Relieve Constipation while Healing the Kidneys

Gin Pills have an almost world-wide reputation as a Kidney medicine—their healing, cleansing, soothing effect has earned unstinted praise from thousands. But their virtues do not end with the relief of Kidney and Bladder Troubles. Gin Pills are excellent for the relief of constipation. We have hundreds of testimonials from people telling us they have found that in taking Gin Pills for Kidney and Bladder trouble, the Gin Pills

also acted as a gentle cathartic and bowel stimulant. This is only logical, as in building up a medicine to restore the Kidneys to perfect health, the bowels must receive attention as the other organs of excretion. If you are constipated, you will find the real relief you desire in the use of Gin Pills, which will also regulate your kidneys even though you have so far failed to notice alarming symptoms of trouble in these organs. Your dealers sell Gin Pills at 50 cents a box,

SITUATION IN IRELAND WATCHED BY GERMANY.

LONDON, April 28. The German press has not been permitted to comment on the Sir Roger Casement incident, but prints telegrams from Dutch papers in regard to the situation in Ireland, says the correspondent of the Exchange Tele-graph Company of Amsterdam. The Cologne Volks Zeitung is quoted by the correspondent as saying that the situation in Ireland must be watched by Germany, especially in view of the present American crisis. Had the venture succeeded, declares the news-paper, it would have been of immense fluence in the feeling of America to wards Germany, but as things hap-pened it will do little good.

THE COMMERCIAL CONFERENCE OF THE ALLIES AT PARIS.

PARIS, To-day. There is only one objective at the present moment on which we mus concentrate all energies, our wills and war victoriously, said Bonar Law British Secretary for the Colonies, discussing the economic conference of the Allies here with a representative of Le Journal. Consequently it is our duty to avoid as much as possible in these hours of trial any discussion which might give birth to controversies and the resumption of struggles between holders of different economic views. All the Allies whose economic which might give birth to controversies and the resumption of struggles between holders of different economic views. All the Allies whose economic theories necessarily are most divergent will be represented at the Conference. The interviewer asked if it would not be possible for the Allies to sign a pact banning German imports until the time arrived when the problem could be examined under more lem could be examined under more favourable circumstances, to which the Secretary only replied by a smile. The present Conference is one of three among the Allies, regarding which there appears to be much misappre-hension. The first one was held early in April and dealt with United Military measures; the second, beginning on Thursday deals with many commercial and economic questions and is called inter-Parliamentary, although the Allied Parliaments are not di-rectly responsible. The third will be held later with important Cabinet members attending, Lloyd George, British Minister Munitions; Walter Runciman, President Board of Trade,

75 years ago everyone wore homespun-

and, likewise, everyone used hand-mixed paint. To-day, when machine-spun cloth is so much better and cheaper, no one would think of wearing homespun. Many people are still using hand-mixed paint, however, because they do not know that

will save them money and labor. Devoe Lead and Zine Paint is simply made of the same ingredients the old-time painter used: Pure White Lead, Pure White Zinc, and Pure Linseed Oil. The only difference is that Devoe is mixed by machinery, 500 gallons at a time. Therefore, it is always absolutely uniform in strength color and covering capacity.

We guarantee Devoe Lead and Zinc Paint to be pure. We know it contains no whiting, silica or other worthless materials. Stop in and act for Color Card.
