FATAL ACCIDENT.—Last Friday the infant child of William Wilson, Turtle Creek, aged about 3 years, fell down stairs and was instantly killed.

READ W. W. Black's advertisement in another column of this issue. A glance over Mr. Black's stock of Artists' materials, oil paintings, gravures, mirrors, mouldings, etc., purchased as they are, almost wholly direct from manufacturers must convince that an investment cannot fail to prove satisfactory.

STILL LABOR.—William Hawkes of Shelburne, A. Co., informs us that the OBSERVER office, last Saturday, was besieged by a number of those that favor fruit. One man weighed 132 lbs and weighed 123 ounces while the other weighed 123 lbs and weighed 123 ounces. Who can say Albert County cannot produce apples?

THE SURETY SUPPER.—The supper at the Methodist Church, Sunday evening, was a success. A variety of refreshments, served in first class style, rendered the supper a most successful social evening, as up to 100 upwards of \$25 realized for charity purposes.

OTTER SUPPER.—The ladies of the Hillsboro Sewing Circle provided an appetizing supper, last Tuesday evening, in the hall. The entertainment, which was well patronized, was repeated on Wednesday evening, which proved very successful, preventing a large attendance.

STOCKS.—The sale of the provincial government stock recently purchased at Fredericton by the Moncton and Caledonia Agricultural Society, 19, took place on Saturday afternoon. The bidding was lively and the price realized good. The sales were as follows:—John O'Neil of Irishtown, bought the first choice of runs, one at \$37.50.

Bazaar in Lower Hillsboro.—The ladies of the Valley Baptist Church held a bazaar in the vestry of their church last Tuesday evening. The event proved fine and a large number of persons were present. The fancy articles and ready purchasers at fair prices. For some days previous to the bazaar there was considerable excitement over it.

Mrs. Lillian Steves and Miss Amelia Gross were appointed to solicit subscriptions, and the one who secured the largest amount was to have the quilt. After a sharp contest Miss Gross won the quilt having secured about \$17 more than her fair competitor.

Orders of \$60 were realized in this way. During the evening refreshments in great quantities were offered for sale and were in great demand. The total proceeds amounted to about \$100.

Albert Notes.

Everything is as quiet as usual in our town with the exception that the weather is fine which greatly benefits the farmers.

Mrs. P. R. Stevens came to her home at Albert last Monday from a visit to Halifax and St. John.

It is reported that a middle aged widower from a town not over 20 miles away is expected in town soon.

Warren Oliver went to St. John last Monday.

D. H. Calhoun went to Memramook last Monday.

Captain A. H. Kinsey went to St. John on Monday.

Mr. Long ago might be seen a man in the vicinity of the carriage shop gathering apples by the moon-light, and as he poured the baskets full in the barrel he was heard to say that they would "last until Ah! Ah! May."

Mrs. Dibblee of St. John came to Harvey last Monday.

A very rare find has been made near Wye Brook in the shape of two very large Bone Scoops evidently of very ancient date.

Fred Smith left Tuesday for his home in Boston, Mass.

The Albert Baptist Church which has been under going repairs for the last 3 weeks will be re-opened on Sunday next.

Eugene Cousart Copy came to his home at Riverside last Friday from Rockport, N. B.

Mr. Truman Carter, of New Horton, is selling his farm, stock, etc., with the intention of moving away.

Mr. J. B. McAlpine, who has been in Harvey for some months, leaves this week with wife and children for St. John.

The Horn Brook bridge has a good strong railing, placed there recently by Mr. W. Jones.

Rev. L. M. Weeks was away for a few day last week, attending the Quarterly at 2nd Elgin church, returning on Saturday.

It is reported that coming from the quarterly, Rev. J. E. Fillmore met with a serious accident. On the short road from Fraser Brook to Riverside and near the latter place, there is an exceedingly bad bridge.

Through this Rev. J. F. Kempton's horse fell on his way to the Quarterly and narrowly escaped breaking its legs.

Re-turative Rev. Mr. Fillmore undertook to drive his horse across this bridge, coming on to it as he was, when the wheel of the carriage going over him and something, probably the step inflicting a serious wound, a little above and back of the left eye. This is a quite new injury necessary, but it does seem peculiar for the authorities to allow private property and human life to be in the possession of a few paltry dollars, and year after year such terrible risks.

The Albert Co. Teachers' Institute to convene here next Thursday morning at the Harvey School Meeting, last Thursday, Mr. Albert Smith and Rev. E. Bishop were elected Trustees, vice Messrs J. N. Wells and F. Bishop resigned.

W. A. West Esq. remains Trustee and was elected Secy-Treas. from Harvey. \$400 voted for current expenses and repairs on school house.

Caledonia Notes. The frost has done much harm to the late crop and the rains and dull weather are causing great delay and loss to the farmers in gathering in their crops.

There are two schools taught here, one by Miss Murphy, of Harvey, and the other by Miss Copp, of Amherst, N. S. Both are giving good satisfaction.

Mrs. J. F. Kempton, of Riverside, organized a "Woman's In Society" in this place, in connection with the Baptist Church, on the 10th inst.

The officers are: Mrs. C. Stewart, President; Mrs. M. Bishop, Vice-President; Mrs. Prady Bishop, Secretary; Miss Mary Tarror, Treasurer.

In the evening the Rev. J. F. Kempton preached a very impressive sermon, assisted by the pastor of the church, Rev. J. E. Fillmore.

The short visit of Mr. and Mrs. Kempton was very highly appreciated by the pastor and his people.

Moncton Notes.

Yesterday and to-day have been beautiful days. Policeman Harvey threatens to sue the "Times" for damages, it having published some damaging reports of him a few days ago.

Policeman Foster has resigned his position on the police force. No better policeman ever walked on a beat in Moncton than Mr. Foster.

Dr. C. W. Bradley has been elected by the Curling Club a delegate to the meeting of the Maritime branch of the Royal Caledonia Club to be held in Moncton on the 17th.

Flour has taken a considerable rise here and is now selling at \$7.50 a barrel and some of our merchants say it will sell at \$10.00 this winter.

Mr. J. E. Bedford, of the I. C. R. was united in marriage to Miss Jennie M., eldest daughter of Mr. W. G. Matthews, in the Methodist Church Wednesday evening, by Rev. Geo. M. Campbell, the happy couple left for a trip through the northern Counties.

Then LeBlanc's bartender was arrested Wednesday night for violation of the Canada Temperance Act. As he was arrested without papers it was claimed the arrest was illegal.

The bartender was brought before Stenoxyndary Writman the next afternoon and R. B. Smith appeared on behalf of the prisoner, who was dismissed. In the meantime another complaint was entered against him and the warrant given to Constable Burgess. But as soon as the prisoner was dismissed he took to his heels.

Constable Burgess a poor second.

Oct. 18 1888.

Botsford Notes. The farmers here are very backward with their harvest on account of the wet weather. The crops are very light, potatoes especially.

The farmers who availed themselves of the cheap trip to the "rich and glowing west" have returned fully convinced that it is far ahead of N. B. We understand that some of them have purchased farms and will take their families out as soon as possible.

A large amount of lumber is lying along the shores yet unshipped, as vessels cannot be procured to carry it away. This shows the increase of lumber cutting in this parish.

Quite a number of our most enterprising young men are putting in shares for the erection and working of the Port Elgin Wood Factory. We hope they will be amply rewarded for their enterprise and courage and will soon be able to enlarge their factory or start new ones.

Large amounts of stone are carried to the N. B. & P. E. Railway for the Pier at Cape "Boulevard". We are glad to see the work so rapidly pushed forward and it will be a great advantage to the lumbermen and shippers of that part of the parish.

DR. SWAYNE & SON, Proprietors, Philadelphia. SWAYNE'S OINTMENT has been obtained of druggists. Sent by mail for 25 cents.

Fredricton Notes.

About the most that can be heard in and around the Capital for the last week concerning the great froshets the likes of which the oldest say they never knew.

The rain poured down in torrents and the water rose very rapidly. In the St. John river it was as high as during the usual Spring freshets.

A great deal of damage has been done in all directions. The railroads have suffered greatly by washouts and bridges swept away.

The New Brunswick inland ice trains running again, but the Northern and Western trains are not running yet on account of a bridge being carried away, and several washouts all of which are being rapidly repaired.

The damage done on the River to the farmers is very large, some having lost all of their crops. It is almost enough to discourage them for the waters rose so fast there was no time to save anything.

A great deal of grain was out, all of which was carried away and principal part of the loss and hay. It is supposed that hundreds of tons have been lost.

So to say the very least the losses to farmers alone will be thousands of dollars on the St. John river. The loss to the lumbermen will be equally as large.

It is estimated that about 5,000,000 feet of logs have been carried out in the main river mostly all of which will be lost, with about 80,000 feet of pine boards and about 1,500,000 feet of deals. No one has been a heavier loser than Mr. A. Gibson.

LATER. The water has gone down greatly. We have fine weather again and everything looks encouraging.

The Aoadia of the Union line was badly damaged the other day by coming in contact with the railroad bridge, caused by a log in the wheel. She is being repaired.

A big in the Salvation Army, a banquet and jubilee, a Gipsy band and a lot of big guns.

The Free Baptists Conference is in session at Blainville this week. The Rev. Mr. Roberts preached in this City on Sabbath last. He is one of the aged cherygym in the Conference.

He preached an able sermon from 122 psalm last verse to a very large audience. May God bless his labours for good.

S. S. Concert. The Sabbath School in connection with the Hillsboro Baptist Church gave the best concert in the Baptist Church last Sunday evening. The Church was last-fully and appropriately decorated with flowers and fruits, while the motto, "What shall the harvest be" was displayed from the wall behind the pulpit.

The attendance was large and all seemed well-pleased with the programme which was promptly and successfully carried out. Misses Annie and Emma Geldart presided at the organ with their usual efficiency.

The following was the PROGRAMME. Dogology. Prayer. Pastor. Chorus—"Bring in the tithes."

Reading—By Mrs. Thos. Gray. Music—"Where hast thou gleaned to-day?"

Chorus—"All day I have gleaned." Reading—By Mrs. Isiah Steves. Chorus—"When the harvest is past."

Recitation—By Miss Kinney. Chorus—"O, Where are the reapers?"

Report—By Superintendent. Music—"What a gathering that will be!"

Address—By Pastor. Music—"Heaven and home and free."

Music—"Going home and by-and-by." The pastor, Rev. W. Camp, gave a very interesting address, taking for the basis of his remarks the four words, "And He called them" Though the remarks were addressed to the children yet adults might derive much benefit by carefully meditating upon them and heeding the advice given.

The superintendent, Mr. John L. Steves, read a report which, though prepared very hastily, proved exceedingly interesting. Having obtained the very reliable co-operation of Mr. Steves we published a full and correct sketch of his report in appearing before you at this Thanksgiving and looking back over the past year we feel that we have great cause for thankfulness for God's goodness and mercy to us, and I hope that the many who are here to-night will be able to testify to it.

Mr. Steves we are very highly indebted to for his kind and warm heartedness in coming here to us in the dispensation of His providence and called home one of our teachers—one who by his earnest, christian life and faithful labors in the Sabbath School work, had labored to secure very highly for us in the past year, and we have been very deeply reminded of the fact that the time will come to each one of us when our labors will cease.

Therefore as we realize that the time is short in which we have to labor let us consecrate ourselves more devotedly to the work in which we are engaged.

The officers of the school for the present year are as follows: Superintendent—John L. Steves. Asst. Supt. John T. Steves. Librarian, Harris M. Fettes and Arnett Smith; Secy-Treasurer, Rev. Steves; Executive Committee, John L. Steves, Organic Miss Nettie Corrie. We have enrolled 103 scholars and 11 teachers. Our finances are in a highly condition. We are poorly supplied with books just at present but have the funds and expect to secure a large library very soon.

It will be our earnest intention to make the school more interesting and successful in the future. We find that one of the greatest hindrances with which we have to contend is the indifference of the great majority of professing christians, who do not look upon the Sunday School as a separate organization having no connection with the church. I believe that if the Church were as fully alive to the importance of this great work as it should be there would be no lack of laborers in the Sunday School work.

It appears to me that the Church is slow to heed the voice of Christ to help us in this "labor of love," and I feel that I cannot use more forcible language than the words of the hymn that has just been sung. O, who will come and help us to enter in the "sheep's good from the fold of sin," etc.

Respectfully submitted JOHN L. STEVES Superintendent.
