THE SHOE MEN.

"Woman, the Vote and the Truth."

Dear Sir.-Of late I never pick up my morning or evening newspaper to

he jury, and he condemned the free-all. The one that rules the world

dom of a franchise that permitted w nen to become part of a jurispruden atrocious details of criminal cases. That this judge was right, and very right every decent and well balanced the sane of the calibre of our mothers suffrage and woman "kicking" for and more decent lessons of Christianher independence. In the name of the ity taught to us by them at our deny this statement of mine that the woman's excellence is the work and or to-day has not only her own independence but that of her husband's as well, and that in eight cases but of ten he acts, lives, votes, agrees, loes, moves, etc., etc.,—as lovely woman's list is another. Oh, Mr. Editor, Oh, dear old married friend or mine, I know who it who is looking for this (supposed) further freedom for this (supposed) further freedom for this (supposed) further freedom and to the woman want for the woman was an invested as the happiness of ther are denoted class. More distinguished was an invested as storyteller, the woman are short on account of a declining mass been to the shermen to see hard biscutt to the sher of women, and take it from me, sir, it is not the woman who is trying her est to look after her home, to bring in her children in righteousness, and to make of her little kingdom a true ind honest and beloved place with the next to the "good man" as earnest in; who wants the vote; she has sentiation enough in looking after home ind watching out for number one, low, who wants the vote; she has sentiation enough in looking after home ind watching out for number one, low, who wants the vote; she has sentiation enough in looking after home ind watching out for number one, low, who wants the vote; she has sentiation enough in looking after home ind watching out for number one, low, who wants the vote; she has sentiation enough in looking after home in mind watching out for number one. If the woman, it is not the woman who is trying her for the public, and nas been in punished by being put in prison for the number of decently arrested in St. John's by Detective general opinion is, that it will not be arrested in St. John's by Detective general opinion is, that it will not be a restant to a lapidary, and any object of sugar after third the manufacturers will see the public at present writing, but the succession, an assistant to a lapidary, and an expectating and aconcern, sir, that will soon did a concern, sir, that will not be enamed at present writing, but the be named at present writing, but the succession, an assistant to a lapidary, and aconcern the public are expecting. This man has a restant the number of decently be named at present writing, but the be named at present writing, but the succession, an assistant to a lapidary, and aconcern, sir, that will not be enamed at present writing, but the benamed at present writing, but the benamed at present writing, but the locksmith's calling, he leads of section of the look of the public are restal, allowing to be named at present writing, but the locksmith's calling, he leads of section of the look of the public was in 1896, when he creat would like to know it. He l where under her tuition the young mind that is the power of the future women get back to the ideal, let her supremacy be recognized in that one noble place that calls for magnificent generalship, and where under her tuition the young mind that is the power of the future iome; you who have alas learned to amouflage your affections; you who are silly enough to crave a little fame in the ever changing public estimation, and at last grow sick of a plaudit bat is but an hour's paean after all of traise. The other day I read the resort of a criminal case that occupied he attention of a learned judge in lingland, and on the jury there were hree women. After the case had been completed his lordship declared in nost emphatic language that he never rished to preside over the ruling of nost emphatic language that he never rished to preside over the ruling of case again where women served on the jury and he condemned the free.
