A Word of Advice.

The Advocate should remember that the dog days are with us, and that it is sufficiently uncomfortable for the members of the House of Assembly to be sweltering in the heat of that chamber, whilst attempting to unravel the tortuous proceedings of the Government, with regard to its precious railway policy. Lest the literary scribes of the organ of the Fishermen's Protective Union, and incidentally the defender of the Government, should not entirely and thoroughly comprehend our references to the "dog days," and fail to let up on their caloric writings, we beg for their information to quote the following definition from a standard authority, and to additionally request that they "vast heaving" for a while on the head lines, having regard always to the health of their compositors. The Dog Days then are a period of from four to six weeks, variously placed between the early part of July and the early part of September; particular days are called because reckoned in ancient times from the heliacal rising of the Dog Star (Sirius). Popularly the sultry, close part of the summer when dogs are especially supposed to go mad (Advocate please take particular notice). The conjunction of the rising of the Dog Star with the rising of the sun was regarded by the ancients as one of the causes of the sultry heat of the summer, and of the maladies which then prevailed. But as the conjunction does not occur at the same time in all latitudes, and is constantly changing in the same region, there has been much variation in calendars regarding the exact limits of the dog days. Conjointly it might be suggested that the Advocate in his no way differs from the dog star's erraticism, it being constantly changing to suit political latitudes, especially when the parallels are drawn by Mr. Coaker. Hence now being in that close and sultry season which the rising of Sirius indicates, we would impudently the Advocate—quite useless though it is—to cease from wrangling over political differences, and discuss Government affairs, including the railway, sanely and sensibly. There are certain violations of the Customs Act, which have to be punished. Let the Advocate discourse on these and their causes for a brief period, and so justify its own existence, and the truth of its human motto, one in which by the way it does not express sincere faith—Sum Cumque.

Dastardly Vandals.

CEMETERY STRIPPED OF FLOWERS. On Friday night some person, as yet unknown, committed one of the worst acts of vandalism reported here for some time, when fully equipped with all the necessary implements, he stripped practically all the flowers from many of the graves in the C. of E. Cemetery. All of the best kept plots on which infinite trouble had been taken to beautify with flowers, were completely stripped of blooms. The only clue to the perpetrator of this outrage is the imprint of a rubber sole near one of the despoiled graves. It is to be hoped that the vandals will be caught for no punishment would be too heavy for a deed of such a nature.

Case Dismissed.

A man was charged before Judge Morris this morning with ill-treating a horse, when galled. Mr. L. R. Curtis prosecuted and Mr. W. J. Higgins, K.C., appeared for the defence. The case proved quite a lengthy one and several witnesses were examined. The prosecution failed and the case was dismissed.

Fined \$250.00.

MAD 66 GALLONS OF RUM. Two men were charged with a breach of the Prohibition Act in the Police Court this morning, one of the defendants being fined \$250, whilst the case against the other, who had pleaded not guilty, was adjourned so that evidence could be procured. Mr. W. J. Higgins, K.C., appeared for the accused, whilst Deputy Minister of Justice Sumner prosecuted. In a house by the defendant's fishing stage 15 five-gallon kegs of rum, 2 cases of brandy and 1 part case of whisky were found. Mr. Higgins pleaded a first offence, but owing to the fact that not only had the defendants had the liquor in their possession but it was also smuggled, the heavy fine was imposed.

Train Derailments.

CARS REPLACED ON TRACK. Roadmaster Hanham and a special train crew, which went out to Millertown Junction in connection with the mishap to the incoming express, succeeded in replacing the engine and cars on the track, and at 11 o'clock last night the train was ready to proceed citywards. Early yesterday morning a second accident occurred west of St. George's, when five flat cars which were being taken to Robinson's to load pulpwood, left the track, the engine also going with them. Very little damage, however, was done, and the cars and engine were replaced by a number of section men.

Park Concert.

The C.C.C. Band Concert, which took place last evening in Victoria Park, was largely attended and an excellent programme of music under Director Bulley, was thoroughly enjoyed. This evening the Methodist Guards Band will give a concert in Bannerman Park and an interesting programme of music is promised those who attend.

Boathouse Club Celebrates.

Last evening, the C.L.B. Old Commodores celebrated the formal opening of their Boat House on the South side of Quidi Vidi Lake, in fitting style. A fine band stand had been erected and the C.L.B. Band gave an open air concert in the presence of a large number of people. At the conclusion of the concert a dance was held by the members of the club and their lady friends. The affair proved most enjoyable and ended at 2 o'clock this morning.

Poor Trap Fishing.

Trap fishing during the past week has been poor, and owing to the stormy weather, several traps having been so damaged that they had to be taken ashore for repairs. Large quantities of fish are said to be on the bottom, glutted with caplin and spawning. Fishermen expect to do fair work as soon as the fish get on the move again. Caplin are still very plentiful, and hundreds of barrels have been brought in and sold to farmers. For a time 30 cts. was asked, but large quantities were sold for twenty. Salmon have become scarce, and the season for that fish is practically over. Lobsters have been more in the market this season than for years. The general report for hook and line cod-fishery is that the results to date are fair. There is a large increase in the number of men following the fishery this season, as the majority of men who had worked on Bell Island are back at the fishery.—Hr. Grace Standard.

Presentation to Manager

On Saturday night the employees of the Newfoundland Atlantic Fisheries Co. waited on Mr. W. L. McIntosh, manager of the cold storage plant, and presented him with a handsome pipe and an address, in which they stated their appreciation of the kindly interest he has taken in them and for the help in organizing the outing held recently at the Octagon. Mr. McIntosh made an appropriate reply in which he thanked the employees for their kindness and said that he valued the gift more for the spirit in which it was given than for its intrinsic worth. Mr. McIntosh came out here from Aberdeen only six months ago and he appears to have endeared himself already to those who work under him.

Interesting Comparison.

It has been said that comparisons are odious, and the following official figures in connection with the operation of the railroad will be of interest to the general public, besides proving the truth of the proverb just quoted.

Table with 2 columns: Item and Value. Rows include: Passengers carried for week ending July 10th, 1921 (251); Same period, 1920 (498); Same period, 1919 (611); Freight for week ending July 10th, 1921 (11 cars); Same period, 1920 (23 cars); Same period, 1919 (25 cars).

Wedding To-Day.

The marriage of Miss Dallas V. Baird, daughter of Mr. and Mrs. J. Baird and Dr. J. B. O'Reilly, son of Inspector O'Reilly, took place at the R. C. Cathedral at 3 p.m. to-day. After the ceremony, a reception was held at "Bryn Mawr," on the Portugal Cove Road, the residence of the bride's parents.

An Inquisitive Bull.

Much has been said about a bull in a china shop, but it has nothing on the bull which entered the wall paper department of the Royal Stores to-day and trotted about inspecting the various patterns exposed to view with a critical eye. After looking over the shop, and fortunately, not spotting anything in red, he calmly ambled out into the street again.

Not Kidd's Buried

A treasure trove, in the shape of 7 kegs of pale Jamaica rum, was unearthed yesterday at Quidi Vidi, near the spot where Captain Kidd was supposed to have buried his loot. It is likely that the case will come before court as soon as the finders, Detectives Byrne, Lee and Simmons, locate the owner.

McMurdo's Store News.

TUESDAY, July 12. What more generous and refreshing on a hot bright day, than a glass of Ice Cream Soda, with some delicious fruit flavor, served in a cool store, without any fuss or trouble? Our Ice Cream Counter has all the qualities, all the conveniences that make it an ideal place to have a pleasant rest for a few moments, and a nice, wet, cooling drink. Morning or afternoon 'tis all the same, our store is cool, shady, and restful. Why not come in to-day or any day, and enjoy a glass of Soda Water, with or without Ice Cream, or a Sundae, or a College Ice, or a Plain Ice Cream? We have them all at your service.

St. Patrick's Garden Party.

What promises to be a most interesting and attractive event is the Garden Party, under the distinguished patronage of His Grace Archbishop Roche, to be held on Wednesday afternoon, by the people of St. Patrick's, on Lester's Grounds (Brazil's Field), Cornwall Avenue. Because of the object—Education—towards which the proceeds will be devoted, the Committee has made provision for a large gathering, so that everyone present will be amply provided for in every particular.

Delicious teas and refreshments will be served during the afternoon by the ladies of the Parish, whilst the men have prepared a splendid programme of sports, embracing Pony Races, Road Races, Football, Baseball and various side attractions, thus ensuring an abundance of excitement and amusement for all. Especially will the Pony Race be well worth witnessing, as it is going to be a keen as well as an exciting contest. Twelve competitors have already entered the lists. Appropriate cash prizes will be awarded for first, second and third winners. A fine silver cup and beautiful medals are awaiting the successful runners in the five mile Marathon race, which starts from Kane's Valley at 3.15 p.m. sharp, finishing on the field. Dainty medals will also be given for the Football Fives, which promise to be to be a most interesting contest. Elsewhere in our columns appears the official programme, which need only be perused to be appreciated.

The C.C.C. and Empire Bands have been asked to furnish the musical entertainment for the occasion, so that all needed to ensure complete success is the presence of "Old Sol" with his warm rays and sunny smiles. Motor buses and Buckboards will run all the afternoon from the Railway Station, West End Firehall, Patrick's Street and vicinity to the grounds.—adv.

Wedding Bells.

CAHILL-MAHER. The wedding of a popular couple, Mr. John Cahill, crier and tipstow of the Supreme Court, and Miss Agnes Maher, sister of Mr. James Maher of Harvey & Co's, took place at the R. C. Cathedral on Thursday last in the presence of the immediate friends of the contracting parties. The ceremony was performed by Msgr. McDermott, the bride being given away by Mr. James Maher, her brother, Mr. Fred Emerson, acted as best man. The bride was gowned in white Georgette, with pearl trimmings, and hat to match and also wore white fox furs and carried a bouquet of white carnations and maiden hair ferns. She was attended by her niece, Miss Shan Maher, who wore pale blue with hat to match and carried a bouquet of pink carnations and sweet peas. After the ceremony a reception was held at the home of the bride's brother where a very enjoyable time was spent. The happy couple were later motored to Topsail by Mr. Cyril Fox subsequently going to Salmonier where they are spending their honeymoon. Numerous presents given by admiring friends testified to the esteem in which the happy couple are held.

Methodist College-Ayre Athletic Ass'n Garden Party

At Brookfield, Near Bowring Park, Wednesday Afternoon, 13th July, the Big Event of the Season.

Did we hear you say that you had another engagement for Wednesday, the 13th of July?

If so, we would advise you to cancel it right away, because you would be disappointed the following day when you hear your friends talking about the splendid afternoon, and more particularly the splendid reception they received at the Methodist College Ayre Athletic Association Garden Party, at Brookfield, near Bowring Park.

The various Committees, both ladies' and gentlemen's, have perfected their arrangements, and the programme is one continuous source of pleasure and enjoyment from the very start, so that the afternoon will be altogether too short.

The Ladies' Executive and their lady helpers have completed arrangements for afternoon teas and regular teas, etc., at a nominal charge, and even the Children's Table has been provided for, so that everything in the catering line is in charge of expert management.

The Sports Committee will present a programme that will be very pleasant, interesting, and not monotonous, and the Committee in charge of the Slide Shows have something very novel to present to the patrons of the Party.

The purpose for which this Garden Party is being held is to raise funds to complete that magnificent educational property on Pennywell Road for the Methodist College pupils, on which the sum of \$10,000.00 has already been expended, and we feel certain this Garden Party will be magnificent.

For the information of the patrons of the Party, a special train will leave the Station at 2.45 p.m., and buses will run all during the afternoon and evening for Brookfield at a nominal charge, and when landed and rested count on a splendid afternoon's enjoyment. You will meet many of your old friends there (and a lot of new friends) that you have not seen for years, and the teas and refreshments, and the general good fellowship, will all help to make the afternoon of the 13th of July one to be remembered.

Therefore, patronize the Methodist College Ayre Athletic Association Garden Party, at Brookfield, near Bowring Park, Wednesday afternoon, the 13th of July. Returning train leaves Brookfield at 8.30.—adv. 11
