Why can Hamilton buy cement 66 cents cheaper than Chatham?

Those who said March would come in like a lion were lyin' themselves, I guess.

Father Thames is preparing to raise in his might and pour down angry torrents.

Lucky is the man who owns a tax sales deed on one of these lots belonging to Mrs. Mary Pleasance.

The prohibitionists and the hard drinkers are both in the same boat now. Each has a load—Hamilton Spectator.

Hamilton has King Ed's mortgage, but we have Mrs. Pleasance's deeds. Deeds speak louder than words or mortgages.

One farmer sold ten bags of apples on the market on Saturday at \$3.00 per bag. At that price we prefer to eat oranges.

If those nine lots belonging to Mrs. Pleasance are located, the present owners will feel that they have been done Brown.

I venture to predict that many people will quarantine themselves when the Board of Health collector of those quarantine accounts makes his calls.

We're not surprised at that Blenheim man losing consciousness. It would take much less than a weak heart to lose consciousness in Blenheim.

Now, that it has been decided to accept Carnegie's gift, how would it do to put the building on Tecumseh Park and call it a monument to Tecumseh.

A family has moved in between the office of Thrasher and Arnold and the tailoring establishment of James Gordon. S. B. Arnold says that he always likes to have something between himself and his tailor.

## "I Advise All women who suffer from chronic diseases to write to Dr. Pierce."

That advice is based upon practical experience. After suffering for months, and finding no benefit result from the treatment of the local physician, Miss Belle Hedrick wrote to Dr. Pierce for advice. She acted on the advice, regained her appetite, recovered her strength, and gained several pounds in weight.

"Write to Doctor Pierce" is good advice for every woman to follow. It costs nothing. Dr. Pierce invites sick women to consult him, by letter, free. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

In a little over thirty years, Dr. Pierce, assisted by his staff of nearly a score of physicians, has treated and cured over half a million women.

"I suffered from female weakness for five months," writes Miss Belle Hedrick, Nye, Putnam Co., W. Va. "I was treated by a good physician, but he never seemed to do me any good. I wrote to Dr. R. V. Pierce for advice, which I received, telling me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took thirteen bottles of 'Favorite Prescription' and eight of 'Golden Medical Discovery.' When I had used the medicine a month my health was much improved. It has continued to improve until now I can work at almost all kinds of housework. I had scarcely any appetite, but it is all right now. Have gained several pounds in weight. I advise all who suffer from chronic diseases to write to Dr. Pierce."

## Theatrical

For the past three seasons the famous musical comedy, "A Runaway Girl," has been the theatrical triumph of the principal cities and towns of the union. It is duplicating its success this season in the same pronounced manner. After its remarkable run of six hundred nights in London, at the Gaiety Theatre, it was produced at Daly's in New York City and was an instantaneous success. It remained there three hundred nights and then made a tour of the larger cities of the country and met with an ovation everywhere. It will be presented in this city at the Grand, on Thursday evening. Our theatregoers never fail to fully appreciate and take advantage of the visit to this city of an attraction possessing the merit and reputation of "A Runaway Girl," and without doubt the result will be "standing room only" on the occasion of its appearance here. One can confidently look forward to an evening of pleasure in witnessing this production and the excellent company presenting it, and will not come away disappointed. The exceptionally clever comedian, Mr. Arthur Dunn, in conjunction with some fifty other artists, comprising the Augustin Daly Company will appear in this comedy. The advent here of this famous organization has already created considerable interest, which will only be intensified as the date of its arrival in the city approaches. Catchy songs and incidental music, laughable comedy, neat and artistic dances, elegant and picturesque scenery and an amusing and original story, all go towards making "A Runaway Girl" the ideal musical comedy of the age.

"The very poetry of motion," "Rippling music," "Exquisite dances," "Beautiful costumes," "Pretty forms and faces," "Magnificent finales," "Bright and witty dialogue," "Sprightly and vivacious chorus," "A superb cast," "Magnificent scenery," such are some of the many phrases used in the press of New York City after seeing production of "A Runaway Girl," at Daly's Theatre.

That they have been well deserved has been evidenced by the continuous success of the play and the constant application of the above phrases, or others similar, by the press and public wherever the comedy is presented.

**Damp Walls.**  
When a wall is found to be too damp to retain wall paper, prepare a coating of the following ingredients: A quarter of a pound of shellac and a quart of naphtha. Brush this over the damp spots, and when it dries the wall will be found to be impervious to moisture from the other side.

**Shakespear.**  
More than 250 references to Shakespear by his contemporaries have now been collected.

**Siberian Seals.**  
Sealskins are obtained on three islands of Siberia, on Bering and Cooper islands, the Commodore group, to the east of Kamchatka, and on Robben Island, a few miles south of Cape Patience, on the eastern coast of Sakalin Island.

## A Law Unto Himself.

Every Man Must be That, to Retain His Health and Digestion.

THE GREAT HUXLEY.

There are thousands of people in this world who eat no meat from one year's end to another, and certain savage tribes in Africa and Polynesia are almost exclusively meat eaters; while there are thousands of these there are millions who live upon a mixed diet of meat, vegetables and grains and if numbers is a criterion it would seem that a mixed diet is the best for the human family.

The fact that you will find many vegetarians who appear healthy and vigorous and meat eaters equally so, and any number of robust specimens who eat both meat and vegetables and anything else that comes their way all goes to show that the old saw is the true one, that every man must be a law to himself as to what he shall eat and drink.

To repair the waste of tissue in brain workers as well as to replace the muscle and sinew of the laborer, can only be done through the process of digestion.

Every nerve, muscle, sinew, every drop of blood is extracted from the food we eat and digest.

In these days of haste and worry, and artificial habits of life, scarcely one person in a thousand can lay claim to a perfect digestion; dyspepsia is a national affliction and Stuart's Dyspepsia Tablets a national blessing.

Most cases of poor digestion are caused by failure of the stomach to secrete sufficient gastric juice, or too little Hydrochloric acid and lack of pepsin and all of these important essentials to perfect digestion are found in Stuart's Dyspepsia Tablets in convenient palatable form.

The great English Scientist, Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly because they lack the proper quantity of digestive acids (lactic and hydrochloric) and pepsin; products; the most sensible remedy in all cases of indigestion, is to take after each meal one or two of Stuart's Dyspepsia Tablets because they supply in a pleasant, harmless form all the elements that weak stomachs lack.

One or two of these tablets taken after meals insure perfect digestion assimilation of the food.

Cathartic pills and laxative medicines have no effect whatever in digesting food and to call such remedies a cure for dyspepsia is far fetched and absurd.

Stuart's Dyspepsia Tablets contain pepsin from animal matter, digestive and other digestives, and not only digest all wholesome food but tend to increase the flow of gastric juices and by giving the weak stomach a much needed rest, bringing about a healthy condition of the digestive organs and a normal appetite.

Nervous, thin blooded, run-down the people should bear in mind, that drugs and stimulants cannot furnish good

## THE MARKETS.

There was a good market Saturday morning in spite of the very inclement weather. Vegetables were in fairly good demand and the supply was good. Potatoes sold rapidly at \$1.00 a bag and apples at \$3.00 a bag. Large quantities of apples were sold. One man with ten bags was offered by a local grocer \$2.25 a bag for the whole lot but refused and suc-
