

DEMONSTRATIONS

The Editor, The Evening Advocate. Dear Sir,—The editorial of this Morning's News contrasts the home coming of the boys who fought with that of the boys who ran. He throws a little cold water on our demonstration because there was practically no demonstration for our returned heroes. He does not say that there should not have been a demonstration but suggests that because there was not one then, there should not be one now. My contention is that there should have been one then. There will be one now. We know our business. The citizens appreciate what our athletes have done and wild horses will not prevent them from showing that appreciation.

At the luncheon at Donovan's Monday there will be present the Premier, the Mayor, the Leader of the Opposition, the Minister of Shipping, the City Members, the Commissioners, the officers and representatives of the Newfoundland Amateur Athletic Association, The National Sports Committee, the Heads of the Brigades, the Presidents of the City Athletic Associations, besides other guests. At seven thirty the boys will come to town and believe me they will be accorded a welcome such as Newfoundland has never seen before and will only see again when Jack Bell arrives. Talk of lighting up their houses, why, there are some who to show their appreciation would willingly burn them down.

Yours sincerely, GEO. W. B. AYRE. September 30th, 1921.

[It seems typical of many events that while newspapers are asked to contribute much free space for the gratification of sundry persons and objects the Press is not amongst "those present on the occasion." Ed.]

JOHN HORWOOD SAYS TANLAC SURELY DID HIM WORLD OF GOOD

Newfoundland Man Eats, Sleeps, and Works Better Than He Has In Years.

"Tanlac has simply done me a world of good and I'm strong for it," declared John Horwood, of Quidi Vidi, St. John's, Nfld. "Indigestion had almost finished me, as I had it for two years as bad as any man ever did. I couldn't eat a thing without bloating up so tight that I was in misery for hours afterwards, and I had such awful headaches and dizzy spells that I was worried and miserable all the time. I got very little rest at night and got up in the morning feeling so tired and worn out that I wasn't fit for work.

"This was the condition I was in when I started taking Tanlac, and I can say for this medicine it has made a new man of me. I eat, sleep, feel, and work better than I have in years. I'm willing to go on record as saying that I firmly believe Tanlac is the best medicine ever made."

Tanlac is sold by leading druggists everywhere.

KEEP AT IT

(Twillingate Sun) Premier Squires has inquired into the Furdney tariff bill with the Senate committee at Washington, and that body may not allow the passing of the measure, thus affecting the entry of our products into America.

If the Premier should be successful in his endeavors the \$5.00 tax on herring will be saved, thus giving us a chance to keep up that industry at a profit to the U.S.A.

When we consider the immense trade done in herring, even in this section of the district, we see that even though the price is not the highest but it has helped to accommodate our people with the present needs.

The American tariff has not affected last spring's catch, and many of our shipments have been to Halifax, thence to the southern markets.

The catch was, we are surprised to learn, in the neighborhood of \$100,000 worth for this district, the exports from Twillingate being about \$73,000. In the northern part of the district we learn that not more than 10,000 barrels of herring were shipped. This includes Springdale, and the people there will have a chance to sell again this Fall, as buyers are thinking of doing business there. The Union Trading Co. intend packing, also Redman and Boak.

This industry gives employment to coopers, sawyers, and a host of other people who engage in netting, packing and shipping, besides gaining a livelihood when other avenues of employment are cut off.

If it had not been for the turn-over of the herring business—although at a low value—this spring, we fear a condition of affairs would have overtaken us, that we would perhaps not have emerged from.

The 'Sun' tenders a word of gratitude to the suppliers here and elsewhere, for their venture into the herring trade, and to the fisherfolk who, helped in no mean way to get this article of food to other races of the earth.

If care is taken our market should continue as a lasting benefit to Newfoundland, and perhaps other markets will be opened that would be glad to purchase from us. Russia, it seems, can tackle large stocks of pickled fish and perhaps our men in control can gain that field for big shipments.

Plague of Worms Now

RIGA, Sept.—A plague of worms is the latest Russian calamity in the Government of Simbirsk, the heart of the Volga famine region.

An official Moscow wireless despatch says that in the Ardatov district of Simbirsk a swarm of worms has appeared which is devouring all vegetation. The District Land Department has sent an agriculturist to aid in fighting them.

It is believed the worms are a variety of caterpillar, rivaling in destructiveness the grasshoppers and locusts which destroyed a large part of the poor crops in some of the other famine stricken sections of Russia.

The official Bolshevik Rosta Agency tells of extensive epidemics of scurvy, typhus and cholera in the Tartar Republic and pictures the general famine situation as growing worse.

COCHRANE ST. CHOIR ARE GIVEN BANQUET

LAST night in the Lecture Room of Cochrane St. Church, the Choir of the Church were given a dinner by many ladies of the Congregation, prominent among whom was Miss MacKay. The occasion was designed as a re-union of the Choir and an opportunity to meet their new Pastor, Rev. C. H. Johnson and his wife. At 7.30 p.m. the Choir and other guests sat down to a magnificent dinner, in the preparation of which the Methodist Ladies sustained, and even enhanced their reputation, and for an hour or so discussed the good things with which the tables were loaded down.

Then Miss Hettie Vincent, soprano soloist of the Choir, in a very graceful and easy manner, proposed on behalf of the Choir, a vote of thanks to the Ladies who had made the re-union possible and who had supplied the dinner with such bounteous hands. Miss Vincent also extended a hearty welcome to Rev. Mr. Johnson and his wife, and made special reference to the energy of Mr. A. H. Salter, who was always ready to see that the Choir got what they wanted. This was seconded by Mr. Charles Hatcher, Baritone Soloist of the Choir, and supported by Mr. Arthur Mews, C. M. G. Choirmaster. Mr. Mews added his appreciation of the good work of the Ladies in supplying such an excellent dinner, and spoke briefly on the great value of the Choir to the Church.

Rev. Mr. Johnson, before putting the motion spoke interestingly on the relationships which existed between Pastor and Choir, and reminded the gathering of the definite plan upon which he usually selected his hymns for each service. The first was of Praise and Adoration to the Almighty, the second was of the Lord Jesus Christ and the third in relation to the thought contained in the sermon. He welcomed this re-union and expected that the relationship between the Pastor and Choir would be one of Harmony and Good-will. The vote was enthusiastically supported by the gathering. Adjournment was then taken to another room and a short concert was given by the Choir members, Rev. Mr. Johnson helping out by two musical competitions.

The following was the program:

- Instrumental Duet:—Messrs. T. E. Clouter and B. Chown. Solo:—Miss Nellie Maunder. Solo:—Mr. Lea. Recitation:—Mr. Newbury. Ukulele Selections:—Miss Marjorie Mews. Duet:—Misses Frances Stone and Winnie Bowden. Solo:—Mr. Charles Hatcher.

Mr. A. H. Salter made a popular "starter" for the different items and carried out his duties in first class style.

A presentation of a beautiful bouquet of flowers was made to Mrs. C. H. Johnson, and an illuminated address to the Pastor, by the Choir, the address being read by Miss Young, Mr. Johnson suitably responding to this graceful act.

A jolly hour was then spent when games of sundry kinds were enjoyed by the Choir and their friends, all voting the affair one of the pleasantest in Cochrane history. At 11.30 Auld Lang Syne and God Save the King were sung, and "May we have another soon," a song composed by the Choirmaster on the spur of the moment, was taken up enthusiastically by all!
