

## Very Rev. Fr. Clarke Honored.

### OVATION AT OUTER COVE.

Yesterday Rev. Fr. Clarke paid his farewell visit to Outer Cove and Middle Cove. The magnificent reception given him by the people of these districts, showed clearly the regard and veneration which they have always entertained for their esteemed and beloved Pastor. Flags were flying at all the houses and at various points along the road; and the School-Chapel was very tastefully decorated for the occasion. The people assembled "en masse" to present "The priest" with a beautifully illuminated address, printed on satin. They also presented him with a purse as a token of their regard. The address was read by Jas. Roache and the purse presented by Jas. Fenechey. Miss K. Morey, R. C. teacher, presented an address and purse from the women and school children.

Fr. Clarke replied at considerable length, and warmly thanked the people for the very expressive manner in which they conveyed their affection for him and their sincere appreciation of his labours. He paid a glowing tribute to the people for their co-operation with him, in carrying out the work of the Parish; and he assured them that he would always have the happiest recollections of the many pleasant years he spent among them. The scene was touching in the extreme. It was plainly evident that the people realized what an earnest and devoted friend Fr. Clarke had been to the people of Middle Cove and Outer Cove. As the Rev. Gentleman brought his remarks to a close, the entire gathering was in tears.

The following are copies of the addresses presented:

#### ADDRESS

To the Very Rev. M. J. Clarke, P. P. Torbay, From His Loyal and Devoted Friends of Outer Cove and Middle Cove.

Very Rev. and Dear Sir:—On behalf of the people of Outer Cove and Middle Cove we, in common with the other members of your flock, beg leave to express our heartfelt regret at saying good-bye to you, who for eight and a half a century, have been our guide, our Father and our friend.

Your recent visit to this Parish, the testimony of a new era in the religious life and social well being of the people who were fortunate enough to be placed under your pastoral care. So much has been the reformation wrought by your visit, but firm rule that the names of Torbay and Father Clarke will be for ever in our local annals.

By your wise counsel, by your eloquent instructions and by your edifying example you ever exhorted us to be Religious, Virtuous and Manly.

Who that ever saw you officiate in your lovely Churches, that was not attracted to the beauties of our Holy Religion. Who that ever heard you denounce wrong-doing that did not resolve to tread the path of virtue. Who that ever heard you dwell on the blessings of Total Abstinence that was not encouraged by your words and was not strengthened by your example.

Religion, Education and Temperance found in you an able exponent and a fearless champion. Our Churches, our Schools, our Halls, all are monuments to your zeal, your piety, and your able administration.

In the years to come, when the surges of the ocean remind us of hardships endured and affliction suffered, we cannot but call to mind the absent friend who rejoiced with us in our joys and mourned with us in our sorrows.

You are going from amongst us, dear Father, but we can assure you, that every time we hear the noise of the waves beating against our rugged shore we shall feel as if the

### Special Evening Telegram.

NEW YORK, To-Day. The Tribune's London correspondent cables that the King and Queen are making fresh engagements like that at the Austria-Hungarian Embassy. Friday night dinners at Buckingham Palace will remain a fixture until Easter. The health of Lansdowne is not completely restored. Although he returned to London for a political conference, he went away again for the week-end. Lord Crewe's cough is an obstinate reminder of his bronchial attack. It is reported that Lord Rosebery, his father-in-law, is seriously concerned about him. The rumor that Haldane will be raised to the peerage as Liberal leader in the House of Lords during Lord Crewe's convalescence though not confirmed is probably true. Mr. Lloyd George, thoroughly frightened by the doctors, remains on the south coast. He may remain out of Parliament several weeks.

LONDON, To-Day. Yesterday was observed as Peace Sunday. From practically every pulpit in the United Kingdom a sermon was preached devoted to a eulogium of President Taft and Foreign Secretary Grey for their arbitration proposals. The Free Churches have arranged for a demonstration in support of the arbitration movement, in Albert Hall on April 1st.

## Took Old Seals.

The Stella Maris reports that quite a number of old seals have been taken in Trinity Bay to date. There were a large number of men out especially about Ireland's Eye where boats with 4 men each on board took 14 and 15 seals. A number were also taken in Bonavista Bay.

voice of our old friend and loving Pastor were borne across the ocean reminding us to tread bravely the paths of sobriety and of every other Christian and manly virtue.

We hope Rev. Father, that far away in your own lovely Isle the evening of your life may be as peaceful and happy as its prime has been full of merit and usefulness.

In conclusion we assure you that time and distance can never efface the fond recollections of your cherished memory. Our children, and our children's children will be taught to lovingly lip the name of the noblest and holiest priests that Ireland has given to the Church of Newfoundland.

We will ask you, Rev. Father, to accept the accompanying Souvenir as a small token of the affection and gratitude of your devoted people; and when you officiate at God's Holy Altar away in the Land of your Birth, don't forget to breathe a prayer for the broken hearted friends you have left in this portion of your extensive Parish; while we, on our part, promise to live up to the pious traditions you taught us to follow when we were privileged to call you our beloved Pastor.

Wishing you a fond good-bye we beg to sign ourselves,

## THE STEEL FLEET IN THE MAIN PATCH. BAD GULF REPORTS.

Saturday at 4 p.m. Bowring Bros. had the following wire from the operator at Bryon Island saying:

"Seals gone east. Steamers now east of Bryon Island supposed doing well with seals. No steamer spoken except Harlaw."

Shortly after they received the following wire from House Harbor:

"Three steamers, Viking, Southern Cross and Harlaw, drifting to N.E. of Bryon Island, believed to be with seals and doing well. Strong W. winds yesterday and to-day. About 2,000 seals taken ashore. Poor prospects for securing more."

Saturday evening Messrs. Crosbie & Co. had the following from House Harbor in answer to a message sent in relation to the work of the ships:

"Spoke the Harlaw Friday morning, jammed east end of Island; had 50 seals. Viking and Southern Cross clean."

At 4 p.m. yesterday Messrs. Job Bros. had the following wireless message from Capt. George Barbour of the Beothic via Belle Isle:

"On board and stowed 9,000, still on pans, 9,000; whitecoats small at first, larger to-day. Neptune closer to patch. Ice in large sheets, difficulty to get through."

## Horrible Crime.

### Special Evening Telegram.

ANSONIA, Conn., To-day. Thomas Fitzgeralds senior, and his wife, were found yesterday in their home with their skulls crushed with an axe. The house was on fire. Their son Thomas, is held by the police charged with the double murder.

Position 118 miles N.E. of Wadhams. All steel steamers struck main patch; no sign of Diana, Erik. Prospects good."

From this it would appear as if the three steamers of the Gulf fleet which it was supposed at first were among the seals and doing well are in poor luck, being jammed and without seals. Nothing definite has been heard of the Labrador or Kite.

The steel ships, according to the Beothic's despatch, are in the main patch and will take the lion's share from it, as the ice being in heavy sheets will make it very difficult, if not impossible, for most of the wooden ships to force through. Taken all in all, the news is not as cheering as the first message would make believe.

## Florizel Has 23,700.

Mrs. Keen had a wireless message to-day from Capt. A. Keen, her husband, congratulating her on her birthday and stating that the ship to-date has 23,700 seals. This is splendid news from the Florizel. It seems to indicate that she as well as the other steel ships are on a big patch and that they at least will have big trips of seals. Up to 1 p.m. none of the firms interested had news from the gulf or front.

LONDON, March 19. During the month of February, deaths from the plague in India reached a total of 88,498. #### Special Evening Telegram.

SEATTLE, March 19. According to Oriental newspapers the plague in Manchuria is abating with the approach of spring. The Japanese papers, according to the Chinese, exaggerated the extent of the plague, because the ravages of the disease have been profitable to the Japanese, affording them a pretext to extend their authority in Southern Manchuria.

## It Grows Hair.

### Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem Salvia Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Salvia Hair Tonic acts scientifically destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Salvia Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold at our store—McMurdo & Co., wholesale agents.

## Died at Tilting.

On March 3rd the soul of Patrick McGrath, a well known resident of Tilting, passed to his eternal rest. While on a visit to the city in 1910 he contracted a cold which has since resulted fatally. During the past forty years he has laboured unceasingly at the fishery, and done credit to his work by the energy he displayed. He was of a generous and amiable disposition, and possessed the traits both morally and socially which comprise a noble character. He has ever been noted for his witty sayings, which distinguished him as being a descendant of one from dear old Ireland, and even in the last stages of his illness one could not refrain from smiling at his remarks.

Although his education was of a meagre kind still he was a very intelligent person, and it afforded the opportunities which exist at the present, would "leave footprints on the sands of time." He was nursed through his illness by kind friends who did not leave one wish ungratified which was expressed by him; he also had the pleasure of a daily visit from our beloved pastor, Rev. E. O'Brien. He leaves one brother at Salmonier to mourn his loss; and to whom we extend our deepest sympathy.

## Coal Scarce.

The residents of Greenspond, Newtown and Westville are now experiencing great inconvenience for want of coal and firewood. The past winter being a severe one they used up all they had by the first of March. The supply of firewood laid in last fall was also short. Capt. Winsor gave a good many a small share out of the Stella Maris which will do them till the ship goes north again, when she will carry a large supply.
