Win The War Convention

Urges National Government And Extension of Parliament

Toronto, Aug. 3.—The convention of Win the War Liberals and Conservatives closed its business sessions here this afternoon and was followed by a mass meeting of women in the arena tonight at which the resolutions adopted by the convention were endorsed.

A large and representative committee, appointed in the closing hour of the convention, left tonight for Ottawa to present the resolution to Sir Robert Borden, whose prospect of a union war government has received a powerful impetus from this impressive gathering of men from all over the province.

The Resolutions
The convention declared itself for a national non-partizan government in the following resolution:
"Whereas this convention, deeply deploring as it does the holding of a general election in time of war,
"Resolved, first, that the Prime Minister should, without delay, form a national non-partizan government representative of all who demand vigorous prosecution of the war and in determining upon its members should disregard previous party affiliation.
Secondly—Immediately upon the formation of such a national non-partizan government, the leader of such government is to introduce a resolution requesting the extension of the term of Parliament."

Among other resolutions passed was one that in the event of an election, win the war elements in each constituency should unite upon a single candidate pledged to win the war policies and that such candidate should not accept the nomination of any political party nor represent it.

Another resolution recorded a deep seated conviction against the accumulation of wealth out of the exigencies of war and called upon the government to conscript in a large measure exorbitant profits due to the war.

Further resolutions called for three months' leave of absence for the men at the front, an increase in pay, and a guarantee that all soldiers be given a vote in the event of a general election, and that no expense be spared to see that they are given a proper knowledge of the issues involved.

On the motion of Col. Muloy, the convention declared that at this crisis in the affairs of Canada, the following principles ought to be adopted by all true Canadians:
"That Canada must dedicate all resources of men and means to winning the war.
"That in order to justify our national existence, to succor our living and to be worthy of the sad, measureless conscription of men and resources must be immediately adopted and enforced to maintain the strength of our forces at the front and to discharge our full duty in the existing emergency.
"That a national non-partizan Government must be established for the vigorous prosecution of the war.
"That no activities incident to approaching election be allowed to delay the impartial enforcement of the military service bill of 1917 immediately upon its becoming law.
"That all elements in the country which place winning the war above all other consideration must be united to the end that they may be made effective to overcome selfishness and indifference, and that the people of Canada may be consecrated anew to their high destiny of service in the war.
"That action on all controversial questions not affecting the war so far as possible be postponed until after the war.
"That measures in accord with the above principles are greater than men, and their allegiance to any leader or who has not himself accepted those principles is inconsistent with win the war principles.
"And this convention therefore de-

Letter From Walter L. Maltby

Was Bruised in the Chest By a Shell at the Front

Mrs. Margaret Maltby, the wounding of whose son, Sgt. Walter L. Maltby, of the 15th Battery, was recently reported, received a letter from him last Saturday, in which he stated that he had been struck by a shell on July 5th, which tore his shirt and bruised the muscle of his right chest. He did not state whether he was then (four days after the accident) on duty or not.

ASKING FOR EXTENSION ON SALMON FISHING

The fishermen of the Miramichi are petitioning the Hon. J. D. Hazen, Minister of Marine and Fisheries for an extension of fifteen days in salmon fishing, that is from August 15th to August 30. The fishermen claim that, owing to the lateness of the season resulting in the catch of salmon being much less than in former years, and the cost of fishing material having advanced 100 per cent., many of the fishermen have not cleared their rigging. Therefore they are asking for the extension which would in some degree compensate for the loss they have sustained.

The report in one of our recent issues that the extension had been granted on the North Shore was incorrect. The extension was granted on the St. John waters, but not on the Miramichi.

Fighting For Happiness

When you get into a frame of mind that makes life seem one tiresome duty after another, with no pleasure in it; when ill-health seems to take all the joy out of life and you worry over things that are really not worth worrying about, then your nervous system is becoming exhausted, and you are on the way to a general breakdown in health. In this condition your health and happiness is worth fighting for and good, rich, red blood is what your system needs. It is a hopeless task to try to restore your health while your blood is deficient either in quantity or quality. And remember that no medicine can be of any use to you that does not build up your weak, watery blood.

To build up the blood and strengthen the nerves there is one remedy that has been a household word for more than a generation—Dr. Williams' Pink Pills for Pale People. It is the actual mission of these pills to make new, rich, red blood, which strengthens the nerves and tones the entire system. They give you a new appetite, make sleep refreshing, put color in the lips and cheeks, and drive away that unnatural tired feeling that oppresses so many people. If you want to experience new health and happiness give Dr. Williams' Pink Pills a fair trial.

You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
