

ANOTHER FENIAN RAID
Impending.

30,000 Fenians Mustering!

Late events seem to give a colour to the following report of another impending Fenian raid on this Province which we copy from the Hamilton Times of Thursday night:—

We have refrained from indulging in any surmises calculated to create any unnecessary alarm concerning the designs of the Fenian organization in the United States, and so to contribute to the depressing influence which such speculations exercise upon the business of the country, but at this time we believe no benefit is to be gained by withholding from the public the fact that we are on the eve of exciting times, attended with peril and bloodshed. A Fenian invasion upon a gigantic scale is maturing, and a blow will shortly be struck which will require the loyal devotion of young and old, displayed in gallant conduct before a desperate foe, to repel, and it is well that the people should know and be prepared for the emergency. Notwithstanding the ridicule indulged against this persistent enemy of the peace of the country, Fenianism is now more formidable in the neighbouring country than at any former period, abundantly supplied with arms and war material, including artillery of the best description, and embraces a large body of well drilled and desperate fellows, officered by men of skill and experience drawn from the armies of the late rebellion. The work will be serious and bloody, and no good is to be gained by ridiculing or under-rating the resources of the enemy, as nothing will avert the struggle upon our soil save prompt and energetic interference on the part of the American Government. We understand the degrading political influences at work in that country, under which the Fenian organization has been permitted to prepare openly for warfare upon a friendly people, and there is faint hope that effective interference will be made from that quarter before actual hostilities are inaugurated, and some of the best blood of our people has been spilled.

Our Government are fully apprised of the impending danger, and are now quietly but energetically engaged in making every preparation for the reception of the enemy, with a determination to render his visit brief and disastrous to a degree that will prevent a repetition during the present generation, and save the country from any further annoyances from that source. Despatches were yesterday sent from Ottawa to intercept the Himalaya and the Montreal steamer, which sailed this week for England with the 60th Rifles and the 17th Regiment on board, and it is expected that they will be boarded off Father Point and ordered back. The Government will also take immediate possession of the railways and steamers, and full control of the telegraph lines through the Dominion. The gunboats on the lakes are to be manned by sailors from Her Majesty's ships, one of which has already arrived at Quebec, and a detachment of one hundred men are now on their way up from Montreal.

The Fenians design crossing the lines with a force of thirty thousand strong, and have a large reserve ready to move when a foothold is gained. The movement to the frontier, it is believed, is already quietly progressing. The attack is expected at two points, somewhere between Prescott and Montreal, and on the Niagara frontier, the arms and munitions being already stored convenient to those localities, the work of transporting them having been going on all winter. The grand concentration at Buffalo is likely to take place under the subterfuge of a great Fenian National Fair, which is announced to open in that city on Monday next, and continue for two weeks. Simultaneously a grand convention is called at Cleveland, where the notorious Jacmel prisoners are at present sojourning. Most of the frontier cities are at present swarming with Fenians.

It is expected that the plan of procedure at Buffalo will be under cover of the so-called fair, to make a rush on Fort Porter, which is at present garrisoned by only one or two companies of United States soldiers, and take possession. The Fort commands the entrance to Niagara river, and under cover of its guns the Fenians will then cross in steamers and barges to Fort Erie. Other bodies will co-operate from Erie and Cleveland, and the grand blow will be struck at Fort Erie. There is the best authority for believing in the truth of this as the programme laid out, and which we shall see inaugurated within the next few days. In the meantime we trust our people will be inspired with a calm determination to do their duty when the crisis is upon us, and the conflict will be brief.

A Fenian Fair.

The Buffalo Express says:—A fair on a gigantic scale, for the benefit of the Irish Republic, is to commence in this city next Monday, to continue two weeks. It is intimated that under the cover of this momentary enterprise a large number of Fenians are assembling in this city from all parts of the United States and Canada and at the proper time another invasion of the Dominion is to be made. Gen. Spear, the Jacmel prisoner, and a large number of the Fenian leaders are certainly coming to Buffalo, and there is no telling what scheme may be attempted. An individual who has a powerful ear trumpet reports having overheard a discussion in which it was proposed to seize Fort Porter, and under cover of the guns to take possession of a number of propellers, and then cross the river at this point. The inhabitants of the Dominion need believe the whole of this story, but it is a fixed fact. Gen. O'Neill, it is contracted with the Colt Manu-

THE QUEEN'S BIRTHDAY.

The general committee for making preparations for the celebration of the Queen's Birthday met last night. The previous day's canvass showed the total amount of the subscriptions to be \$101.22 to which was to be added the \$100 granted by the Council, making a total of \$201.22. Of the amount subscribed, only \$79.72 were paid in on the first night, and the full amount has not yet been brought in from any Ward with the exception of the South. Mr. C. Walker handed over to the Secretary last night \$3 which made up the original subscription in full, with \$1.95 extra collected in the course of the day.

The rifle matches for which the sum of \$75 was appropriated are as follows:—1st match, at 8 o'clock, a.m., open to all comers, 100 yards, entrance fee 25 cents, prizes as follows \$5, \$4, \$3, \$2, and six of \$1 each.

The match for the Ladies' Cup will begin at 10 a.m. Open to volunteers only, three men from each Company in the Battalion. The cup is now in possession of the captain of the Elora Rifles, having been won by one of the members of that Company last year. If the same man can succeed in winning it this year it will become his own property.

The next match will be at 1:30 p.m., all comers, 200 yards, entrance fee 25 cts, 10 prizes as follows, \$6, \$5, \$4, \$3, \$2, and five of \$1 each.

The last match will begin immediately after the above is concluded; all comers, entrance fee 25 cents, 300 yards, 10 prizes as follows: \$8, \$6, \$5, \$4, \$3, and 5 of \$1 each. Five shots will be fired at each range, any rifles having military sights. Rules of G. R. A. to govern.

There will be two boat races, open to all boats 18 feet and under. First race, double oared boat, 1st prize, \$5, 2nd do. \$3. Second, sculling race, one prize, \$4. Start to be made from Allan's Bridge. The new steam fire engine will be exhibited in full play from half-past 12 to 2 o'clock, p.m. The Battalion Band, and Dyson's Cornet Band will be both engaged throughout the course of the day. The athletic games will consist of putting the stone, throwing the hammer, running, jumping, &c., and prizes amounting to over \$40 will be distributed. It has been found impossible to add anything to the \$50 appropriated for refreshments for the school children. A committee has been appointed for the superintendence of each department into which the amusements have been divided. A bonfire on the Market Square, and the illumination of the Market House will form an appropriate finale to the day's proceedings.

THE CHICAGO CONVENTION.
GEN. GRANT NOMINATED FOR PRESIDENT.
At the Chicago Republican Convention on Thursday Mr. Thompson, as chairman of the committee on resolutions, reported resolutions congratulating the country on the assured success of the reconstruction policy of Congress; on the guarantee by Congress of the right of suffrage to all loyal people in the South, which was due to them, and must be maintained; denouncing all forms of repudiating as a national crime; that the national obligations must be paid according to the letter and the spirit of the law; that taxation should be equalized and reduced as rapidly as possible; that the redemption of the national debt should be extended over a long time, reducing the rate of interest whenever it can be honourably done; the Government of the United States should be administered with the strictest economy; the corruption and extravagance fostered by Andrew Johnson reformed; deploring the death of Lincoln, and the accession of Andrew Johnson; denouncing the latter as a usurper and violator of the law, an obstructor of reconstruction and justly impeached for high crimes and misdemeanors (prolonged cheers); repudiate the doctrine, "once a subject always a subject." No citizen of the United States, native or naturalized, must be deprived of liberty when abroad, except for violation of law; eulogized the soldiers and sailors; their bounties are obligations never to be forgotten; their widows and orphans are the nation's wards; immigration should be fostered by a liberal, just policy; the convention sympathises with all oppressed people struggling for their rights. The resolutions were adopted with two or three dissenting votes and amid great cheering.

On motion of General Carl Schurz, the Declaration of Independence was recognized as the true foundation of a Democratic Government, and also commending the magnanimity of the reconstructed rebels who now support the Government, and favoring the removal of the restrictions and disabilities imposed upon them as rapidly as their loyalty justifies it.

On motion of Gen. Logan, Gen. Grant, was nominated by every State for President. The greatest enthusiasm followed the vote and its announcement.

FRENCH TROTTER STALLION,

ROUVILLE ST. LAWRENCE

WILL stand for Mares at his own stable, at the English-American Hotel, Guelph, this season. Terms same as last year, \$8, \$5 and \$3. This is the best made horse and fastest trotter in the County of Wellington. He is of the stock of the fastest trotting horses on record. His sire was sold for \$800; his time on Long Island Course being 2:24; his time on the New York & Fashion Course in 2:20; his dam's full sister has made her time in 2:28, and is now owned by the celebrated horseman, Robert Bonner, of the New York Ledger. In consequence of the bad judgment of the judges appointed at the last Horse Show at Guelph I will not disgrace my horse by travelling against such a horse as got the first prize in his class shown. Favoritism and want of judgment is the general rule now adopted, so that no good horses need be expected to show here another season.
