CHOLERA IN AUSTRIA.

ZURICH, To-day. The number of cases of Asiatic cholera in the Austrian empire on August first, totalled 629, according to an official announcement made today at Vienna. Among those succumbed to the disease was General Von Zeigler.

SHOT THREE SERGEANTS.

LISBON, To-day. Political feeling has completely disorganized the army classes between Royal and Republican supporters and other factions. Yesterday a Quartermaster from the engineers' barracks, shot and killed three sergeants of his regiments and then committed suicide. The sergeants, members of a secret society known as the White Ants, had denounced the Quartermaster as belonging to the Republican faction which is charged with conspiring against the present government.

THE FIGHT FOR WARSAW.

LONDON, To-day. After having tried for three weeks to force the Russians to evacuate Warsaw and the Polish salient by encircling movements from the north and pressure from the west, the Austro-Germans have commenced attacks on the fortress of Ostrolenka and those of Lomza and Ostrolenka to the northeast and Ivanogrod to the southeast. Berlin claims to-night that the Russians have been driven back to the advanced defenses of Lomza, and that the Warsaw has been crossed near Ostrolenka. The Russians have fallen back into the outer lines of Warsaw, which the Austrians have captured the western part of the fortress of Ivanogrod and thus what should prove the decisive battle for the Polish capital begun in earnest. In the meantime Field Marshal Von Mackensen is slowly advancing from southeast between the Bug and the Vistula in an effort to cut off the Russian armies which apparently are making a leisurely retreat from Warsaw and the western lines, while General Von Below, in his wider encircling through Courtland, has reached Kupischd fifty miles east of Iwinski on the Vistula-Petrograd railway. Although the operations of Von Mackensen and Von Below appear other than dangerous threats to the retreating Russian armies, the Russian General Staff is paying more attention to Field Marshal Von Hindenburg, who has been trying with more or less success to force the line of the Narw. Here the Russians are offering a most stubborn resistance, and according to an official despatch from Petrograd, in two battles of three days have succeeded in checking the German advance in inflicting heavy losses. The Russians also admit severe casualties. When the despatch was sent, the third battle was in progress. Berlin claims that in this battle the Germans have been successful and have forced the crossing of Narw near Ostrolenka. On the whole the Russians, according to official reports, are making an extremely orderly retreat. Quiet is settled down along the western front except in Argonne and Vosges, where the German attempts to recapture lost ground or take new trenches have failed, according to a French communication. New moves of the greatest importance are anticipated in the near east. The Ministers of Great Britain, France, Russia and Italy have had a conference with the Greek Government. A despatch from Paris says an Italian officer recently arrived at British headquarters in the Mediterranean to arrange for this.

DESTROY TURKISH VESSELS BUT SAVE THE CREWS.

PETROGRAD, To-day. A statement issued by the Admiralty relative to operations in the Black Sea, says our sailors destroy Turkish vessels because they carry coal and petroleum, materials of war, but take every measure to save the crews. The vessels are cannonaded only when they fail to halt after they are signalled. In these cases where sailors prefer to regain shore by swimming in order to avoid capture, they are never shot. All who surrender are taken aboard warships and transported to Sebastopol.

ENEMY LOSSES GRAVE.

ROME, To-day. The following statement has been issued at headquarters: Our heavy batteries directed effective fire on the station of Borgo, on the railway in Val Sugana, where there is an important freight traffic. The enemy's losses in stubborn attacks on Mount Redatter in Carnia, is found to have been very grave. On Carso plateau, on the night of the 3rd, passed quietly. During the morning our artillery shelled masses of infantry observed near Marconetti and columns marching along round from Riba to Dobrovo. Our troops having resumed their advance on the left wing and centre, made slow progress, but the right wing confined ourselves to maintaining positions previously conquered. The enemy attempted vainly to recapture

Successful Sale.

Yesterday the ladies of the W.P.A. were stationed at the various thoroughfares of the city, selling patriotic flags and banners emblematic of the Nfld. Royal Naval Reserve, now in the service of the Empire. The badges are similar to those of the Nfld. Regiment and are pretty souvenirs of the boys in blue who are helping to keep the Grand Old Flag flying. We are pleased that the ladies met with a full measure of success and wish to congratulate them on the results achieved. The proceeds of the sale which amounted to a considerable sum, will be devoted to the War Hospital Fund.

NICKEL'S GRAND SHOW.

DELIGHTS CITIZENS.
The holiday attendance at the Nickel Theatre was one of the largest on record. The Manager had arranged a particularly good programme, and the hundreds of patrons were anxious to see it. "The Million Dollar Mystery" is always attractive. Yesterday's show was one of the best of the series. "The Beat Year" is a great detective story in two parts, admirably staged by the Reliance Co. The comedy was a Keystone and a screamer it proved. Forbes Law Duguid sang "Queen of the Earth" in a perfect manner and was thunderously applauded. Be sure and attend to-day.

He will also conduct a Salvation Meeting in the same Hall at 7 p.m.—11

John Michie—Piper.

"John Michie holds quite a unique position, as he has been rated piper in one of our battleships," says the Aberdeen Journal. "It is believed that he is the first man for more than a century to hold such a post on active service. Michie, who is a native of Strathdon, Aberdeenshire, was in the employ of the Duke of Richmond and Gordon in August last. On war breaking out he was anxious to serve his country, but his age—60—was against him. Not disheartened, he sought admission to the Navy, and eventually was rated to a battleship, recently presented to the Empire by one of our overseas possessions. The crew are delighted with Michie's skillful playing."

Newly Appointed Territorial Commander

Of Canada, Newfoundland and Bermuda.

Commissioner W. J. Richards, the newly appointed leader of the Salvation Army in Canada, will arrive in St. John's on Saturday, August 7th. A welcome demonstration will be held in the No. 1 Citadel, New Gower Street, at 8 p.m.

On Sunday, at 3 p.m., the Commissioner will lecture in the Casino Theatre, when His Excellency, Sir Walter Davidson, K.C.M.G., will preside.

The new Commissioner is one of the few remaining officers who was personally called by the late General Wm. Booth, and therefore is one of the pioneers of the organization. The story goes when the General visited the town in which Mr. Richards presided, to conduct a series of revival services, he heard the young man speak and he was so favorably impressed that Mr. Richards was asked if he would not go to the Salvation Army Training College, which he did. This was thirty-six years ago, and the Commissioner has rendered so many years of unbroken service, that he has earned for himself the reputation of being a clever and capable administrator, and a brilliant platform speaker. Commissioner Richards has had full command of all Salvation Army operations in Denmark, South Africa and New Zealand.

The latter country was his charge when appointed by the General, Bramwell Booth, to Canada. It is interesting to know that the five sons of Commissioner and Mrs. Richards have followed in their father's footsteps, and are now officers in the Salvation Army, holding important positions in the West Indies, the Continent and London, England.

The members of the Salvation Army in Canada are delighted with the choice of the General for their new leader, and it is confidently expected that the work will receive a mighty impetus and that great progress will be made during his stay.

Since arriving in Canada, Commissioner Richards has visited the principal cities of the West for his new leader, and it is confidently expected that the work will receive a mighty impetus and that great progress will be made during his stay.

During the Commissioner's stay in the city, he will conduct the Army's Annual Congress. Extensive preparations are being made for the public meetings, and great enthusiasm prevails among the local Salvationists, who are participating very successfully.

The Commissioner will be accompanied by Brigadier Adey and Ensign Best.

Brigadier Adey is an old time Salvationist, having connected himself with the Army in 1882, and is at present in charge of that important part of Ontario, known to Salvationists as the Hamilton Division. He is known and loved by the people of that province, and all feel sure his cheerful countenance and soul-stirring songs will endear him to hundreds of Newfoundlanders.

Ensign Best is one of the St. John's boys, and well known to many in the city. For some time he has been attached to the Field Department, Toronto, but on the present tour he is travelling as the Commissioner's Secretary.

We extend a very hearty welcome to the Commissioner and party.
