NEWS OF NORFOLK

Souvenir From Gallipoli; Watch Taken From A Turk

2 SUPPLY TEACHERS

Simcoe Merchants Obey Restrictions on Canned Goods

Write Simcoe Agency Box 311 or phone 356-3 all matters regarding delivery or subscriptions; News items or advertisements.

Simcoe, Aug. 29.—(From our own correspondent)—Lovers of curiosity should call at Jacobson's watch hospital to see a watch of Turkish manufacture taken from a Turk at Gallipoli and brought over by a refugee soldier. The silver hunting case is evidently of English manufacture and differs from our own in that it is divided longitudinally so that either side of the stem can be opened, which hold the front and back closed. It is of the type of the "key wind" type and this is the dial shows the Turkish characters set, with reference to the stem, as are our open face watches. The pinion of the balance wheel is set in real diamonds and all the other jewels are jewelled and capped with rubies.

Supply Teachers.

Mrs. John Francis and Mrs. Frank Norman have consented to supply temporarily on the public school staff in the absence of Miss Bauslauga and Miss Porter, both of whom have been advised by their physicians to take longer rests. We have been requested to urge the necessity of a general turnout to school on the opening day, Tuesday, Sept. 4th. The students who are going to make their mark throughout the year should prove it by scoring next June will be there without urging, and this whether they be high or public school students, and this in spite of the later interference of progress from the laggards.

And if we might violate the rules of reportorial etiquette, we never yet saw the student who could afford to spend the first week of school off attending the big fairs or anything else. And the writer has spent one or two years where he had opportunity to observe.

Principals of both primary and secondary schools here are appealing for a general turnout on the first day of school. It should not be necessary. Truancy next Tuesday is in truancy, plain and simple. The parents of children carelessly irregular at school should never speak of high taxation. Our school system costs money, and the money's worth is there if the children are at school.

Nothing Doing

With pleasure we record the loyal spirit with which local merchants and shoppers are complying with the request to abstain from certain canned vegetables for the short period of six weeks. On an evening round of the stores here we heard not a single protest. "Should have ordered it earlier in the season," said one. "Sold out a week ago," said another. "I suppose you have had a few customers who stocked up on canned goods, we asked a third. "We are not selling peas, corn or tomatoes since Saturday," was the prompt reply. The local gardeners are finding ready sale for their fresh vegetables. At Quebec yesterday—Homeward Bound.

Pte. Gordon Thompson wired yesterday from Quebec to his father, Chas. Thompson, advising of his landing and expectation of reaching home soon. A similar message came to Mrs. Ashton Winters from "Gey Winters." Both of these left with the first group of 31 men who left for the front from Simcoe.

New Proprietor at Gore View Farm.

Mr. H. R. Marston of Paris has just moved to his new property, Gore View Farm one mile south of Waterloo. The property was recently purchased from Dr. McArthur, County Registrar, Mr. Marston is a practical gardener and fruit farmer and will be able to fill the gap left by the departure of Dr. McArthur, a quartette of first class artists for the solo work, and the conductor, Mr. J. T. Schofield was authorized to make suitable arrangements to secure the services of a leading orchestra.

This will afford the music lovers of Brantford an excellent opportunity of hearing this wonderful work, under the very best conditions.

Later in the season another important work will be produced and as far as oratorio work is concerned, Brantford's needs musically, will be well cared for by this young and enterprising organization. Rehearsals will be resumed in about three weeks' time.

There are a few vacancies in the society for singers who appreciate this class of music, and the executive are preparing the membership list, and from enquiries already received, anticipate a large number of applications for membership.

Catarh Cannot be Cured with LOCAL APPLICATIONS. As they cannot reach the seat of the disease, Catarrh is a blood disease, and can only be cured if you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a medicine, it is a natural product prescribed by one of the best physicians in the country for the cure of the best tonic known, combined with the best blood purifier, acting directly on the mucous surfaces. The perfect combination of the two ingredients produces such wonderful results in curing catarrh. Send for full particulars free. Take Hall's Catarrh's Pills for constipation.

Members of Canada's Militia Advisory Council

From the readers left to right: Mr. E. L. Newcombe, Deputy Minister of Justice; Mr. J. H. Moss, of Toronto; and Lt.-Col. Machin, M.P., of Kenora. Their positions concern the enforcement of the conscription law.

out beat Mr. Nelson brought the necessary weapon of cruel kindness and order on the scene to find that the Chief had been a little earlier and the faithful old quadruped that had no doubt earned an old age of ease or a compassionate end by its departure ten years ago, had been ushered on to "pastures green." Her last owner's words on the day of purchase will no doubt prove true. The protest of the Toronto Simcoe desired result owing to its persistence. It is only fair to add that Mr. Nelson has been busily engaged out of town for months from early morning till nightfall.

Old Ends of News.

Simcoonians express general satisfaction over the passage of the water-works by-law in Dover. Simcoe is anxious that the Port should develop and take her proper place among the harbours on the lake front. Rain held up work on the trunk sewer repair work yesterday.

Pte. Walter Cade mentioned in yesterday's casualty notes was a son of Alfred Cade—Armsstrong, farmer on Lot 7, Con. 12. The family moved up from Jarvis in the spring of 1915.

One Road to Peace

Let War-Ridden German People Throw Off Their Military Masters

Washington, Aug. 28.—President Wilson's rejection of the Pope's peace proposals is regarded here as the high-water mark of the war. Furthermore, it is indicative of the virtual selection of the President by the allies as their spokesman.

The note comes as a climax to the remarkable series of State documents in which the present Wilson has argued the cause of world democracy against autocracy in the high court of public opinion, and accepted more and more by the people of all the allied countries as expressing their ideas.

No Faith in Kaiserism.

The general tenor of the President's reply has been anticipated everywhere, but there was no inkling of the forceful terms he would employ to say that the world can have no faith in the autocratic Government of Germany.

Students of diplomacy see in his denunciation of the military autocracy a fresh appeal to the war-ridden German people to throw off their military masters and join democracy with a Government fit to deal with the remainder of the world.

HARVESTERS LOOK

36,000 farm laborers are wanted in the provinces of Manitoba, Saskatchewan and Alberta, for the harvesting of the crop.

The Canadian Northern Railway will operate the first excursion trains for the west, leaving Toronto Union Depot at 10 p.m. August 23rd and 30th, and running through solid to Winnipeg.

The equipment will consist of electric lighted colonist cars, lunch cars, and in addition the railway will continue their last year's innovation of keeping a special car for the accommodation of single women and families, and of placing it in the train where the occupants will be separated from the other passengers.

The territory served by the Canadian Northern lines offers the widest choice of employment with high wages, and regardless of where you locate, remember we give you the best service to Winnipeg where you will re-purchase to find destination, no matter on what line it may be.

NO PEACE WHILE KAISER REMAINS ON GERMAN THRONE

Wilson Replies to Pope's Peace Note, Rejecting Proposals For a Settlement at Present Time; Will Have No Truce With Hohenzollern

Washington, Aug. 29.—There appears to be no doubt that the United States was selected to make answer before the world in advance of all others. Whether the Entente nations will send extensive replies is not known here. It is regarded as probable that they will in large measure adopt the President's reasoning for their own and send notes of endorsement.

The feature of the reply that is certain to fix public attention is the cold determination not even to permit the subject of peace negotiations to be broached so long as the evil and dominating forces of autocracy and militarism control the Central Powers. It is not even necessary to read the lines of the President's response to see clearly apparent the inflexible purpose.

Passed in the New Greek Government

Venzelos Made a Speech Lasting Six Hours

By Courier Leased Wire.

Athens, Aug. 27.—A vote of confidence in the government was passed in parliament today at the conclusion of the debate on the speech from the throne. Premier Venzelos spoke for six hours. The majority report on the speech was accepted and the chamber adopted a resolutions extending greetings to Serbia.

WOMEN FIGHTERS

Amsterdam, Netherlands, August 29.—(Associated Press)—Traveler from Berlin states that Germany is preparing to follow the Russian lead in organizing regiments of women, which will be available later to send to the front if necessary. The achievement of the Russian women's battalions have been widely advertised in Germany, and favorably commented upon. Several steps for similar movements by Germany are being discussed in Berlin, and the organization of several trial regiments, at first as a species of Home Reserve, is expected shortly.
