**Hr. Grace Notes.**

Mr. W. A. Munn, of St. John's, is in town to-day on a business trip.

The S. S. Erik, bound to Bell Island from Sydney, put in here last night and is still lying in the harbor waiting a suitable time to continue her voyage.

The young man Nichols, mentioned in the public message as being accidentally wounded in France, is a son of Mr. W. Nichols, barber, who is very ill, having been paralyzed a few months ago. The friends of the young soldier hope his injuries are not of a serious nature.

Much sorrow was felt here on the receipt of the sad news of the drowning of Mr. Alex. Bryden, and general sympathy goes out to all his relatives, particularly to his sister, Miss Bryden, who is well known and has many friends here.

Mrs. Mark Sellars returned from Bell Island on Saturday last, after spending a couple of weeks with friends there.

Miss Carrie Parsons came home yesterday after a visit to friends at Bay de Verde District.

A report became circulated in town yesterday that flour had dropped 22 a barrel, and just as people began congratulating themselves it was learned that the report was without foundation, as flour was being quoted at \$11.75 wholesale. It did not drop but we all admit there is room for a drop, and a big drop.

Some young ladies who were shopping at Carbonear, say that business is very brisk in the stores there. Carbonear is right up to date with the conveniences of shopping, obliging clerks, good goods, at reasonable prices, etc.

Our citizens were shocked yesterday morning to hear the news of the death of Dr. Thomas Hanrahan. It was known that Mr. Hanrahan was in failing health but few thought the end so near. To Mrs. Hanrahan, Miss Hanrahan and the four sons (three of them in the Army) the sympathy of all our citizens goes out.

CORRESPONDENT.  
Hr. Grace, Nov. 8, 1916.

**THE GRUNTER.**

If you're complaining of your task, and sighing as you labor, greatly fear you'll never bask in Easy street. The world is seeking willing hands to keep its pulleys turning; it will pass up the gent who stands for soft employment yearning. The man who drops away behind, who cannot make the rifle, keeps talking of the dreary grind, and all that sort of piffle. The man who gaily does his work, pretending to enjoy it, who, be his tool a spade or dirk, will cheerfully employ it, who, though he may be feeling dead, will never make confession, is he who marches at the head of industry's procession. The man who grunts when'er he swings his fountain pen or hammer, who never smiles and never sings, or makes a cheerful clamor, who never will consent to hump until he sees his wages, will land some morning at the dump, and there he'll stay for ages.

Mihard's Liniment Co. Limited. Gentlemen, I have used MINARD'S LINIMENT on my vessel and in my family for years, and for the every day ills and accidents of life I consider it has no equal.

I would not start on a voyage without it if cost a dollar a bottle. CAPT. F. R. DESSARDIN, Schr. "Storke," St. Andre, Kamouraska.
