OFFICIAL.

LONDON, March 29.
The Governor, Newfoundland:
The French Government reports the capture of Hartmannswellerkopf in Alsace, the enemy abandoning important material and leaving many dead. About 400 unwounded prisoners were taken.

The Russian fleet has bombarded forts at the entrance of the Bosphorus. Obstinate fighting, favorable to the Russians, continues in Northern Poland in the Carpathians in the direction of Bartfeld, a new line of heights was captured on a twenty-three mile front.

The British West African steamer Falaba was torpedoed and sunk yesterday, south of St. George's Channel. About one hundred and twenty lives were lost.

HARCOURT.

RUSSIANS ADVANCE.

PETROGRAD, March 29.
Pouring through the Dukla Pass, three Russian corps of 12,000 men have captured five Hungarian towns in the district of Saros, according to advice received at the War Office today from the Carpathian front. Two new Russian victories in Poland are officially reported, one on the Skwa River, another near the Piltica. The Russian drive through the Dukla Pass has resulted in the occupation by Russian troops of Buszow, Alt Poly, Anka Sborra, Komarnik and Osertez, all north of Bartfeld and Szvdrak, important railway towns, against which the Russian troops are marching in force. An advance Russian force entered the Northern outskirts of Szvdrak on Sunday, but met determined resistance, and were compelled to retire, to await the arrival of the main force. Bad Bartfeld, a suburb of Bartfeld, was entered by the Russians also. Hard fighting is reported in progress there.

ST. PIERRE BULLETIN.

PARIS, March 29.
Belgian revisitors bombarded the German airship camp of Chistelles, southwest of Bruges. East of the Meuse, on the heights near Marcheville we captured three hundred metres of German trenches and repulsed two counter attacks. At Eparges we continue to progress and captured 150 metres of trenches. Nothing important to report along the eastward line of the Meuse heights, apart from our losing a portion of a German trench captured on Saturday. At Hartmannswellerkopf we consolidated our positions. Total prisoners taken during engagement which gave us possession of height, estimated at 6 officers, 24 sub-officers, 333 men non-wounded, and also a large number of German wounded fell in our hands.

VON KLUECK WOUNDED.

BERLIN, March 29.
A report of the progress of the fighting issued from headquarters to-day, relates among other things that General Von Klueck has been slightly wounded by shrapnel fire while inspecting advance positions of his army. His condition is described as satisfactory.

RUSSIA'S NEW WARSHIPS.

LONDON, March 29.
Reuter's correspondent at Petrograd telegraphs that the Russian fleet in the Baltic has been reinforced by the addition of modern fighting units. This addition to the fleet is believed in London to consist of 4 Dreadnoughts, laid down in Russian yards in 1909, which were nearing completion at the beginning of the war. It may also include another division of 4 capital ships laid down in 1912. The first four mount twelve 12-inch guns each. The second division are armed with nine 14-inchers each.

DUTCH STEAMER BLOWN UP.
