SATURDAY, July 26, 1913.

Wait and See.

The Government organs are exercised about what they call alliance rumours. The People's Party men are in a sad funk and keep awake at night wondering what is going to strike them next fall. Most of the rumours are self-contradictory. We are told on the one hand that Bond has made a direct offer to Coaker, and on the other that he has never been in direct communication at all. We are told that Mr. Coaker recognizes that he must withdraw from the Fogo candidacy and on the other hand that he finds he is so weak in Fogo that he wants a safer seat and is going to Bonavista District to get it, and again that he is by some smartness on the part of somebody being sacrificed by being sent to lead a forlorn hope in the Bonavista District. It will be seen from these instances that the Tory

following are being given a wide choice of rumors to select from. The choice afforded is most amusing and show conclusively that the guessers who are responsible for the circulation of them are at sea without a doubt. We learn too Dr. Lloyd is going to contest Trinity with two Union colleagues. We are much indebted to the Daily News for this intelligence and also for the information that this rumor has long been current. This probably accounts for the diligence of the Evening Herald in circulating the falsehood about disinfected and sealers. Then we are told that if Bond wins and Coaker is returned he is to become Minister of Marine and Fisheries, (an office which we believe he would fill with satisfaction to the great body of fishermen), and if Bond wins but Mr. Coaker does not he is to be made a Commissioner of Agriculture. (Well, if his remarkable successes with his other projects are any guarantee of ability, which they undoubtedly are, he would do infinitely more for Agriculture than the two placemen the last four years or more).

The compliment to Mr. Coaker is undoubtedly high but we are under the impression that Mr. Coaker considers his energies can best be devoted to the work he is doing for the fishermen in the office he is filling at present, and that he is not hankering after any government preferment.

The whole of these stories show how disturbed the People's Party are at the prospect before them this fall. They are, no doubt put forward with the object of fishing for accurate information as to what is being done. We do not, however, purpose at present to

New Pulp Mills.

Mr. W. H. Horwood, of the Horwood Lumber Co., who has been down at the new mills, exclusively referred to by the Telegram, returned this morning by a belated train. Mr. Horwood brought with him interesting photos of the mills and property generally. They will be finished by October and the first grinding of pulp will occur in November. They have a sufficient supply of pulp wood cut to keep the mills going for the rest of the year. It is interesting to see the details Mr. Horwood has of the place. Reinforced concrete figured in almost every erection. A conduit pipe of that material is 10 feet in diameter, 300 feet long, and the dam is 1,070 feet long. To give an idea of the works and material used to date, we may say 6,000 barrels of cement have been used in them, 18,000 barrels of sand, 24,000 barrels of crushed stone, which in the aggregate gives a total of 48,000 barrels of material. Mr. Horwood says that the aggregate quantity of steel used in the construction to date is over 150 tons. Piers, rails, workmen's shacks, and everything are in readiness. It will be an undertaking similar to Bishop's Falls and Grand Falls, but of course on a less extensive scale than the latter.

Mr. E. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, or \$2.50, all dealers, or Edmondson, Bates & Co., 244-246, Toronto.

STEPHANO'S PASSENGERS.—The s.s. Stephano, sailing this afternoon for Halifax and New York, takes these additional passengers: Miss Keany, Chas. Howard, Mrs. F. Collins, Mrs. Brien, Mr. and Mrs. Deloyan and 7 in steerage.

GOING ON A HOLIDAY.

Mr. Thos. A. Armstrong, the popular electrician of the Reid Nfld. Co. leaves to-morrow by the express on a holiday. He is accompanied by Mrs. Armstrong who has many relatives and friends in Boston. Both look forward to their trip with pleasure.

Mrs. John Wright, 53 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors without relief, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

One pill a dose, 25 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

Cured Diseases of the Kidneys

And is Depended On to Right Stomach and Liver Disorders.

Once Dr. Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday life artists from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont., states: "We have used Dr. Chase's Kidney-Liver Pills for ten years, and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors without relief, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure.
