Women's Residence For Queen's

SOME two years ago the Alumnae
Association of Queen's University,
Kingston, undertook to raise a fund
of fifty thousand dollars for the erection
of a Women's Residence, to be a mem-
orial to the late Mrs. Gordon. The
scheme is now well on the way and the
proposed building will be large enough
to accommodate seventy-five or eighty
resident students, with dining-room ac-
commodation for one hundred and fifty.
This will be sufficient for immediate
needs, as about twenty-five per cent. of
the women students are residents of
Kingston, and the building will be con-
structed in such a way that dormitories
may be added at any time.

The Trustees of the University have
recognized the need of such a residence,
as a regulation has recently been passed
which forbids men and women students
lodging in the same house, and it is
most difficult for women students to
find suitable accommodation. The trust-
ees have, therefore, set apart a fine
site for the proposed residence.

At the annual meeting of the Alumnae
Association recently held in Kingston,
encouraging reports were made by the
various Residence Committees and the
Treasurer reported ten thousand dollars
actually banked and about five thousand
dollars more subscribed. Since that date,
March 21st, Lord Strathcona has sent
a contribution of two thousand dollars,
and this, with sundry other subscriptions
and Mrs. R. W. Leonard's contribution of
ten per cent. of all subscriptions paid up
by March 31st, 1913, has made a total
of fifteen thousand dollars cash in the
bank.

This is most encouraging, but not a
sufficient warrant to start the building.
So the Alumnae Association, with Mrs.
John Macgillivray, Kingston, as Presi-
dent, and Miss A. E. Marty, Ottawa, as
Convener of the Residence Committee,
and Miss Marion Redden, Kingston,
Treasurer, have started on a new cam-
paign with renewed energy.

Recent Events

THE Hamilton Board of Control has
decided that woman's help is in-
valuable in relief work. Which is to
say it is worth, exactly, the handsome
sum of six hundred dollars in salary.
The same will be drawn by a qualified
nurse, Miss Isabel Ramsay, formerly of
the Health Department, and now newly
appointed assistant of the local relief
officer, Mr. McMenemy. Office work is
included in the position.

THE number of students enrolled this
year in the Home Economics Course
of the Manitoba Agricultural College
was the largest in the history (brief
yet) of the institution. The second year
class has a list of seventeen members.
St. Vital's new college has a splendid
provision for girls. The residence meant
an expenditure of \$200,000 and the de-
tails of equipment correspond.

VICTORIA, B. C., recently opened a
school of arts and crafts. As a
commencement it is proposed to teach
wood-carving, metal work, modelling
(including plaster work), jewelry and
book-binding, with, twice weekly, les-
sons in design. Classes will be conducted
in the evening. Six handicrafts special-
ists will constitute a staff—Miss Hendy
(wood-carving), Miss Lang (book-bind-
ing), Mr. Bergvelt (practical design),
Mr. Mold (clay-modelling and metal
work), Miss Olive Meadows (jewelry),
and Miss L. M. Mills (artistic design).

The teachers are giving their services
largely gratuitously and the funds re-
quired to equip the school have been vol-
untarily subscribed. The hope of the
promoters is to ultimately develop a
school of art which shall be to the West
what the schools of South Kensington
are to England.

MISS L. S. WALTON is a visitor in
Vancouver, who owns, probably,
more placer and quartz claims in Alaska
than any other mining operator. Miss
Walton has placer tin mines at Cape
York and a quartz tin group at Cape
Prince of Wales.

**Better !
Even Better !**

Think of any soup in the
recipe-book — think of
your favourite soup—arrange to have it for dinner to-
day and make it better than ever before, like this:—

Prepare your soup in the ordinary way, and before you put it in to boil add a
packet of "Edwards'"—either the Brown, Tomato, or White variety.

When the soup is served you'll find it better and thicker and more nourishing;
in short, you'll like your favourite soup so much better that you'll want to improve
every Soup-recipe in the book by adding "A little Edwards." You can use
Edwards' Soup as a basis for practically any soup you make. Although splendid
by itself, Edwards' Soup blends so naturally with other soups that it seems like a
part of the original recipe. Get a few packets of Edwards' Soup to-day.

EDWARDS' DESICCATED SOUPS

5c. per packet.

Edwards' Desiccated Soups are made in three varieties—Brown, Tomato, S. H. B.
White. The Brown variety is a thick, nourishing soup prepared from
beef and fresh vegetables. The other two are purely vegetable soups.

The Very Best of 'Help'

A Knechtel Kitchen Cabinet fills the bill for
the housewife who finds it hard to engage a
competent servant.

These cabinets have every convenience right
at hand and save unnecessary steps from one
side of the kitchen to the other, or to the
store, cupboard and cellar. They divide a
woman's work by two.

The untarnishable, bright aluminum ex-
tension top is better than any kitchen table
and, as you sit at it, flour, sugar, meal,
spices, pots and pans, etc., are within
handy reach. Everything is perfectly ar-
ranged for convenience, and the bins, jars
and air-tight canisters are ideal for
keeping their contents in good condi-
tion. The
