

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARIOTT
78 Lees Ave., Ottawa, Ont.,
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from *Liver and Kidney Trouble*. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 years past, I have taken them regularly and would not change for anything. *I have not had an hour's sickness since I commenced using 'Fruit-a-tives'*, and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain".

LOGGIEVILLE

FUNERAL OF THE LATE MISS JANE MITCHELL

Loggieville, Dec. 11.—The funeral of the late Miss Jane Mitchell, whose death occurred at the home of Mrs. John Robertson, as the evening shadows began to gather in on the 2nd inst. took place on Wednesday, the 5th, at noon. Miss Mitchell was in her 83rd year. She came to this town from Newcastle about two and one half years ago. She was a person of winning personality, and had many strongly attached friends. She was well endowed by nature. Her education and refinement, her zeal and devotion as a Christian, her readiness to help in every good work, her self-sacrificing spirit, her faith and fortitude made her a light and blessing, and a special gift of God to the friends and acquaintances whom she came in contact with. Miss Mitchell possessed scholarly tastes, was a great lover of the best literature. She could converse intelligently on the great subjects of the day. She was deeply interested in Temperance, reform, Sabbath Observance, and missionary work at home and abroad. She had a rare combination of intellect, learning and deep spiritual insight into the truth, and simple undeluted saintliness. Soon after her arrival here, she identified herself with the life of the place, and she did not spare herself in ministering to those whom she found it possible to visit. The children in homes where she went awaited her coming with eager interest. She did not allow advancing years to hinder her from keeping in touch with friends, for when unable to get around among them she resorted to her pen, which she could handle skilfully. Although departed the late Miss Mitchell will speak to those who knew her best for many years to come. Her last illness was only of a day's duration. Up until the day of her death she was able to attend to her usual duties. The funeral service here was conducted by Rev. Wilmer Rosborough, assisted by members of the Presbyterian church choir. Three favorite hymns of the deceased were sung, viz:—Come Holy Spirit, Our Eldest Redeemer and Just as I am. The remains were taken to Newcastle, for interment in the St. James' Cemetery.

Arthur McDonald, who has been in the States for an extended period of time, is now at his home here. Miss Lottie Loggie arrived home from Halifax on Saturday. She has been attending the musical conservatory there, and had a very narrow escape from injuries in the recent great disaster. Several other Loggieville people were in Halifax at the time of the explosion, but all have been heard from.

Mr. and Mrs. William Matthews have returned from a visit to out of town relatives. Mrs. Donald Johnstone's many friends are glad to know that she is recovering, from her recent serious illness.

SILLIKERS NOTES

There was no service in the Presbyterian church Sunday, owing to our pastor's Mr. McCurdy's anxiety regarding his daughter who was in the City of Halifax at the time of the terrible explosion, however news has since been received here to the effect that Helen is quite safe and we all hope to see her home again in the course of a few days.

SUFFERING CATS! GIVE THIS MAN THE GOLD MEDAL

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called frezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug is a sticky ether compound, but dries at once and simply shrivels up the corn without inflaming or even irritating the surrounding tissue.

It is claimed that a quarter of an ounce of frezone obtained at any drug store will cost very little but is sufficient to remove every hard or soft corn, or callus from one's feet. Cut this out, especially if you are a woman reader who wears high heels.

Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders—to Get Any Rest.

Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Elise, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and although he doctored for some time and tried different other remedies, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is not losing weight, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and links them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines, and cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
