

Come to Canada! SASKATCHEWAN THE GOLDEN

"The Land That Pays for Itself
in a Single Season"

—Prof. THOMAS SHAW.

Saskatchewan Land Maps Free

THOUSANDS of Eastern Canadians—some, your own former neighbors—are now in Golden Saskatchewan. They were struggling along five years ago, "back home"—just like you are to-day. Many were renters—didn't own a square foot of land. To-day they could buy out the richest farmer in your county. Not because these men are smarter or work harder than you, but because they now live where an industrious man has a fair chance.

Last Mountain Valley

Saskatchewan farmers in Last Mountain Valley grow 40 bushels of wheat on \$30 land. Result: "Land cleared in one year." They are making money hand over fist. Crop failures? We don't have 'em here!

Seven great railroads form a veritable network over this district. You're right in civilization.

And whoever saw a finer place to live! Good neighbors, fine climate, phones, railroads, churches, schools, rural mail, stores, good roads, fishing, hunting, etc.

Two Big Land Openings— New Settlers Pouring In by Thousands

Last year 351,593 settlers came to Canada—and fortune. This year will see 500,000 follow them. The bulk of them are bound for the Prairie Provinces. And they'll never go back! They'll never leave this land of health, happiness, sunshine and fortune.

We are putting on two gigantic new land openings—one at Raymore, in Last Mountain Valley, on the main line of new Grand Trunk Pacific—finest wheat land in the world.

East of Last Mountain Valley lies the rich Touchwood Hills Country. Also to be opened up. Great land for mixed farming—stock raising—and wheat, oats, flax, barley, grasses, etc.

Lowest Prices

We have land bargains such as were never before known. Our prices are positively lowest. No other colonization company can ever hope to meet our terms and prices, because none can buy land now in such enormous tracts.

Land Books Free

Don't wait! Don't let this opportunity slip by. Saskatchewan land prices are doubling fast. Buy now—make a killing. Chances are if you lay this paper aside now, without further investigating this offer, you may overlook it entirely—may never make the big success that every real man deserves to win. So—act now—on the impulse—send in a postal that says: "I want to know about the land openings." You will receive by return mail the most complete and authoritative land information ever published—free—all about the big Land Openings—full reports on Crops, Climate, Soil, School, Churches, Towns, Maps, Description of land, etc. Our special list of land bargains will be included. The "Bissell" has the capacity

Because of its capacity, time after time the "Bissell" Disk Harrow has done DOUBLE THE WORK in field competition against all competitors, under the same conditions.

The special shape of the "Bissell" plates cause them to enter the ground naturally and TURN THE SOIL EASILY. Steel scraper blades meet the

Disk Plates chisel fashion and keep the plates clean of trash by movable clod irons—the only Harrow that has this feature.

Anti-friction balls (40) are used in the bearings, on every "Bissell" Disk.

The seat is placed back on the Harrow so that the weight of the driver when riding balances over the frame and REMOVES NECK WEIGHT. The hitch is well back, MAKING LIGHT DRAUGHT.

Search the Continent over and you will not find a Harrow with such cutting capacity, easy draught and correct proportions as the "Bissell." A postcard to Dept. W will bring you a free catalogue.
