

NEW THEATRE ON COLBORNE

Two Stores Which It is Said
Will be Purchased for
The Purpose.

The real estate deal, reported in the Courier, involving the purchase of the properties on Colborne street occupied by the Royal Bank, Malcolm's woolen store and the Brantford Cafe, for a theatre, is likely to go through. A few days ago it was thought the sale would not go through owing to the Royal Bank having a lease extending over a period of years. The two stores are said to be sufficiently large for theatre purposes.

Body of Late Pierpont
Morgan Reached New
York To-day

(Canadian Press Despatch)

NEW YORK, April 11.—The Steamship France, bearing the body of the late J. P. Morgan passed Nantuxet lightship at 4 o'clock this morning and was expected to dock about 3.30 o'clock this afternoon. The body will be immediately removed from the ship and taken under strong police guard to the Morgan library, where it will rest until Monday when funeral services will be held in St. Georges church. It will then be conveyed by special train to Hartford, Conn., and placed in the family mausoleum.

J. P. Morgan and his son, Junius S. Morgan, obtained permits to go down the bay in a revenue cutter and board the France at quarantine. Extra details of police have been assigned to guard the pier, and no one will be permitted to enter the ship without a special customs pass. All photographers were barred. Streets leading to the pier were to be cleared for the departure of the funeral procession and a guard has been thrown about the Morgan house and the library. A large force will keep back the curious from the church during the service on Monday.

York Loan

The Next Dividend Will
Be a Final One—An
Announcement

(Canadian Press Despatch)

TORONTO, April 11.—The next dividend will be a final one, and you may say that there will be no dividend at the National Trust Company, liquidators of the York County Loan and Savings.

The delay is due to getting in the payments on the real estate, which forms the greater part of the assets. These will not be in until July, and there will then be more than six months figuring to be done.

The result of the sale of the real estate is a vindication of the official referee's decision not to sell the property in a block to a syndicate. An offer was made in 1906 of \$600,000, but George Kapple, K.C., refused to entertain it, and the liquidator proceeded with the sale with the result that the receipts will be in the neighborhood of \$1,800,000, or three times as much as was offered.

The cheque for the first dividend declared in November, 1909, continues to trickle in. In March 30 of the three-year-old cheques, amounting to \$181, were presented for payment. In the same month about 350 cheques of the second dividend sent out on December 1st, 1911, were presented.

A Wreck

G. T. R. Train Bound for
Guelph Was Derailed.

(Canadian Press Despatch)

HAMILTON, Ont., April 11.—The 8.40 C. P. R. train bound for Guelph was wrecked a mile west of Hamilton at Grand Junction this morning. The engine and baggage car were derailed and turned into the ditch, ripping up a large section of track. The engineer and fireman jumped and saved their lives. There were a number of passengers on the train but fortunately it was running at reduced speed or there would probably have been a heavy casualty list. The auxiliary from Hamilton and a steam derrick from Toronto were hurried to the scene, and it is expected the line will be cleared this afternoon.

The 7 to train from Toronto on the C. P. R. last night near Oakville just missed hitting the end of a freight car which protruded slightly over the switch points. All the brass handles on the coaches on one side of the train were ripped off and several windows shattered. No one was hurt.

T. N. Phalen, K.C., solicitor for the Ontario Automobile Club, appeared for the local club. It was shown that Dr. Rennie was not driving the car on the night in question, and as the law provides that when a car is impounded it must be driven by its owner, the jury allowed the appeal. Both sides held firm and the conference was off. The fact that President Connette was willing to meet the strike leaders, was regarded as significant.

The Perfect Type of Man

No two men were ever all alike. When they match at the chest they differ in waist or in length of limb.

Different ways of walking have their effect upon one's carriage. Shoulders never really match. It is impossible to produce clothes which will absolutely fit unless the figure of the wearer is normal, and every man's figure must be specially studied. All properly fitting clothes must possess a corresponding unlikeness.

By the Semi-ready physique type system of tailoring every garment can be quickly finished to shape and to overcome figure defects. The finisher can intensify or diminish height—build out hollow spots, and improve a physique so cleverly that he has to all appearances produced this perfect type.

Fierce Outbreak Held
Albert Hall Last
Night.

(Canadian Press Despatch)

The left behind third door door doads left behind them a photograph of Emmeline Pankhurst as an indication that the women had taken means of protesting against her imprisonment in Holloway jail.

The fire started in the dress rooms of the members' pavilion, which large quantities of tarred musing used in cricket practice, was stored.

The building was extensively damaged and the loss caused by the amounts to several thousand dollars. Miss Zelle Emerson, the militant suffragette from Jackson, Mich., is a serious condition, having developed appendicitis. Dr. Mansell-Mo in, her physician said this morning.

"Inflammation undoubtedly has developed an attack of appendicitis. The pain suffered by Miss Zelle Emerson is responding somewhat to local treatment, but it will be possible to correct her condition permanently without an operation which is unthinkable at present because her extremely weakened condition. The nervous symptoms have improved somewhat to-day, my patient having enjoyed a comparatively full night. She is still however, unable to see anyone."
