By Special Wire to the Courier.
Chatham, Ont., March 30.—Hundreds of acres of the most fertile land in Kent county are flooded. Parts of Dover and Tilbury townships in the vicinity of the mouth of the river, where an ice jam five miles in length has formed, are inundated. Water in Chatham is high, but no damage has been done as yet. Neah Jeanette Crook some stock has been drowned, and the high water has forced the farmers from their homes. The dikes around the Dauphin flood protection scheme are breaking.

\$5,000,000 LOST IN 1915

The above figures represent the estimated loss by farmers through smut in grain crops in Ontario in 1915.

If you had a field of oats, barley or wheat, you no doubt contributed to the great loss. By reason of the prevalence of smut last year the danger is rendered greater this year. There is one way to prevent this, and that is to

TREAT YOUR SEED FOR SMUT.

The method usually adopted is as follows:—Mix one pint of Formalin with 40 gallons of water, or a tablespoonful to 1 pail of water. Place the grain to be treated in a heap on the clean canvas or floor. Sprinkle the formalin solution over the grain, then shovel. Repeat this until every grain is moistened by the solution; then cover the pile with sacking and leave for 3 or 4 hours. At the end of this time spread the grain out thinly to dry; shovelling it over three or four times will hasten the drying. Forty gallons of the formalin solution is sufficient to sprinkle thirty or forty bushels of grain, smaller amounts in proportion.

Immersing the grain in a bag is sometimes practiced, and is equally effective.

The present styles for women are the worst and ugliest I have seen," says Mrs. Amelia E. Barr, the novelist, who has just celebrated her 86th birthday.

290,000 CANADIANS IN ALL ENROLLED

Number of Men Recruited in Dominion Since the War Began.

Ottawa, March 31.—"The Government has always taken pains to ascertain the views of the Imperial authorities, especially the views of the War Office, with respect to such matters," was the reply of Sir Robert Borden to an enquiry by Hon. Charles Marcil in the House yesterday as to whether the decision of the Admiralty to enlist 290,000 Canadians for overseas service was reached after the conference with the British authorities.

The Premier responded to the negative to a question as to whether anything had occurred since the beginning of the year to induce the government to change its mind as to whether to enrol in the expeditionary forces. He said that the time required to prepare such a force for the field depended on conditions which could not at present be foreseen and that reasonable regard should be had for the necessities of agriculture and other industries.

The period involved in getting troops ready for action had varied. Six months might be taken as the minimum time required to prepare infantry for the front. A longer time was needed for other arms of the service.

Sir Robert told Mr. Marcil that since the war began 290,000 men of all ranks had been enrolled; there were, approximately, 12,000 in England and at the front, and approximately 135,000 still in Canada.

Casualties of every description amounted to 22,000 and wastage accounted for another 21,000 men.

The total expenditure of Canada for war purposes up to the end of February, 1916, was approximately \$187,000,000.
