Gradual Thefts Discovered.

BUSINESS PLACE ENTERED-OPERATOR BELIEVED TO BE USING FALSE KEYS.

In a certain shop in the city, the proprietor has, during some months past, been missing small amounts, which have been disappearing from the place mysteriously. The employees were closely questioned on several occasions but nothing could be gleaned from them, but all stoutly denied having anything to do with the matter. Recently the place was pretty closely watched by one of the employees, and a certain party was seen quitting it though it had been hours locked up. A false key, it is thought, is being used, and developments may shortly occur.

Fell From Cart.

SUFFERS FROM CONCUSSION OF THE BRAIN.

To-day a lad named Henry Bishop, of Walbridge Street, was being pushed along on a hand cart near the Dry Dock premises, when he suddenly stood up on it, the cart tripped up and he fell with great force to the ground becoming unconscious. He revived after a short while and was attended by Dr. Anderson, who found him to be suffering from concussion of the brain. He was taken home and will be laid up for some time.

Anxious About Boy.

A boy of about 9 years old, strayed away from the C. E. Orphanage Tuesday afternoon, and when he did not return at 8 o'clock, there was much uneasiness felt there, and the police were communicated with. He was found at 9 o'clock wandering about the Blackmarsh Road, by a woman named Williams. He had completely lost himself and was making country-wards instead of towards the city, when found. He was brought to the Western Fire Station, and Capt. Kean telephoned the Orphanage, the authorities of which were greatly relieved when they heard of his safety.

GETTING BETTER.—Mr. C. Scott, of Sclater's dry goods, who has been in the General Hospital for some time is able to leave the institution daily for a short walk. He is still very weak, however, and will take a trip north to Fogo, shortly to recuperate.

Service and Sureness in Dunlop Traction Tread.

If ALL the cars in a certain Garage were fitted with a certain tire the fact does not help you in deciding which is the best and which is the one you want.

It may have been to that garage owner's profit to boost that certain tire.

When you equip your car

with tires you want to be assured you are going to get the maximum of service with the minimum possibility of skidding.

DUNLOP TRACTION TREAD assures you the longest service, because it is made of live rubber gum, moulded as a unit.

The TRACTION TREAD assures you and yours against the dangers of skidding with its possibilities of disaster.

It's of truth the "Non-Skid." The official mileage tests tell the whole story. Let us show you.

Fred V. Chesman, Agent.

Home Dyeing
Has no terrors for me - it's simply my delight
Even Professional Dyes can equal my Perfect Results
DYOLA
ONE DYE - ALL KINDS OF COLORED
It's the CLEANEST, SIMPLEST, and BEST HOME DYE. One can buy - Why you don't even have to know what KIND of Cloth your Goods are made of - 50 Minutes are impossible.
Send for Free Color Card, Story Booklet, and Booklet giving results of Dyeing over other colors.
The JOHNSON-RICHARDSON CO., Limited,
Montreal, Canada.

Another Example.

Our exclusive reference to the "carnival of destruction" evident in this city, created much comment and we believe that the resultant consequences will be of benefit to the city and its inhabitants. But the spirit of destruction, especially amongst boys, is hard to stem and drastic measures must be resorted to if such is to be done. At 7:30 p.m. yesterday, two boys deliberately stood in the centre of New Governor Street, just below the central station, and broke in what glass remained in the windows of some old tenement houses there and then tried to smash the sashes with larger stones. All the windows were intact when the occupants left, but the boys soon made short work of the glass. A Telegram reporter and a lady and gentleman passing, remonstrated with the lads, but abuse was their portion, and they passed on. The boys who did this were respectably dressed, and certainly deserved punishment for their conduct.

Cape Report.

CAPE RACE, To-day.
Wind East, light, weather fine, preceded by fog all night. The strms. Manchester, Commerce, Glenesk, Ballina, Virginian, California and Portia passed west yesterday afternoon; nothing sighted to-day. Bar, 29.78; ther. 43.

A Terrible Case.

By the Fogota to-day we get some particulars of the rape case which occurred last week at Musgrave Harbor and which proved fatal to the outraged child, a girl named Laura Abbott, aged 14 years. The man who maltreated the girl, and who is now in jail, is named Baxter Russell, aged 38. On meeting the child in the early night he took her to the house of Benjamin Cull, and after the family had retired remained there with her during the night, and his conduct was of a most revolting and shocking character. The girl tried to hide her condition from her parents, but eventually became so ill that she had to admit all, and expired in less than 24 hours after the awful deed was perpetrated. A post mortem examination was held on the body. Drs. Smythe and Whitehead held the autopsy. Magistrate Cook heard the preliminary and Constable Chafe arrested the perpetrator. Inspector General Sullivan, who came back on the Fogota, has all the necessary information in the case and we hear that Russell will likely be indicted on a charge of wilful murder.

Fogota Back.

The s.s. Fogota, Capt. Baxter Barbour, arrived here after her first trip on the Fogo mail service at 6 a.m. to-day. After leaving here last Thursday night the ship had fog and rain and blustery weather, and met the heavy ice at Cape Fogo Sunday evening last. It was however slack and the ship forced through it, but did not call at Tilton, Joe Batt's Arm or Fogo, these ports being closely packed by a heavy jam. She then went on to Magdalen Islands and on the return forced her way into Fogo. She had a fine run south and sails again at noon to-morrow.

S. S. Norhilda From New York.

The s.s. Norhilda, Captain Cook, arrived this morning from New York, after a passage of five and a half days, bringing a full general cargo to Harvey & Co. This steamer was chartered by the Red Cross Co. to make one trip here to relieve the freight congestion at New York, caused by the Stephano and Florizel being off the route two months. The Norhilda was here last year on a similar mission.

Northern Fishery News

The S. S. Fogota reports a sign of fish at Cat Harbour, on Friday last, with the jigger. The people put out their traps Monday past but secured no fish.

At Grate's Cove yesterday morning Smalgreaves had 4 qts. of fine fish in their trap yesterday, the first for the season. The people in this section have their traps out and sunk in eligible berths for some time.

Coastal Boats.

BOWRING'S BOATS.
The s.s. Portia left Trepassay at 11 a.m. to-day.

The Prospero left Twillingate this morning and Capt. Kean wired the following message here: "Arrived here at 3:30 p.m. yesterday, called all ports except Moreton's Harbor; could not get in, solid jam of ice from Twillingate outside Fogo; will try and make other ports; tide entire control of ice."

FOGOTA'S PASSENGERS.—The passengers in by the Fogota to-day were:—Rev. J. Winsor, Miss D. McGinn, Rev. J. Verran, D. W. McRae, Miss P. Francis, F. P. Keough, S. Abbott, L. Weeks, J. R. Whiteway, Inspector General Sullivan, Herbert Avery, S. Elliott, J. J. Jacobs.

RILLINGTON STATESMAN,
Registered No. 1717.

Examined and warranted sound and free from all hereditary diseases and defects by Erwin Murray, M.R.C.V.S. to His Majesty the King, June 12th, 1912.

The Cleveland Bay, a hardy, powerful, yet fairly light and swift animal, originated through a blending of the powerful charger of the middle ages, with the more active Barb and Arabian. The Cleveland Bay has lots of quality and substance with well defined sinews, large, clean, flat bones of a density equalled only in the Arab and thoroughbred. His long lineage gives him prepotence in impressing his splendid characteristics and soundness of constitution.

Rillington Statesman, registered in England, was bred among his native hills in the Cleveland Valley of Yorkshire. He is an excellent specimen; color, deep, rich bay, height 16½ hands, weight about 1400 pounds. His action is high, free and open, his stride long, tempo perfect; he is in all respects a perfect general utility horse, a free cheerful roaster, sure-footed, fearless of all objects and with unvarious endurance. He needs only to be seen to be admired—used to be appreciated.

Cable News.

Special to Evening Telegram.

VANCOUVER, To-day.
Within the next few weeks the armored cruiser Rainbow will leave to be an active unit on the Pacific Coast between the dates June 12 and 18. It is understood the total ships company of something like 120 men service men will have a vacation in their quarters and the warship will be placed in charge of an officer, pending further instructions from the Dominion Government.

HASTINGS, To-day.
A joint demonstration of League Militant Suffragettes held here as a protest against a sale of belongings of those who refuse to pay taxes was broken up by a mob. The women were roughly handled, half snatched with soot and their banners smashed. The police finally succeeded in getting the women into a blacksmith's shop where they held the mob at bay until the arrival of reinforcements. The women were then escorted to the railroad station.

LONDON, To-day.
Militants last evening set fire to the organ of the old parish church of St. Paul, Buckinghamshire, which is because of its association with the founder of Pennsylvania, was of great interest to Americans. Early discovery of flames made it possible to extinguish them before they spread to the church, but the organ was ruined. A paper was found inscribed "Suffragettes." A business like bomb addressed to Henry Curtis, was delivered by a letter carrier at Bow Street Police Court yesterday. The package was marked immediately, but disliking the look of it, the cautious court official took it outside and plunged it in a pail of water. When the package was opened it was found to contain a tin tobacco box, bound with wire and filled with gunpowder, shot and cartridge. If it had been struck it would have fired the bomb to explode contents.

Head Gear Carried Away.

Just before the S. S. Quivira sailed to-day, with the southerly wind blowing, she fell over amongst a lot of craft moored in the stream near opposite C. F. Bennett & Co.'s, and bearing down on the schooner Larkspur carried away her jibboom and bowsprit and did other damage. The schooner's chain got foul of the steamer's propeller and it took some time to clear it.

Personal.

Const. Humber and wife arrived here from Manuels to-day. The officer came in to see his mother who is dangerously ill.

Miss Rose Greene, daughter of Constable T. Greene, whose poetical reflections are so beautiful, will return here in June after spending a pleasant winter in New York with her relatives. Miss Shanahan, who accompanied her, went down to West Virginia, to visit friends.

Furness Line.

The s.s. Digby, seven days out from Liverpool, is expected to arrive any moment. A wireless message from the ship was expected to come via Fogo, owing to the Cape Race station being out of commission, but nothing from her was received up to noon to-day.

The s.s. Tabasco leaves Halifax for this port on Tuesday next.

DIED.

On Wednesday, May 14th, after a short illness, Margaret Jane, aged 1 year, darling child of Daniel and Maude Leonard; funeral to-morrow, Friday, at 2:30 p.m. from her late residence, Gear Street. —Sydney Parsons please copy.
