## Why Rheumatism Often Comes Back

The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack.

Then when the system becomes run down from any cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels of excretion, the bowels, kidneys and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack.

This is proved by the case of Mrs. J. Hewitt, Beach P.D., Hamilton, Ont., who says: "For a number of years I was troubled with muscular rheumatism, which caused me a great deal of suffering. I would get rid of the trouble for a time, but it always came back. A friend recommended Dr. Williams' Pink Pills and I have not had an attack of rheumatism since I took them, and that is five years ago. I have since used the pills for anaemia and found them equally good, and I now recommend them to any friends who may be ailing."

You can get these pills from any medicine dealer or by mail at 50 cts a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

## SEPARATION OF INDIA FROM THE BRITISH EMPIRE

A full program for the separation of India from the British empire and establishment of the "Federated Republic of India" will be submitted to the Indian National Congress at the annual session of that organization at Gaya, British India, this week according to information received in British official circles.

Great interest in the program is evidenced in official quarters where it is said to be the direct work of the Bolsheviki. The Indian National Congress is the organization which M. Handas K. Ganhi headed until his arrest and imprisonment this year.

The scheme said to have originated with M. N. Roy, an Indian communist living in Berlin, employs the familiar communist terminology. It declares the Nationalist movement has reached the stage where adoption of a definite program, as well as definite action, can no longer be deferred.

The ambiguous term "Swaraj" it seems is open to many definitions; therefore a militant program of action is indispensable in order to mobilize all available revolutionary forces. The theory of equal partnership in the "British commonwealth" is held to be but a "gilded version of imperialism" as only the upper classes, the document says, have benefited by it.

## Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Food are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. seemed savage and soon cleared the ring by his kicking, then wound up his performance as a bad actor by putting both his hind feet through the side of the auctioneer's box.

His exhibition, thus described by Al. H. Standish, one of the associate editors of the American Horse Breeder, published at Boston, who was at the sale and is here today together with that he is eligible to 2.09 classes on half mile rings, and there are no trots as fast as that on any circuits in the country, were given by Mr. Standish as explanation of the ap-

parently ridiculously low price of \$900 at which the gelding, which sold for \$25,000 two years before as a stallion, was disposed of.

Mr. Standish said the chestnut trotter started to show a nasty disposition immediately on his appearance. He denied that the gelding was suffering from a return of the bolts with which he was afflicted in the season of 1920, but said he looked to be in fine condition.

Mr. Standish has been making a tour of Aroostock county and New Brunswick, and goes to St. Stephen tonight.

## SWINGING ROUND THE BIG CIRCLE

THE Canadian Pacific Railway, a nation-wide institution, touches the life of Canada at all points. One of the primary requisites of its employees is to know Canada in all its aspects—not merely the conditions of the district in which they happen to live, but the conditions of the entire country. This is particularly the case with passenger department men, who, to be real friends of the travelling public, should have wide knowledge gained from actual residence and experience in different parts of the Dominion.

In order to give its officials this nation-wide outlook and experience, the Canadian Pacific swings them around the big circle—once in a while. Men in the east go west, and westerners come east. One such swing, together with some important promotions, are just announced by Mr. C. B. Foster, Passenger Traffic Manager of the company. From Vancouver (where he has been General Passenger Agent), Mr. H. W. Brodie (3) goes east to Montreal to become Assistant Passenger Traffic Manager.

Mr. W. H. Snell (6) General Passenger Agent at Montreal, goes to take a similar position at Vancouver, and Mr. G. A. Walton (2), General Passenger Agent at Winnipeg, takes over Mr. Snell's duties at Montreal. Mr. N. R. DesBrisay (8), District Passenger Agent at St. John, goes to be Assistant General Passenger Agent at Winnipeg, and Mr. W. B. Howard (1), who has been District Passenger Agent at Toronto, goes to be Assistant General Passenger Agent at Montreal, and Mr. G. B. Burpee (5),

General Agent at Cleveland, Ohio, goes to be District Passenger Agent at St. John. Amongst the promotions announced at the same time are Mr. Walter Maughan (9), Assistant General Passenger Agent, Montreal, to be Assistant General Passenger Traffic Manager; Mr. R. G. McNeillie (7), (Assistant General Passenger Agent, Winnipeg), to be General Passenger Agent there; Mr. W. Fulton (10), to be District Passenger Agent, Toronto, and Mr. W. Horder (4), to be Assistant District Passenger Agent, Toronto.
