While The Sun Shines

The man who plants for profit must work while the sun shines. Waste time means money lost. He must have tools that will do the work quick and do it right. The **PLANET JR. Labor-Saving Farm Tools** are modern essentials to successful competition. They are money savers, labor savers, time savers. They make it possible for a man to do a half a dozen things in the time it used to take to do one. You can see their pictures, learn their uses, satisfy yourself as to their merits, by getting the **Planet Jr. book** for 1895, which we send free.
