Auto Tongue Truck on Deering and McCormick Binders
SELF-STEERING FEATURE

The binder is purposely thrown out of square in this illustration in order to show clearly the steering action of the tongue truck wheels.

When the outer end of a binder platform starts to hang back, it pulls the tongue truck toward the grain.

Any movement of this tongue truck toward the grain turns the truck wheels in the opposite direction and at so great an angle that they automatically steer the binder back to its proper square cutting position, with the horses moving steadily straight ahead.

The truck wheels turn faster than the tongue as shown by the dotted lines.

A Gain Worth Making

WITH the new auto tongue truck, Deering and McCormick 8-foot binders cut a full 8-foot swath. That means a quicker, easier harvest—a saving of time when time is worth money. The driver's work is easier, too; on the straight-away because the horses are not crowded into the standing grain; and at the corners because the binder turns a natural square corner.

The wheels of this new auto tongue truck are fitted with removable dust proof bushings equipped with hard oil cups. This construction does away with the expense of buying a new wheel every time a bearing wears out.

The new auto tongue truck is only one of the important improvements on these binders. For instance, compare the wide, strong, deep-lugged steel main wheels with those on other machines; and compare also the arrangement for keeping canvases running true, which make them last so much longer.

Decidedly these are the binders to buy. See the I H C local agent or write the nearest branch house for full information about their good features.

The Light Running GILSON Silo Filler
SIMPLY CAN'T BE CLOGGED

The simple, scientific, carefully worked out construction of the Light Running "Gilson Silo Filler" makes it absolutely impossible to clog throat or blower, no matter how fast the corn is thrown in. The Gilson is rightly called

The King of Ensilage Cutters

because of its remarkable elevating powers, absolute safety, durability, strength and simplicity—it stands supreme. It has convenient and quick knife adjustment; solid steel-bound cutting wheel; patented safety reverse—and is guaranteed to cut and elevate MORE ensilage with the SAME power than ANY other ensilage cutter IN THE WORLD. Write to-day for catalogue and proof. Manufactured and guaranteed by

GILSON MFG. CO., LTD., 199 York St., Guelph, Canada

THE HYLO SILO

\$7,798.56 Returns on an Investment of Approximately \$200.

A Hyllo Silo, figuring profit at the moderate rate of \$200.00 a year, and compound interest at 6%, will make you the above profit clear in twenty years. Do you know of any investment that will pay you as big returns?

Can you afford to be without a HYLO SILO, or can you afford to put up a silo without getting full particulars of the HYLO—wherein it differs from any other silo, and why it will yield better ensilage with greater profits year after year. Also why the better class of dairymen and farmers—men of discernment and keen business judgment—choose the HYLO SILO. It is the cheapest because it pays the biggest returns. Write for free silo book and prices to-day.

\$47.50

10-15-20

Years from now the Bissell Silo will be giving good service. It is built of selected timber, treated with wood preservatives, that prevent decay. It has strong, rigid walls, air-tight doors, and hoops of heavy steel. Therefore it lasts, simply because it can't very well do anything else. Our folder explains more fully—write Dept. W.
