Chaplin,

THE STORE THAT PLEASES.

Within the next few weeks you are going to buy a new Spring Suit—that's certain. Perhaps to-day, perhaps to-morrow, perhaps in a month—but you're going to buy it.

We think you ought to know why it's wise to "Do it now." The best reason is that our stocks are complete—you're bound to get more style satisfaction out of a broad choice than a narrow one—you get the broad choice now—you may not get it later.

This is why we invite your inspection of the stylish patterns now on hand.

FIGURES DO LIE.

Prices are only Relative

REGAL ENGINES are the highest priced engines, yet they are the cheapest.

They are the highest priced engines because they cost more to build.

They are the cheapest engines, because they will last twice as long as any other engine.

They are also the cheapest engines because they save your time, and "Time is money."

If you shut your eyes to this real bargain in engines, you will be the sorriest fisherman who ever signed an order.

You will lose more money than you can afford to lose, and your oil bills will be twice as large.

REGAL ENGINES use less oil, have more power, run with less trouble and give more genuine satisfaction than any other engine on the market.

We are, in the near future, going to ask all cash for REGAL ENGINES, so buy one before we make this change, as we intend to make them the "Hall Mark" engines of Newfoundland.

We ship REGAL ENGINES complete with full book of instructions, and when once installed in your boat, any child can run one.

REGAL ENGINES are higher priced than other engines, but are the cheapest in the long run, because they run the longest.
