Week's War News

The French trawler St. Just was blown up on Thursday by a German submarine. The Captain alone survived.

Geneva, May 20.—A Petrograd despatch to the Tribune states that a British submarine penetrated the Baltic, and sank a German transport off Libau.

Venice, May 21.—Austrian troops today fired upon Italians who had started a demonstration at Zara, the capital of Dalmatia, and had destroyed Austrian bags. Several persons were killed and many wounded.

Stratford, Ont., May 20.—In a letter from the front received here today Lieutenant J. B. Morrison, of the Canadian Army Service Corps, states that he himself saw a Canadian soldier who had been crucified by Germans in Belgium.

Paris, May 21.—Italy has struck the first blow at Austria through her fleet, according to a news agency despatch from Rome. This asserts that the Italian warship which have been patrolling the Albanian coast have "entered" the Austrian port of Cattaro, Dalmatia, on the Adriatic.

Montreal, May 20.—Mr. S. H. Mundheim, of Quebec, German manager of the Cement Products Company of Canada, was arrested in Montreal today because of his pro-German attitude since the beginning of the war, and he will be interned at Fort Henry, Kingston. The arrest was made at the instigation of the authorities at Ottawa.

Berne, Switzerland, May 21.—The Swiss authorities have decided to make representations to Germany on the sinking of the Lusitania by a German submarine, as a result of which three Swiss citizens lost their lives. The government is awaiting knowledge of the German reply to Washington. Behind the Swiss representations will be the Swiss army 500,000 strong.

Venice, May 21.—Austria has begun internment all Italian males between the ages of 17 and 60. Fifty thousand Italians in the country around Barbariga, Dignano and Marsana, in the Trieste region, were today placed aboard trains bound for concentration camps in Carniola and Croatia. Leading Italians in Pola have been arrested and others terrorized by Austrian mobs.

Geneva, May 20.—The German Emperor and his staff had a narrow escape on Sunday while watching the operations in a village near the river San, in Galicia. According to a despatch from Budapest, which reached here by indirect route, a heavy shell burst 500 yards away. It fell among some automobiles, destroying several machines, including the Emperor's and killing his chauffeur. The Emperor had left his car only fifteen minutes before. As more Russian shells were falling in the neighborhood, the Emperor and his staff left hastily in machines which they commanded.

Paris, May 21.—The French aviator Moreau fell 1,400 feet at Melun, 27 miles southeast of Paris, today, and was killed.

Rome, May 22.—Roumania is secretly mobilizing almost her entire army, according to private despatches from Bucharest received here today.

Athens, May 21.—"All the Turkish forts on the Asiatic side of the Dardanelles have been destroyed," says a despatch received from Smyrna today. Several of the European forts are still holding out, however.

Rome, May 22.—Italy's war declaration will go flashing on its way to Vienna before night, according to a well defined rumor credited in diplomatic circles here today.

Berlin, (via The Hague), May 22.—The German reply to the American note probably will be completed on Monday or Tuesday. Herr Von Jagok, the German Foreign Secretary, so informed Ambassador Gerard in a personal call at the Embassy.

London, May 22.—The Copenhagen correspondent of the London Daily Mail says he has learned from an authoritative Berlin source that Germany is about to call up two million more men, Berlin official circles, he states, believe that an army of half a million will be sufficient to cope with Italy.

Verona, Italy, May 21.—Austrian frontier troops at Ponte Di Cattaro have retired behind their fortified lines at Condina, destroying telephone and telegraph lines on their way. The Austrian civil population has been advised to take refuge behind the lines and forts.

Ottawa, May 20.—Authentic information received by the militia department from German sources shows that while the Canadians at the battle of Langemarck had over six thousand casualties, the loss they inflicted upon the enemy was even more terrible. The Germans had 12,000 killed and over 20,000 wounded.

While the Canadian contingent is doing its part at the front and the Canadian business man is doing his part at home, it remains for the Canadian citizen also to do his part. It is patriotic and it is good business to buy goods, first, that are made in our own town, second, in our own country, and third, in our own British Empire.

Ottawa, May 22.—The Canadians signaled their return to the front from recuperating after Langemarck by a brilliant attack on Friday night on the German position. A strong German position in an orchard near Ypres was carried Friday night by a brilliant bayonet charge. In this charge were the 2nd Brigade, under Col. Currie, and the 3rd Brigade, Canadian Highlanders commanded by General Turner. Many machine guns were captured and several hundred prisoners.

Terrible Scene At Execution

Dying Man Struggled to Get Hold of the Ropes

Montreal, May 21.—Antonio Di Lena paid the extreme penalty of the law this morning at Bordeaux Jail for the murder of Giuseppe Greco, at Cedar Rapids, last September. Although he went to the scaffold without a tremor, Di Lena's execution was rendered painful to those called upon to witness it, by the fact that the condemned man struggled for life for several minutes after the drop fell.

Di Lena walked to the scaffold at 7:40 o'clock. Ten seconds after the fall of the drop Di Lena with a convulsive movement, kicked the slipper from his right foot. Five seconds later, he loosened the bonds which bound his hands and thrust his forearms up toward the rope, as if he could seize it to slacken it. His elbows were fastened to the belt around his waist, however, and he could not reach a point higher than his head and it was impossible for him to seize the rope. A series of convulsive movements on the part of the condemned man followed. Di Lena struggled, drew his lower limbs up until his knees were on a level with his chin and the writhing of the dying man caused the witnesses of the execution to turn their heads away in horror.

For five minutes the contortions of Di Lena's body continued and then the muscles relaxed.

At the end of ten minutes, Dr. Benoit pronounced Di Lena dead, and the hangman cut the down.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes one childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FIRST DOSE ENDS INDIGESTION, HEARTBURN, OR GAS ON STOMACH

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking Tonaline Tablets. People with weak stomachs should take Tonaline Tablets occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach, or belching of undigested food, headaches, dizziness or sick stomach; and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking Tonaline Tablets.

Go to your druggist and get a \$1 box of Tonaline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonaline tabs freshen you and make you feel like life is worth living.

Tonaline Tablets cost \$1.00 for a 50 days' treatment. At druggists or mailed by American Proprietary Co., Boston, Mass.

Army Bandmen Fighting for Allies

A Colonel of a certain British regiment wanted to form a band, but but didn't know how he could obtain sufficient players. One of his officers remarked to him one day, that there were a good many Salvation Army men in the regiment. "Why not form a band out of them?" suggested the subaltern. "All those Army fellows can play an instrument of some sort." On parade next day, the Colonel gave the command—"All men belonging to the Salvation Army, ten paces to the front—march." To his surprise, over one hundred men stepped forward. "Now all those who can play a musical instrument step forward," was the next command. Sixty-seven men moved, and out of this number the Colonel selected thirty-two for his band. So that regiment now marches with a real Salvation Army band at its head.

London, May 22.—A Rome despatch to the Exchange Telegraph Co., which reports the cutting of railway communication by Austrians at Udine, states that one train from Milan, going toward Austria, was stopped and seized on Austrian territory. The crew of the train is reported to have been arrested.
