# A Car of Proven Quality

THE Ford car has been on the market twelve years, surely long enough to have proven its high quality. There is nothing experimental about it. Every part has stood the test of time and proven its stability with hard service. No other car has ever approached the durability records of the Ford.

No matter what price you pay for a car you cannot get one with a stanchion chassis. Government Laboratory tests have shown that the different parts of the Ford car are superior to those in any other car. Ford Vanadium steel has never been equaled in strength.

If you want a car that can plow through deep mud, sand and gravel—that can cross fields, corduroy roads and ford streams—that can climb the steepest hills with ease—that will give the greatest mileage all year round with the least expense and care—then there is only ONE car for you—The Ford.

## Figure out your Fencing Now

The farm fencing you need must be strong and solid and thoroughly braced—made of the best hard steel wire—locked with a proven rigid lock—made so that every strand will have an even tension which will make the whole fence elastic and springy—galvanized so that it cannot rust nor peel off—made so that it will not snap with sudden shocks or weather changes. These are the main points you get when you use

### G.G.G. Farm Fencing

There are other things, such as full gauge living galvanized, the extra acid-test G.G.G. fencing will stand, and so on, but the guarantee covers anything we haven't mentioned—or that to you seems reasonable to expect in good fencing.

### G.G.G. Guarantee

G.G.G. Fencing is all made from full gauge, extra heavily galvanized hard steel wire, and carries with it an UNCONDITIONAL guarantee as to quality. If the fence is not what we claim it to be, or, if for any reason, you are not satisfied with it, every cent you have paid for wire or freight will be refunded.

Whether you need fencing for horses, cattle, sheep, hogs, poultry, or for your lawn—or possibly field or walk gates, transom gates, soft brace wire, coil wire, barbed wire, fence posts, staples, wire stretchers, hay bale wire or bale ties—all these are in stock ready to be shipped at a moment's notice. Write us now and let us give you close prices on what you may need.

Also get prices and particulars on implements, lumber and supplies.
