to get lots of mail to read. I see someone is still arguing the point about homestead rights for women. Well I would also like to see that. Well I will not make this too long, as I hope to see it in print, so I hope to hear from all who care to write. I will sign myself Saskatchewan Slim.

The Battle of the Gods

It is a battle of the gods we are engaged in. It is the battle of sanity, of progress, of civilization, against the dying forces of barbarism. It is a battle of democracy against the forces of blood and iron that would enslave it. It is the Gotterdammerung of the old gods. Thor and his hammer have not been without their uses to mankind, but the day of their service is passing. The new gods shall take their place. Reason and Brotherhood shall wrest the sceptre from Violence and Hate.—Jerome K. Jerome.

No Day Like Christmas

Written for The Western Home Monthly by "Frances."

There is no day like Christmas!
It grips the thoughts of men;
Its charm unlocks the secret doors
Fast closed from human ken;
And life puts on a gayer garb,
And joy comes tripping, when
Old Father Christmas takes the chair,
With nimble tongue and pen.

There is no day like Christmas!
It stirs the inmost soul;
The cheer, the glow, warms every heart,
Away—all worries roll;
That magic word is written deep,
On memory's deathless scroll,
Christmas! and lo—a fluttered breath,
From distant pole to pole.

There is no day like Christmas!
Review your past days o'er;
They have their power "to bless or burn"
But come again no more!
While Christmas with a cheerful face,
Keeps tryst just as of yore;
With a mysterious tap she knocks
At every willing door.

There is no day like Christmas!
The promise that it brings,
Renews our faith in God and man,
The heart in worship sings
True peans, for the gift of life
Brought by the King of Kings.

THIN FOR YEARS--"GAINS 22 POUNDS IN 23 DAYS"

Remarkable Experience of F. Gagnon. Builds Up Weight Wonderfully.

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work, I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds."

When hundreds of men and women—and there are hundreds, with more coming every day—living in every nook and corner of this broad land, voluntarily testify to weight increases ranging all the way from 10 to 35 pounds, given them by Sargol, you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight, but when someone suggests a way they exclaim, 'Not a chance. Nothing will make me plump. I'm built to stay thin.' Until you have tried Sargol, you do not and cannot know that this is true."

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing and normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is just a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh producing ingredients. It prepares these fat making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body. Plump, well-developed persons don't need Sargol to produce this result. Their assimilative machinery performs its functions without aid. But thin folks' assimilative organs do not. This fatty portion of their food now goes to waste through their bodies like unburned coal through an open grate. A few days' test of Sargol in your case will surely prove whether or not this is true of you. Isn't it worth trying?
