sity by fire, which occurred on the night As all well-informed persons expected, of the 14th instant, has occasioned a loss the Surveyor General was elected by a far beyond the money value of the prophandsome majority over his opponent, Mr. erty consumed. The actual cost of the Morrissey. It is not usual to oppose a property destroyed was probably under dozen of pronounced liberals in the House | member of the government who offers for of Assembly. This is five or six less than re-election, but the extreme bitterness of the opposition combination—it would not be correct to say party—caused a departure from the rule in Hon. Mr. Tweedie's case. The result is more gratifying to the government and its friends than Mr. Tweedie's re-election by acclamation would have been; because it completely disposes of the pretence that the electors of Northumberland are opposed to the government on its whole policy and so declared at the general election. Mr. Tweedie's position is also greatly strengthened by the fact that he THE other end of the see-saw is up in has been triumphant in a keenly fought contest. The opposition felt that the opening of Northumberland was their opportunity. If they could gain a victory there, a fuller triumph would, they claimed, be certain when the legislature met. They would have found themselves reckoning without their host, but that is the way they looked at it. They believed they would win, hence they persuaded Mr.

upon his splendid victory.

In legal knowledge and judicial capacity Judge Steadman is quite the peer of any. To this it may be added that it is not yet settled beyond question that he was not right in his interpretation of the election law.

It is stated that negotiations between the U. S. Secretary of State and the British Minster in regard to the Fisheries, are in a very advanced condition. The interchange of views has been suspended awaiting instructions from the London and Washington governments on certain propositions.

THE STORM.—The snow storm which set in on Wednesday, was one of the heaviest experienced here this winter, and reports indicate that it was extended over the whole province. It was followed by a heavy wind which has caused heavy drifts throughout the country roads, and delayed the trains more or less in all directions. Throughout the country traffic has been literally stopped and it will be some days before traveling commences again.
