

WINE FOR SACRAMENTAL USE.

During last Season we had numerous enquiries for a pure wine to be used in the Holy Communion; a number of Clergymen concurred in selecting the "Alicante" as most suitable for this purpose, and it has been used in many Churches in this Diocese. We have taken especial pains in our importation of Alicante this year, MR. ST. GEORGE having purchased it from a vineyard near Villeveyrac, in the Department of Herault, where it is produced of the finest quality. From the Vineyard it has been forwarded to us direct in our own Casks, and we are thus enabled from our personal knowledge to guarantee its purity.

The Alicante is a sweet red wine of delicate flavour, and is nearly identical with the Tantilla so generally used as Communion Wine in England, under the name of Tent. The price is Two Dollars per gallon, or Six Dollars per dozen in bottles.

The following gentlemen have kindly allowed us to refer to them :

REV. JAMES BEAVEN, D.D.
REV. T. B. READ, D.D.
