A WEATHERABLE TIRE. It is just weather like we get here in Newfoundland that gives Dunlop Traction Tread Tires a chance to show their class—and motorists who have them know it.

Created because of the insufficiency of the so-called non-slip or "buttoned" tread.

Marketed only after the most exhaustive tests ever given to an anti-skid tire.

Proven itself the only real anti-skid tire obtainable—bar none. That's

A Warning From Placentia.

Fellow Countrymen—You voters of Placentia and St. Mary's once again I appeal to you in all sincerity to consider well what you are about to do on Oct. 30th. Your country, remember, is at stake and it is all in your own hands and on the 30th of Oct. you will either save her from disaster or send her to destruction forever. You fishermen are the upkeep and the mainstay of our country, you are the country's chief producers, you are by far the greatest number, you are the men who every four years send the balance of power to the House of Assembly to look out for the country and your interests and how have your wants been treated?

How Have Your Interests Been Looked After?

You have been ignored, you had to play second fiddle to men not nearly your equals, because the men you elected to represent you were not looking out for their own pockets and those of their friends. Have you not still a faint recollection of the "Pullett," also "Oily Frank" and Slippery Dick? Do you not remember these men just four years ago telling you in heart-broken sighs how they loved you, how they would look out for you? Don't you remember their false promises, and are you going to elect again food thieves? They are after your votes again now, but the "Pullett" had sense enough not to come back, but in his stead they are taking Bill, the boy of "Godless School" fame. What a pity Prayerful Joey left us; he might be able to supply him with a few more religious emblems to exhibit in his speeches. Oh, you men of Placentia and St. Mary's. You know what reverence you pay to these emblems, and now imagine a man like Walsh standing on a political platform and using such religious emblems to solicit your votes. God help us, where are we and whither tending, must we sit idle and see these emblems held up to ridicule and

Made a Laughing Stock of by a Man of this Type.

This thing must be stopped. Politics is one thing, but this is another, and this is the first time it has happened in the history of politics in this District and let it be the last. It is no wonder the good people of Argentea turned them down and would not tolerate that kind of thing. What trust could you place in a man who would for the sake of prominence would hold up his religion to ridicule. Devereaux acted wisely at first by not taking him. He knew he was not the man the District wanted as a representative, but he used the threat of showing up Morris in his right colors and was placed over Devereaux's head and now it is pitiful to see them eating crow and Devereaux trying to look pleasant while introducing him in

around the District. What a nice Cartoon it would make for Patsy's Paper Slippery Dick Taking Treacherous Bill to His Bosom

and Oily Frank giving them his blessing. Now, Mr. F. J. Morris, it is right up to you, if you expect our support to come out and deny having anything to do with that Bay de Verde Mine; if you were not a party to that say so. How can you expect us to trust you with the affairs of our country, when you are charged with being a party to try and dupe an English syndicate out of millions of dollars, a charge you have never denied? Defend yourself now or put up with the consequences. The hoodling and graft of the last four years must stop, it cannot be any longer tolerated. Your country cannot stand it. Oh, you friends so full of slippery Dick, how can you be fooled by this man when you know all he is after in his fine \$1,500 a year keep going his Agricultural farce and besides other little pickings and a few

Fat Jobs for His Near Relations. He is now on the war path again with his worn out cry of I am flesh of your flesh and bone of your bone, but don't mind flesh and honey Dick, for as I said before, he is merely after his own personal gain. Imagine, you fishermen and farmers, here is a man (Devereaux) who spent his lifetime behind a Dry Goods counter, sent to you to-day by the Government to show you how to cut potatoes, water cabbages and shear sheep, and mind you, drawing an expert's salary of \$7,300 for four years, and the chances are does not know a cabbaged potato from a club footed turnip or a short horn bull from a milky cow. Imagine you old voters of this great and loyal old Liberal District, imagine Sir Edward Morris sending you men of this type to represent you, but

Shew Them You Cannot be Fooled. They have already been turned out of Argentea and Haystack, and the good old Liberal sentiment is daily growing stronger. It is no wonder, then, that poor Frank Morris had to get Frank Murphy (the latter) to walk from the junction a distance of twenty miles, to nominate him, a very poor showing indeed for the Tories, out of such a large population that he had to call upon the good people of Argentea to nominate them, and even this heerated, but he has rattled so often now, and always jumped the wrong way that the Liberals are delighted and say it is a good sign to see Murphy the "Junker" go. Sullivan, Cary and Summers are carrying all before them. Placentia Bay will give them a sweeping majority, and the good old Liberal sentiment is now a certainty, for even the "ranked" Tories now admit that "BOND CANT LOSE!"

OLD VOTER.

A Splendid Human Document.

BY RUTH CAMEBON.

Do you dread to grow old?

Do you think of all the years after sixty-five or seventy as a sort of stupid epilogue to the active drama of life?

If you do, a letter friend of mine has an illuminating message for you.

Please read it.

"I have read with interest," she writes, "your article in last night's paper entitled 'Why grow old?' and wish that I could have a heart to heart talk with you, and could meet your friend of 72. I have a fellow feeling in my bosom for all such as she would keep a cheerful outlook upon life. I am nearly 74 years young, and feel as ready now to attack any problem of life as I did 25 years ago. It seems to me that my brain is more alert every day. I enjoy perfect health and an omnivorous reader, very catholic in my taste, and read and try to digest everything from psychology to beans. "I take a 5 or 6 mile walk every morning when the weather permits, rising at 4 o'clock in the summer to do so. I have been married 3 times, and cannot yet say that marriage is a failure. Have raised 6 children, 3 grandchildren and am now rearing my youth while helping to care for a

and trees. Unfortunately I am very deaf, which deprives me of a great deal of pleasure, the greatest being my inability to listen to good lectures. But I do not complain. I've had my "fling." Have heard nearly every singer of note up to 10 years ago, and have enjoyed listening to the best actors. I've graduated in photography, have my diploma and am now writing moving picture plays, so as to be independent.

"In looking this over it may sound rather egotistical. That was not my object in writing. I wanted you to know that there are other so-called 'old ladies' who are young at 70. As Celia Thaxter sings, 'I stand in the sunshine sweet, and cherish every day!' I love and am loved, what more can I ask? Yours for a long and a useful happy one."

Kings of The Forests.

Manager Kieley, of the Nickel Theatre, has another big treat in store for patrons this evening when the marvellous film by the Selig Co. "Kings of the Forests" will be given. The ride through the Jungle, showing the lions and leopards, is most impressive, while the stolen calf and lost baby are exciting situations. This film is demanded everywhere and no one should miss it.

Mother The Child is Costive, Bilious

Don't hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour.

Give "California Syrup of Figs" at once—a teaspoonful to-day often saves a sick child to-morrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!
