Sir Thomas Lipton Says Next Boat Will Be a Defender

ROYALS WON BOTH

Lecals Took Big Share of Series Just Concluded—Cubs Creeping Up— Britton Beaten Again.

Sir Thomas Lipton set sail from Portsmouth on the Shamrock IV. on Saturday. Before leaving he said he expected that the next yacht he built would be a defender not a challenger. If his success is commensurate with his determination, the prediction should be fulfilled.

Good pitching and hard hitting won both Saturday's and Sunday's game for the Royals, incidentally the majority of the Rochester series. On Saturday Gene Dale helped along his own game by three hits in four times at the plate. On Sunday Whiteman's three bagger with the bases filled was responsible for our victory.

The Leafs shut out the Bisons in both ends of a double header Saturday. In the first game, Johnson did not allow a hit until the 8th, and only two ware made off his delivery attogether. Herbert also held the Buffalo batters to two safeties.

Jean Dubuc held Boston to 9 hits in 13 innings, and beat Boston 4 Saturday.

The Athletics are holding their own in nice style. They won a double header from the White Sox Saturday 4 to 1, and 5 to 1. All four pitchers did fine work, but Chicago pulled off some very bad fielding. Fournier ran past J. Collins, and retired himself in the first same.

Extension of Notes.

It is understood that George J. Gould and the Gould estate, now hold between \$5,000,000 and \$10,000,000 of these Missouri Pacific 6 per cent. notes, which fall due dn June 1, 1915. Previous to the extension of the notes the Goulds were believed to hold about \$2,000,000 of them. Holders of between \$4,000,000 and \$5,000,000 refused to agree to the extension, and Gould bought up a large amount of the notes of the non-assessing holders, thus increasing his holdings in that security by several millions.
