Evening Mercury.
 MONDAY EVENING, OCTOBER 21.

PLUGHING MATCH.—The County ploughing match has been postponed until Tuesday, 23rd October inst.

The dinner in Mr. Armstrong's honor, will be given in Whyte's Hotel, Fergus, on the evening of Friday the 8th of November, at 7 o'clock. His friends and supporters will be duly notified by circular.

Mr. John McColl has been appointed to take the place of Mr. Breckenridge, as Head Master of the Georgetown Common School.

UNIVERSITY HONORS.—It is very gratifying to hear that the Montreal Scholar of Queen's University, Kingston, has this year been awarded to Master Andrew McCulloch, son of Peter McCulloch, Esq., Hannahville, Nelson, County of Halton.

On the day of the Halton County Show Mrs. Lorenzo Hunter, of Nelson, was thrown out of a buggy, and suffered a fracture of the collar bone.

The friends of Mr. Richard Spier, of Melton, will be pleased to learn that he creditably passed the primary Medical examination before N. O. Walker, M. D., the Provincial Examiner.

"Young Waxwork," a three years old stallion, the property of Mr. R. Fallis, of the County of Halton, took the second prize in the sweepstakes at the Hamilton Show, open to three counties, against horses of all ages and breeds.

The Township Council of Howick is about to submit a by-law to the ratepayers which is to give to the Wellington, Grey and Bruce Railway a bonus of twenty thousand dollars. One of the conditions of the grant is that the line must run within one mile of the centre of the villages of Harriston and Clifford.

MELANCHOLY ACCIDENT.—On Monday the 7th inst., an accident occurred at the Malton Station, which we learn has since proved fatal. Just as the train going west was moving off, Mr. James Brett, who was leaning over the side of the train, was thrown down, and unfortunately he slipped and fell, when the hind passenger car passed over him, cutting off both legs and breaking one of his arms. We are informed that he has since died from the effects of the injuries he received. Mr. Brett was a married man, and formerly a resident of Oakville.

GORED BY A BULL.—On Wednesday last Mr. Wm. Harcourt, of Peel was badly gored by a bull. He was leading it from water when the animal attacked and threw him down several times, once knocking him into the air. His wife, seeing the occurrence, tried to set the dog on the bull, but without success. Mr. Harcourt himself, however, had presence of mind enough to call the dog, and it driving off the bull doubtless saved its master's life. Mr. H. is severely injured internally, but no doubts are entertained of his recovery.

The Rev. Mr. Cooper has been settled at Fergus, as incumbent of the English church. The health of the Rev. Mr. Thomson proving too feeble to permit him to continue the pastoral oversight of both the Elora and Fergus churches, he was constrained to give up the latter, and the friends of the church in this village and vicinity having guaranteed the regular payment of a sufficient salary, the Bishop of the diocese has been graciously pleased to appoint to the charge of this and the Garrafrax congregation the above named gentleman.

INCIDENT.—The Presbytery of Guelph in connection with the Church of Scotland, met at Mount Forest for the induction of the Rev. James Allister Murray, lately of Bathurst, New Brunswick, on Wednesday, the 9th instant. The Rev. John Hogg, of Guelph preached a very impressive discourse, and Mr. Murray having given satisfactory replies to the usual questions had the right hand of fellowship given him by the brethren present. The Rev. George Macdonnell then suitably addressed the newly inducted minister, and the Rev. Donald Frazer, the people, as to their respective duties. After the close of the services of the day, Mr. Murray received a warm welcome from the congregation, who are grateful for the settlement.

FOX HUNT.—The regular meet of the Wellington Hunt took place on Saturday at the residence of Mr. Atkinson. There a large turn out of ladies and gentlemen who had a successful day's sport. This time Reynard was hunted from his cover, but kept to the woods principally, consequently there was not so exciting a chase as on former occasions. He was killed, however, after a couple of hours hunt. Mr. Thompson, West End, was first huntsman at the death, and cut off the brush, which was presented to Miss Harvey, who was the first lady up.

THE MINSTRELS.—Dick Sand's Minstrel performance on Saturday night to a full house. The music was pretty good, the best part of it being a violin solo, played by a young boy, whose appearance gives evidence of his ability to attain greater things than assisting in a minstrel performance. The clog dancing was the best we have ever seen in Guelph, but the personating of the colored gentlemen was very indifferent. The jokes were not good, nor were they such antics as those by which Cool Burgess, for instance, can cause an audience to sicken themselves with laughter. Ashcroft, under the character of an Irishman looked and acted his part to perfection, and when dressed out in a black skirt, a white gown, a cap with borders meeting under his chin, and bound with a broad black ribbon—having with an unmistakable brogue "I wears my brogans both behind and in front of me," and danced with all his energy, the audience forgot how the nigger was libelous, and forgot to be scandalized.

Police Court.
 Before T. W. Saunders Esq., Police Magistrate.
MONDAY, 21st.—L. Boyle, for ringing a bell to attract customers to his auction room was dismissed. It will be remembered that the case was tried on Saturday, and judgment reserved.

GARRAFRA PLUGHING MATCH.—The annual ploughing match, in connection with the Garrafrax Agricultural Society, will be held on the farm of Mr. A. Richardson, Lot 23 concession, on Wednesday, the 23rd inst. A large number of prizes are offered, among which are two ploughs—one the gift of Mr George Melnes, of Fergus, the other the gift of Mr D. M. Potter, of Elora.

DINNER TO R. McKIM, Esq., M.P.P.—On the evening of Monday, the 14th inst., the friends and supporters of R. McKim, Esq., M.P.P., entertained that gentleman at a complimentary dinner in Johnston's Crown Hotel, Alma. John Smith, Esq., Warden, occupied the chair, the vice-chair being efficiently filled by Wm. Strtridge, Esq. Between forty and fifty gentlemen sat down to dinner. The Salem Brass Band was present, and contributed its part towards the pleasures of the evening. Toast and reply, song and sentiment, followed each other as usual, and the company did not separate until an advanced hour in the morning.

PERSONAL.—We see by the report of the proceedings at the Annual Convocation of University College, Toronto, that the "McMurrich Medal" was awarded to Mr. W. Mitchell, of this town. This medal was open for competition not only to the students of one department, but to all the students of University College both pass and honor. Dr. McCaul in presenting the medal at the Convocation last Friday, complimented Mr. Mitchell on the honor he had won in carrying off such a medal, expressing confidence in his ability as a student, and predicting for him a successful career. We wish him every success.

DOORS OF PUBLIC BUILDINGS.—We observe that our friend Charles Clarke, Esq. of Elora, was obliged to appear last week before a Magistrate's Court, for neglecting to have the doors of the Drill Shed in that village hinged so as to open outwards. A. G. McMillan, Esq., appeared on behalf of the defendant, and Mr. John Jacob for the plaintiff. In opening the case, the defendant's attorney stated several objections to the proceedings, and asked the Bench to note them. And one of the principal objections was, that Charles Clarke was summoned to appear in his private capacity, to answer the above charge, whereas Mr. Clarke's name should not have appeared at all, neither in the summons nor information; the proper defendants in the cause were the Corporation of the municipality of Elora, and should be known only as such, and not by the name of any individual member of the Council. Mr. Taylor, one of the magistrates, claimed that the proceedings were entirely irregular. Both the information and summons were improperly worded, and the only thing that the Bench could do was to dismiss the case. All the other magistrates took the same view of the matter, with the exception of Mr. Barron, but the consequence was that the case was dismissed.

NEARLY A BAD ACCIDENT.—On Monday evening last, as a young lady and gentleman of Lstowel were returning to the village from another where they had been married that day an accident of a serious nature befell them. It appears that when on the crossway, opposite the farm of A. Climie, they met another team, and the night being very dark the drivers did not discover each other until their horses' heads were nearly touching. Both stopped, and in attempting to back off to the side of the road, the happy bridegroom backed the carriage off the crossway. Thinking they were going to be, he dropped the lines and attempted to jump off to seize the horses by the head, but before he could do so the horses started, and the lines being short dropped over the dashboard and he was unable to recover them. The horses then kept up a lively canter for about half-a-mile—the inmates wisely keeping their seats—when on coming to the rise of ground in front of Mr. Walker's residence, they evidently for the first time discovered that they were out of the driver's control, and broke into a keen run, coming down Main Street at a fearful pace. In turning the corner at the Commercial Hotel, the vehicle capsized and spilt out Mr. — and his wife in rather an unceremonious manner. Fortunately neither of them was seriously injured, although the gentleman sustained a severe cut over the eye, his leg badly bruised, and his thumb put out of joint. The lady escaped with a few slight bruises.

RATHER COOL.—A few days ago we found a letter at the post office addressed to us, and were informed by one of the clerks, that there were "seven cents to pay." Well, we paid seven cents, and what then? Nothing of very much importance to us, but somebody had been getting married, and this was a marriage notice which we were in the most polite terms requested to insert. Now we would wish to correct a very prevalent error that is abroad among country people, that is, that editors are extremely anxious to get hold of anything and everything which will, as they are pleased to term it, "fill up the paper." That is quite wrong. The difficulty lies, not in procuring reading matter, but in selecting that which is likely to be of most interest to the greatest number of readers. Mr. Fitznooks may get married to Miss Blank if he is inclined and she is willing; that is a matter of great importance to them, and it may be, to many of their friends, but really it is of comparatively little moment to an editor, and to the remainder of his two or three thousand readers or whatever other number he may have. We would just request then, that all the Fitznookses and Blanks who hereafter get wedded, and wish to make known the tidings to the world, pay the postage on the notice, and we would solicit that their overjoyed and enthusiastic friends when they undertake to "have the marriage put in the paper" don't forget the admonition. It is as much as most publishers think should be asked of them, to bestow time to set up a notice, and afford it free space in the paper without being troubled by the advertiser.

SPIRRING NEWS FROM ITALY

Another Battle between the Papal Troops and the Garibaldians

The Garibaldians Beaten

THE FRENCH BOUND TO ENFORCE THE SEPTEMBER TREATY.

Petition to the Pope for the Occupation of Rome by the Italian Troops.

[To-day's Despatches.]

Florence, Oct. 18th.—Latest despatches from the Roman territory describe the situation as more serious. Garibaldians daily crossing the frontier and marching into the territory of the Papal States. Many inhabitants and others in Roman territory are joining the insurgents. The Orsini have captured the town of Orte, fifteen miles east of Viterbo, on the right bank of the Tiber, which gives them possession of the railroad, and they have secured communication between Rome and Florence. Reports from Papal sources at Rome give accounts of defeats of the insurgents by Papal troops. The Italian press and people are clamorous for the occupation of Rome by the Italian government. Victor Emmanuel's officers continue to arrest Garibaldians as they attempt to cross the Roman frontier. The Royal squadron of iron-clads will be taken off Roman waters.

Paris, 18th.—Napoleon and his ministers complain that Victor Emmanuel measures to enforce the terms of the September convention, with respect to inviolability of the Papal territory are not vigorous or effective. Fears are entertained that a collision may take place between the French and Italian forces which are being despatched toward Rome.

Rome, 18th, evening.—It is reported that a revolution took place in Rome last night, and that great excitement prevails in Florence. Rumors are afloat that France and Italy intend to arrange for the joint occupation of Rome.

Queenstown, 20th.—The steamers Chicago and City of New York have arrived.

London, Oct. 20, evening.—Official despatches have been received from Rome, reporting that two fights have taken place between the insurgents and Papal troops, in which the latter were victorious. The towns of Veroli and Orte, which had been previously occupied by the insurgents, were assaulted by Papal forces and carried by storm. It was reported at Rome that the Italian Prime Minister, Rattazzi, had resigned.

Paris, Oct. 20th.—It is rumored to-day that the leading European powers will unite with France in joint intervention for the settlement of the Roman question and the preservation of peace. The French Cabinet had addressed a circular note to its representatives at foreign courts, solemnly pledging France to enforce the stipulations of the treaty of September. The excitement and anarchy created by the rumors which are continually circulating here are very great, and Rentes are fluctuating.

Paris, Oct. 19.—All the official journals of Saturday concur in declaring that within twenty-four hours Italy must announce her determination either to support the revolutionary movement on Rome or faithfully fulfill the provisions of the September Convention, and France must decide for peace or war accordingly.

Florence, Oct. 20.—A deputation consisting of 120 members of the Roman Municipal Council, and headed by the Senators of Rome, has had an audience with Pope Pius at which a petition signed by twelve thousand citizens of Rome was presented to his Holiness, asking him to give his consent to the occupation of Rome by the troops of King Victor Emmanuel.

Londonderry, Oct. 20.—The steamship Britannia from New York on the 8th inst. arrived and sailed to-day for Glasgow.

Marseilles, Oct. 20.—Accounts have been received from Candia of the arrival there of the Turkish Grand Vizier and other members of the Commission of Inquiry sent out by the Sultan. The Grand Vizier had met a deputation of the Cretan insurgents at Candia in the presence of all the Consuls of foreign powers. Members of the deputation insisted upon the union of the island with the Kingdom of Greece.

American Despatches.

Shipments, 11,000 bush. flour, 167,000 bush. wheat, 245,000 bush. corn. Freight dull and unchanged.

From Portland.
 Portland, Me., Oct. 20.—The Grand Trunk Railroad has started for N. H.

From New York.
 New York, Oct. 20.—The Herald's special Havana special states that the police on the night of the 17th inst. surprised and captured the members of a Masonic Lodge while assembled for business. The prisoners at Santiago de Cuba attempted to escape on the night of the 9th, but were overpowered by the troops, who killed one and wounded three of them.

New York, 20th.—The Herald's special dated Florence, 19th, says:—The situation of Italy towards Rome is still embarrassing. The Italian troops on duty on the frontier under the terms of the September Convention have been reinforced, and the officers acting under the King are making increased efforts for the satisfactory discharge of their instructions. All Italy continues to be excited in a remarkable manner at the threat of French intervention as reported from Paris, and the actual war preparations which are being carried on at Toulon which are being carried on at the mouth of the Tiber. Reports have been received in this city from Rome dated Friday evening, which state that another battle took place between the revolutionary invaders and the Papal troops the previous afternoon, in which the soldiers of the Pope retook the town of Veroli, the Garibaldian force sustaining a heavy loss.

New York, 19th.—The steamship Union from Bremen on the 5th, and Southampton on the 8th has arrived. News anticipated.

Springfield, Mass., 20th.—A terrible accident occurred at the Hobe canal on Saturday, by which thirteen men were either killed outright or suffocated. Gasoline works at the mouth of the shaft exploded and burned, falling down the shaft and burying the whole gang of workmen at the bottom.

Annapolis, Md., 20th.—Yesterday evening an explosion occurred on board the steam launch Albemarle in the Severn river, opposite the Naval academy. The chief engineer, Dr. Clark, coxswain, J. Shea and a negro boy were killed.

The Very Latest From Europe.
NEWS UP TO 4 P. M. TO-DAY.
 London, midnight, 20th.—The official despatch from Paris announces that Italy has positively pledged herself to faithfully adhere to the provisions of the September treaty.

The Patrie says the French troops were so disposed that they could have been marched across the Alps at a moment's notice. These decided steps of the Italian government is accepted at Paris as rendering French intervention unnecessary.

The French expedition has therefore been abandoned, the insurgents in consequence of this unlooked for assistance from King Victor Emmanuel, have evaded the Pontifical territory.

IMMENSE PROFITS OF THE CUNARDERS.—The Cunard Royal Mail Line has now been twenty-seven years in existence.—The Cunard Company bought four ships to start with, and they are now the owners of twenty-four splendid ocean steamers, built out of their large profits, after paying splendid dividends to the stockholders. As a specimen of their prosperity, take the present cargo—We have on board 218 first-class passengers, who pay \$155 a piece, making a total of \$33,790 in gold. The freight is estimated at nearly \$10,000. In addition, they receive some \$9,000 for carrying the mail (which is included in their annual subsidy from the British government). Their expenses are about \$15,000 the single trip, not more. These figures, nearly exact, foot up a very large profit for the single trip.

SAVED BY A NEWFOUNDLAND DOG.—The noble instincts of the Newfoundland dog are proverbial, and cases wherein these animals have exerted themselves to the saving of human life are innumerable. The latest instance of canine heroism occurred in London on Friday afternoon. A little girl named Werdin was sent by her mother to the river to fetch some water. She carried a small tin pail, and was accompanied by a young Newfoundland dog. While she was engaged in dipping up the water, the dog employed himself in chasing some cows along the bank. By some mischance the little girl slipped into the stream, and the water two feet deep she could not recover her balance, but was being slowly carried down. Soon however, her companion Credo appeared upon the bank, and observing the child's dress upon the water, true to his nature, sprang in at once, and dragged her to the shore in an exhausted condition.

We are informed that permission has been granted the Grand Trunk Railway Company to lay a third rail between Detroit and Port Huron, and that the work will be commenced at once. By this means freight, which is at present reloaded at the eastern terminus of this division, will be transferred in bulk, thus obviating a difficulty which has long been felt by shippers in either direction.

The French government has, as a delicate compliment to Prussia, suppressed a number of a publication called the Philosophie, which had a very bad caricature of Bismarck, representing him as an ogre sharpening a knife to cut up little children.

Recently in Savannah, Ga., a city zen, while digging a foundation, struck a heavy silver watch, goblets and numerous smaller articles of plate. A fine China set was also unearthed. The treasure was supposed to have been buried when Sherman was approaching the city.

A jockey named Cassidy was killed at the Jerome Park races on the 15th inst. He was riding a mare unaccustomed to hurdle racing, and he was himself somewhat green at the business. At the second hurdle he ran his horse too close up before he raised her, her fore feet caught the hurdle and she turned a somersault, throwing her rider after which he never spoke.

A single notice will be published after which he never spoke.
