Monday, August 10, Civic Holiday, has passed into history as a day that will not soon be forgotten by the citizens of Brantford and the hundreds of old boys and girls that thronged the city streets all day long.

After remaining his behind lowering skies all morning Old Sol shone forth in all his glory by noon and the showers of the morning had only helped to freshen everything up for the big Merchants' parade of the afternoon.

Promptly at one o'clock the seven divisions formed up at their respective stations and at a signal of three strokes from the fire bell at 2 o'clock the sections moved off and the parade proceeded to Agricultural park via the following route: Market, Marlboro, George, Dalhousie, Park ave and Colborne streets to grounds.

The parade itself was, both in point of numbers and prettiness of decoration a complete success. The sidewalks were literally packed by specta-

CHICAGO. Aug. 10.—Altho war fever today sent the wheat market coursing higher by far than had previously been known since the crisis began, the ascent was out of all proportion to the amount of business transacted. The trade is still a good deal short of what would be a normal aggregate under ordinary conditions, and it did not take much selling to bring about a decided reaction from top prices. The close was unsettled at 2c to 1½c above Saturday night's level. Corn finished at a net decline of %c to 2%c, oats off %c to %c, and provisions irregular, ranging from 90c loss to a rise of 17%c.

MONTREAL GRAIN MARKET.

MONTREAL, Aug. 10.—A very firm feeling prevailed in the local grain market today, with a good demand from local and country buyers for supplies, and a fairly active trade was done. The feature of the flour situation continues to be the great scarcity of winter wheat grades; in fact, supplies are exhausted on spot, and dealers state that it is impossible to get any offers from Ontario millers for either prompt or future shipment, and buyers in consequence find it difficult to fill their requirements. The demand for spring wheat flour continues active, and a large volume of business is doing for local and country account at firm prices. The Dominion Government purchase of 1,000,000 bags have been pretty evently divided up with all the leading Canadian mills of spring wheat four. The trade in millifed is very active, and the tone of the market is firm, with prices tending towards a higher level, Rolled oats are firm and fairly active, Butter is strong, with a fairly active trade passing.
