The bottle had been opened some time before, and, although it had been kept corked, its contents had had time to turn acid. Not long since there died at Naples a woman named Baldi, who at the time of her decease was in the fifth widowhood. Although well-to-do and a very attractive woman, she had been unable to induce anyone to again make her a wife, for her five husbands had all come to untimely ends—the first three by drowning, the fourth through being thrown from a horse, and the fifth from a railway accident.

accident. In January of the present year a man named Chandious, of Luzy, near Lucenay, hanged himself. He was his wife's fifth husband, his four prede-cessors having likewise met with tragic deaths.
