Local Happenings.

Fresh supply of dry cell, flash lights, and batteries just arrived at the Wolffville Garage.

THE ACADIAN begs to return thanks to Mr. and Mrs. Elliot H. Fuller, of New Minas, for wedding favors.

For Sale.—Second-hand sewing machine in good condition. Will be sold for \$5.00. Apply to THE ACADIAN.

OPERA

A. W. Stubb, Civil Engineer and Provincial Land Surveyor, is in Wolffville for a short time and prepared to make surveys, etc.

The Kings County Temperance Alliance meets to-day at Berwick on arrival of express from Halifax. It is hoped there will be a large attendance of members.

HOUSE

The Labrador and Home Relief department of the W. C. T. U. will meet with Mrs. Sleep, Main street, Tuesday evening, Jan. 14th, at half past seven.

Anyone wishing typewriting done can have the same attended to promptly. Rates 10 cts. a letter, 5 cts. a check. Apply to HITCHCOCK'S STORE.

At the Baptist church last Sunday morning Rev. Dr. Cullen gave an able address on Sunday school work. In the evening the pulpit was occupied by Rev. P. S. McGregor.

Mrs. H. O. and Mrs. R. D. G. Harris will be at home on the fourth Wednesday of each month, beginning Jan. 22nd, at the former's residence, Linden av. nue.

TO-NIGHT

The Wolffville Hockey team has been receiving bouquets this week over their success in Windsor on Monday evening. The game is said to have been a good exhibition of clean hockey. The return game this evening should be an interesting one.

Mr. Rochester, the Dominion secretary of the Lord's Day Alliance, visited Wolffville recently to look into the matter of the running of Sunday trains and to take steps to prevent the violation of the Lord's Day Act by the selling of goods, etc., on Sunday.

PHOTO PLAYS

At a meeting of the Science Club on Tuesday evening a very interesting lecture was given by Prof. Hermann, on "Education in Germany." The third lecture of the course will be given by Dr. Cullen next Tuesday evening at 7:30 o'clock, on "Why We Laugh."

The pulpit of the Wolffville Baptist church will be occupied on Sunday morning next by Rev. Dr. Spidle, owing to the illness of the pastor. In the evening the service will be under the auspices of the College Y. M. C. A. and will be addressed by Rev. S. S. Foote, of Middleton.

DON'T

Owing to the pastor of St. Andrew's church being again taken ill the communion service which was to have been held last Sunday morning was postponed until next Sunday morning. The services for the day were conducted by Mr. Howe, of the College. Rev. Mr. Miller will be assisted next Sunday by Rev. Mr. Upham, of Newport.

Everybody should see the big league hockey game to-night between Wolffville and Windsor, at Brange Line rink. The game at Windsor on Monday between these teams, when our boys beat the champions 4 to 5, was a surprise to all and was from start to finish an exciting, fast and interesting game, and the game to-night will be no exception. A pleasing feature of the game this year, between these two teams, is that there are three periods of twenty minutes play with a rest of ten minutes between each period. This makes for a better game than the old way. Should the score be even at the end of the third period, teams return to ice after ten minutes rest and play until either side scores.

THEM

The annual business meeting of the congregation of the Wolffville Baptist church was held on Friday evening of last week. Owing to the disagreeable state of the weather the attendance was small. The reports of the treasurer and of the various committees showed the finances of the congregation to be in a flourishing condition. Nearly two thousand dollars more was raised than in the preceding year. Mr. J. A. Caldwell was elected as a deacon in the place of Mr. O. H. Wallace, retiring. The secretary, Mr. J. B. Oakes, the treasurer, Capt. Flingley, and the registrar, Dr. Tufts, were re-elected for the coming year. Dr. Cullen was elected as superintendent of the Sunday School. The meeting was adjourned until Wednesday evening of next week.

Good for the Provinces.

WHAT THE MINISTER OF AGRICULTURE IS DOING FOR THE MARITIME PROVINCES.

The Hon. Martin Burrell, Minister of Agriculture, is occupying a portion of the Christmas holidays in the preparation of his new agricultural bill, which was forwarded to the speaker from the throne at the beginning of the session. The bill has for its purpose the co-operation of the Dominion in the spread of agricultural education throughout the provinces of the Dominion, and contemplates the appropriation for a period of five years or thereabouts of a large sum of money for that purpose.

The bill, says the minister, will be far more comprehensive than that introduced last year, and it is understood will contemplate the encouragement of education in colleges, the establishment of experimental farms in various parts of the Dominion, the holding of seed fairs, the encouragement of thoroughbred live stock raising, and various other phases of farming.

The minister does not contemplate much opposition to the bill in the House, and is confident that it will go through with little amendment. It is expected to be chiefly popular in the Maritime Provinces, where agriculture has not been as progressive of late years as is desirable, and where the agricultural population has shown serious decline. The measure, however, is intended to benefit the whole Dominion.

Hubert Grant, sentenced to be hanged Jan. 8th, for murder of Thomas Donaldson at Birch Cove May 20th, 1910, has had his sentence commuted to imprisonment for life.

Minard's Liniment Cures Colds, Etc.

Canadian Pacific Will Reconstruct Dominion Atlantic.

HOOR STARK BRIDGES WILL BE FUTURE OF WORK UNDERTAKEN BY THE C. P. R.

It was officially announced by the Canadian Pacific Railway at Montreal on Saturday that the Dominion Atlantic Railway, which is controlled by the C. P. R., will be practically reconstructed. At Yarmouth, the terminus of the D. A. R., extensive operations are to be commenced, immediately consisting of a new 500 foot modern wharf with an up to date warehouse. Along the line ten wooden bridges will be replaced by modern steel structures. Much of this bridging will be difficult and expensive work over tidal rivers, where in some cases there is a rise and fall in tide of from 30 to 40 feet.

Moose River bridge will be 918 feet in length. Aven bridge at Windsor is to be a steel structure of 1,100 feet, and the Bear River bridge 1,655, with sixteen spans.

The superstructure of these bridges are all of concrete, and they are designed to carry the heaviest locomotives.

Though this extensive work is being carried on, no announcement is forthcoming as to when the company will start operating the D. A. R. in the name of the Canadian Pacific Railway.

ASPHALT ROOFING.—Best on the market, sand surface, needs no painting. Good for 30 years.

Sold by D. A. Murno, Wolffville.

Just received supply of dry cell batteries—good and strong—at Drug store.

Personal Mention.

Contributions to this department will be gladly received.

Mrs. L. F. Benkhora, of Canning, is spending a week visiting relatives in Wolffville.

Mrs. W. D. Freeman, of Halifax, is visiting in town, the guest of Dr. and Mrs. Archibald.

Miss Gladys Shaw returned home on Saturday last from a visit of a few weeks in Massachusetts.

Mr. and Mrs. Avar V. Pines, of Kentville, who went west some weeks ago, are spending the winter in Victoria, B. C.

Mr. Herbert J. Bird, general superintendent of a prominent contracting firm at Moose Jaw, Sask., is a guest at Acadia Villa.

Miss Emily Freeman, of Milton, Queens county, is spending the winter in Wolffville, guest of Dr. and Mrs. Archibald.

Messrs. William Regan and Edward Fraser returned last Saturday from Boston, where they had been spending the holidays.

Mr. and Mrs. J. S. Margeson and little son Robert spent the Christmas holidays in Wolffville with Dr. and Mrs. Jones, Mrs. Margeson's parents. Mr. Fred Rand left on Saturday for Boston. He will take the machine shop course in the automobile school of the Y. M. C. A. This course, which is all practical and is acknowledged to be the best in the United States, together with the auto experience he has already had, will give him a thorough knowledge of this modern mode of transport.

Mr. Fenton E. Harris left on Saturday last for Boston en route for Butte, Montana, where he expects to spend some weeks. Before returning home he will probably visit relatives in Seattle, Wash., and will likely come back by the C. P. R. and take in some of the Western Canadian cities. His many friends will wish him a pleasant trip and safe return.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world-wide reputation by its cures of this disease and can be depended upon? It is known everywhere as Chamberlain's Cough Remedy, and is a remedy of real merit. For sale by all dealers.

A Talented Pianist

Miss Gourley's friends and former pupils will be pleased to learn that she will resume her classes in piano, cabinet organ, and voice. New pupils will be cordially received.

Miss Gourley's musical career has been one of much interest. The dawn of talent, and a desire for musical instruction, was noticed at the early age of five years. She would place books on a table, in the form of a piano, make chalk marks on the floor, and sing to her heart's content. At seven, her father purchased her a really piano, and she began to take lessons from a competent teacher in her native county of Colchester, and continued until she was fitted for more advanced work. Her next teacher was Prof. Cadwallader, of Fredericton, N. B., a German artist of great ability. The hours spent in his studio were seasons of wonder and delight. After teaching for a few years, Miss Gourley resumed study at Acadia Seminary, where she remained for three years, with such teachers as Miss Harding and Miss Hiltchens in voice, and Mrs. Churchill, see Miss Dodge, in piano.

After leaving the Seminary, she taught with marked success in Truro, and took a leading part in concerts, societies, and in church music. She filled the position of organist in the First Baptist church for a few years. Since coming to Wolffville she has had some good pupils, who speak in complimentary terms of Miss Gourley as a teacher. Attention is directed to Miss Gourley's card in the professional column. Apply by letter until further notice. Her residence and studio will be announced later. Address, Wolffville.

55 Tons of Paper.

This enormous quantity of paper was used in printing the 1913 edition of the No-Dru-Co Almanac, just off the press. As such almanacs weigh a little less than two ounces, this means that 700,000 copies were printed—one copy for every eleven individuals, or for every two families, in Canada.

Stronger evidence could scarcely be given of the wonderful popularity which has already been won by the No-Dru-Co Almanac now only in its fourth edition. This is due to the rich fund of useful information which it contains, and to its valuable hints on health and physical comfort. Your druggist has a copy for you. See that you get it.

Lochhartville.

Rev. Mr. Hudson, pastor Baptist church, was generously remembered on Christmas. He was presented with a nice far-lined coat and pair of fur driving mitts. His wife was also remembered.

Miss Ruby Dumas, who has been visiting relatives in Avenport, has returned home.

Mrs. Geo. Huntley, of Avenport, visited her parents for a few days.

Mr. and Mrs. Stephen Dumas, Mr. Thomas Nelson, of Macherville, and his brother, Mr. S. Nelson, of Bridgetown, visited relatives here recently.

Miss Bertha Norman, of Wolfbrook, and her sister, Miss Nora Norman, of Hantsport, have been visiting relatives.—Hants Journal.

T. L. Harvey

Death of Popular Minister.

There are many friends who have known the Rev. J. W. Anthony, who will regret to learn of his death, which took place on New Year's Day. He was taken ill suddenly the previous Sunday, and on Monday his condition was so serious that he was taken to the hospital at Truro to undergo an operation for appendicitis, from which he did not rally. He was a devoted pastor and earnest worker, and his death will be a great loss to the Methodist Conference. He was a native of Berwick, where the remains were interred on Friday last, 3rd inst. He leaves a widow, see Miss Borden, of Berwick, and a young son, for whom much sympathy is expressed. The deceased was ordained in 1900, and has labored since that time at Port Maitland, Middleton, Providence Church, Yarmouth, Lunenburg and Truro, where, as pastor of the Pleasant St. Church, he endeared himself to the people of all denominations.

Wedding at Canning.

The home of Mr. and Mrs. N. W. Bates, Canning, was the scene of a pretty home wedding on Tuesday of this week, when their second daughter, Miss Anne Louise, was united in matrimony to Mr. Charles H. Wright, of Middleton. The ceremony was performed by Rev. Arthur Hockin, pastor of the Methodist church. The bride was one of Canning's most popular young ladies, and the groom, who for the past two years has been a resident of Wolffville in the capacity of master builder of the new Baptist church and other fine buildings, is a young man of sterling qualities. The happy young couple will make their home for the present at Saskatoon, Sask.

Opera House.

The list of photoplays now being shown are just a little above the average as will be acknowledged by all those who are present this evening. On Monday night will be presented one of the most interesting Photoplays of the season, as the aeroplane flight across the English Channel by the late Harriet Quibby.

Moirs and Nelson's Chocolates in bulk and fancy boxes at RAND'S.

The organ recital in the Baptist church on Monday evening was a very enjoyable affair. Prof. Austen rendered an able program which well displayed the fine qualities of the splendid instrument of which the congregation is justly proud. The vocal numbers by Miss Wilson, Mrs. Austen and Rev. Mr. Wheeler were most enjoyable, as was the violin solo by Miss Langley. Quite a number of people from out of town were present.

WHY KEEP ON COUGHING?

Here is a Remedy That Will Stop It

Do you realize the danger in a persistent cough?

Then why don't you get rid of it? You can shake it off, even though it has stuck to you for a long time, if you get about it right.

Keep out in the fresh air as much as you can, build up your strength with plenty of wholesome food, and take No-Dru-Co Syrup of Linseed, Licorice and Chloroform. This simple household remedy has broken up thousands of hacking, persistent coughs, which were just as troublesome as yours, and what it has done for many others it will do for you. No-Dru-Co Syrup of Linseed, Licorice and Chloroform contains absolutely no harmful drugs, and so can be given safely to children, as well as adults. Your physician or druggist can confirm this statement, for we are ready to send them on request a complete list of all the ingredients.

Put up in 25c and 50c bottles by the National Drug and Chemical Co. of Canada, Limited.

Public Notice.

The undersigned beg to give notice that after Jan. 15th the price for delivering trucks in the town will in all cases be 25 cents each. For passengers to any point in the town the price will be 25 cents.
