**MORISON'S UNIVERSAL MEDICINE.**

**NOTICE.**

THE Subscriber, General Agent for Morison's  
Pills, has to advise WILLIAM WILKINSON,  
414-Agent for the Upper Town, No. 47, St. John  
Street.

**EDGE & Co.**

The public will be able to form some idea of  
Morison's Pills by their own consumption; the fol-  
lowing calculation was made by Mr. WILKINSON, Clerk  
to the Stung Union, St. Anne's House, in a period of  
six years, apart only of the time that Morison's  
Pills have been in the public's hands; the number of  
stomachs relieved for and disease removed to three  
systems, nine hundred and nine thousand.

The object in placing the foregoing before the  
public is to attract attention to the following general  
argument in favour of Mr. Morison's system, and to  
which the public attention is directed, namely, that  
it was only by trying an innocuous purgative  
medicine to such an extent that the truth of the  
Hygeian system could possibly have been establish-  
ed. It is clear that all the medical men in England,  
or the world, put together, have not used a system  
of vegetable purgation to the extent and in a manner  
prescribed by the Hygeia. How, therefore, can  
they (much less individually) know any thing about  
the extent of its properties.

**THOMAS PAUL,**

to merit a continuance of that support which shall  
be his study to merit.

**COACH FACTORY.**

THE SUBSCRIBERS respectfully beg leave to  
announce the great and anxious for the improve-  
ment of the Eastern Townships, a purchase was  
made of an unsurveyed Tract round Lake St. Fran-  
cis, in the County of Megantic, on similar terms as  
those granted by the Home Government to the British  
American Land Company.

The purchase embraces a tract of 220,000 acres  
of Land of good quality, lying contiguous to the  
unsurveyed Block of the British North American  
Land Company, within 50 miles of Quebec.

The projectors of the Company intend throwing  
open the Stock on receiving the confirmation of the  
Secretary of State for the Colonial Department to the  
said sale made by Lord Aylmer, taking it for  
granted the same facilities would be given to a Com-  
pany, consisting of individual citizens natives of or  
residents in Canada, as had been conceded to the  
British American Land Company, the greater part  
of the Stockholders of which reside in England. No  
such confirmation has as yet been given, the subject  
being referred to the late Commission, the Secretary  
of which in his last letter stated a report had been  
sent to England, but since that period, December,  
1836, nothing has been heard of the Commission.  
It is proposed to divide the Stock into 600 shares  
of £50 each, payable in ten annual instalments, vary-  
ing from £4 to £7 5 s each.

It will be well to say a few words in favour of the  
project and to state at once that there will be  
no exclusion whatever of any class of Her Maje-  
sty's subjects, in the settlement of the tract, industry  
and sobriety being the requisites of those whom the  
Company will be anxious to encourage.

Megantic has been long neglected, and unless  
some stimulus is given, by the prospects of exten-  
sive improvement, it is to be feared the well settled  
country on the Chaudiere and the thriving Townships  
of Leeds, Verdun, H. Hux, &c. will be much re-  
vived.

Every resident in Quebec the prospect of set-  
tling 220,000 Acres within a day's journey of the  
city cannot fail of being interesting, for not only  
will all the necessaries of life be abundant but all  
property will be enhanced in value, for sooner or  
later this must be the outlet of the Townships.

The Company will be carried on most economi-  
cally, as only two Agents and one Surveyor will be  
required, one of the former to reside at Lake St.  
Francis or where the most eligible site in the tract  
would be chosen for a town, and one in Quebec.

A board of three unpaid Commissioners would be  
chosen by the Stockholders as under whom the Agents  
would act.

**PROSPECTUS**

**QUEBEC & MEGANTIC LAND COMPANY.**  
**CAPITAL £30,000.**  
*In Shares of Fifty Pounds each.*

**PAYABLE IN TEN YEARLY INSTALMENTS  
FROM £4 to £7 10s. EACH.**

DURING the administration of Lord Aylmer, who  
at all times was the most anxious for the improve-  
ment of the Eastern Townships, a purchase was  
made of an unsurveyed Tract round Lake St. Fran-  
cis, in the County of Megantic, on similar terms as  
those granted by the Home Government to the British  
American Land Company.

The purchase embraces a tract of 220,000 acres

The British American Land Company will doubt-  
less act hand in hand with the present Company, if  
formed, for every additional settler whom it near  
their unsurveyed tract, will enhance its value, and  
the projectors of the Quebec and Megantic Land  
Company feel assured that if it goes into operation  
it will add new life to their operations, as the Stock-  
holders in England will think more favorably of  
the investment they have made in this Province when  
they see that residents are desirous of making simi-  
lar ones precisely in the same tract of country.
