## THE TURF.

**SLIGHT CHANCE FOR OTTO.**  
Chicago, June 19.—The American Derby, the greatest turf event of the West will be run tomorrow afternoon at the Washington Park track. Officials of the Washington Park club say they expect to accommodate 60,000 people. Twenty-three horses are named in the entries for the big race. The event is worth \$25,000 in added money, and if all the horses named go to the post the gross value of the Derby will be \$3,175. There never was an American Derby field which presented so many chances for a new star. The favorite, Savable, is expected to lose by many odds. He is still regarded as the most likely winner on a fast track, but there is no certainty that the course will be at its best. A week ago the race looked like a duel between Savable and Irish Lad. A few days later, when the withdrawal of Irish Lad was announced, the event appeared to be at the mercy of Savable. Then Linguist and Judge Hines came out, and raced Savable to a head in a mile and an eighth race and the favorite's odds were immediately began to decline. He is still regarded as the most likely winner on a fast track, but there is no certainty that the course will be at its best.

**PROMISING STRING OF HORSES.**  
Strathroy Age: This week we received information concerning the success of the Derby from England and the fact that has been attending the fast string of horses that have been under the able and careful training of C. P. Barrett, of Parkhill. At the Hamburg meet last week Wisdom King, by Wisdom, owned by F. Neville, Collingwood won the 2-year-old stakes, 2 to 1, and now sports a 2:19 1/2 record. Nettie D. by Prohibition, won a creditable race, winning fourth money, 2 to 1, and now sports a 2:19 1/2 record. Nettie D. by Prohibition, won a creditable race, winning fourth money, 2 to 1, and now sports a 2:19 1/2 record.

**AT SHEEPSHEAD BAY.**  
New York, June 19.—Coming to the wire heads apart, Lady Ucas, Blues and Astaria, finished in the order named in the Coney Island handicap at Sheepshead Bay today. Blues was thrown on the fence and had his rider badly bruised, and Hoar, his rider, had his horse thrown before he could ascend the steps leading to the stewards' stand to claim a foul, the red board announcing everything to be all right was run up. The paying off of bets on the race was stopped when the foul was claimed, but after a few moments deliberation by the judges the books were allowed to settle with bettors. It was rumored that Mr. Farrell, owner of Blues, would protest the stake. Lady Ucas got off in front, with Blues second and Astaria third, and Astaria third on the outside. This order was maintained to the stretch, where the entry error was told on Lady Ucas and she commenced to stop and bore into Blues, forcing him on the track. Blues, however, responded gamely after he was straightened out and was only beaten a head. The Daisy stakes for 2-year-olds was won by Frank Ferrell's Nameoki at 15 to 1. The favorite, Seymour, finished sixth.

**BOWLING.**  
A good game of lawn bowling was played at the asylum yesterday afternoon between two rinks representing that institution and two rinks from the London Rowing Club. The asylum team was played by Frank Ferrell's Nameoki at 15 to 1. The favorite, Seymour, finished sixth.

**LACROSSE.**  
Chicago, June 19.—Dr. Stephen, at odds of 12 to 1, made a runaway race of the mile and an eighth handicap, the feature event of the closing day

of the meeting at Harlem. Six-Shooter, the favorite, barely got second place by a head from Major Tenny, while Hargis, second choice in the betting, finished last. Jockeys J. Reiff and Sinclair were painfully injured in the first race. Reiff suffered a dislocation of the left clavicle, and will be out of the saddle for several weeks. Sinclair had no bones broken. Reiff had the mount of Galba and Sinclair rode Discard. Going round the turn there was much crowding. Galba went down and Reiff was struck by several horses. Twenty yards further Discard dropped a heavily played good thing. Weather wet, track good. Summaries:

First race, 1 mile—Orsina, 5 to 2; 1; Frank Mixin, 4 to 1; 2; Alito, 50 to 1; 3; Time, 1:32.  
Second race, 6 furlongs—Toah, 7 to 5; 1; Silvia Talbot, 2 to 1; 2; Burnie Bunton, 15 to 1; 3; Time, 1:32.  
Third race, 1 1/2 miles—Dr. Stephens, 10 to 1; 1; Six-Shooter, 7 to 1; 2; Major Tenny, 16 to 1; 3; Time, 1:52.  
Fourth race, 1 1/2 miles—Short course, 10 to 1; 1; Golden Link, 3 to 1; 2; Crest, 4 to 5; 3; Time, 2:30.  
Fifth race, 1 1/2 miles—Savable, 11 to 1; 1; Sanctum, 8 to 5; 2; Commodore, 12 to 1; 3; Time, 1:35.  
Sixth race, 1 1/2 miles—Alfred C, 1 to 1; 1; Omdurman, 12 to 1; 2; Cogswell, 5 to 1; 3; Time, 1:35.

**AT ST. LOUIS.**  
St. Louis, Mo., June 19.—Frank Bell won the feature of today's Fair Grounds card. He was assisted materially by a straggling start. Scorpion and Croix d'Or were practically left. The race was run in two divisions, with Frank Bell and Santa Ventura leading. Frank Bell won easily from Santa Ventura, who was two lengths ahead of Scorpion, who ran a good race from a bad start. Weather fine; track fast.

First race, 4 1/2 furlongs—Atlas 5 to 1; 1; Princess Lucille, 50 to 1; 2; Max Rose, 10 to 1; 3; Time, 1:24.  
Second race, 1 1/2 miles—Chando, 10 to 1; 1; Eugenia, 5 to 1; 2; Dr. Clark, 2 to 1; 3; Time, 1:50.  
Third race, 5 furlongs—Matt Wadleigh, 7 to 1; 1; Ben Adkins, 6 to 1; 2; Hugh McGovern, 2 to 1; 3; Time, 1:32.  
Fourth race, 6 furlongs—handicap—Frank Bell, 4 to 1; 1; Santa Ventura, 8 to 1; 2; Scorpion, 7 to 1; 3; Time, 1:35.  
Fifth race, 1 mile—Orleans, 15 to 1; 1; Ladis, 5 to 1; 2; Leonid, 4 to 1; 3; Time, 1:32.  
Sixth race, 6 furlongs—Posture, 3 to 1; 1; Mint Leaf, 30 to 1; 2; Allanson, 10 to 1; 3; Time, 1:35 1/2.

**AT GROSSE POINTE.**  
Detroit, Mich., June 19.—T. E. Farley was ruled off the turf by the judges of the Grosse Pointe meetings this afternoon. This action was taken after Farley failed to produce the mare Sarah Black, which won a race on Tuesday, and which was claimed to be a long time set physician. The possibility of an amalgamation between the Grand Trunk Pacific and the Canadian Northern was discussed. Mr. Blair explained that this could not take place unless both companies came to Parliament for authority. The resolutions were then passed. The rest of the evening was spent in the discussion of the current year were passed.

**DOG CIRCUS AT SPRINGBANK**  
Canine Circus of Fifteen White Poodles at the Park Next Week—Other Attractions.

**THE RING.**  
DETROIT, Mich., June 19.—Jim Kinney, a boxing promoter, announces that he has secured a lease of the Windsor curling rink, located near the ferry landing, and will hold a series of boxing shows on the general plan of the Port Erie club. The first date for the building is secured is July 1, and Kinney left last night for Chicago to arrange for an attraction for the opening date. The promoter insists that there will be no boxing about conducting bouts on the Windsor side of the river, and says that he is associated with a number of Windsor residents in the new project.

**BOWLING.**  
A good game of lawn bowling was played at the asylum yesterday afternoon between two rinks representing that institution and two rinks from the London Rowing Club. The asylum team was played by Frank Ferrell's Nameoki at 15 to 1. The favorite, Seymour, finished sixth.

**AT HARLEM.**  
Chicago, June 19.—Dr. Stephen, at odds of 12 to 1, made a runaway race of the mile and an eighth handicap, the feature event of the closing day

game were the Lucknow flags in danger. The final score was 15 to 2 in favor of Lucknow.

**MOUNT FOREST WON.**  
Owen Sound, Ont., June 19.—Owen Sound and Mount Forest played the first intermediate C. L. A. match here today. The home team were easily defeated by a score of 7 to 2.

**TARA LOST.**  
Tara, Ont., June 19.—The second game of the Junior series of district No. 1, C. L. A., was played here this afternoon between Owen Sound and Tara, the visiting team winning by a score of 6 to 4.

**IN DISTRICT NO. 5.**  
Clarksburg, Ont., June 19.—The second home game of the C. L. A. district No. 5, intermediate series, was played here today between Meaford and the Beavers or Thornborough. The home team easily won by a score of 11 to 1. Although the home team was one-sided, the visitors, considering that their first season in the C. L. A., put up a plucky fight.

**BASEBALL.**  
**AMERICAN LEAGUE.**  
At Cleveland—Cleveland 2, Boston 5.  
At Chicago—Chicago 2, Philadelphia 1.  
At Detroit—Detroit 0, Detroit 7.  
At St. Louis—St. Louis 4, Washington 0.  
At Philadelphia—Philadelphia 3, Philadelphia 3.

**EASTERN LEAGUE.**  
At Toronto—Toronto 2, Providence 2.  
At Rochester—Rochester 0, Jersey City 1.  
At Buffalo—Buffalo 12, Worcester 2.  
At Baltimore—Baltimore 1, Newark 1.  
Caled. 10 innings.

**Advertiser Score Cards.**  
The Advertiser has prepared a large number of score cards for the benefit of its baseball friends. These can be had on application to the business office. When a game has been played, fill in a complete summary on a card and send or bring it to this office. Advertiser's sporting columns are open to our team in the city, both for challenges and scores of games.

**CAUSE OF RHEUMATISM.**  
Latest Word of Science on This Dangerous Malady.  
The prevalence of rheumatism in some form or another, and the largely fatal character of its effects, have for a long time set physicians to pondering and investigating as to its cause. The cause ascertained, it would remain only to find the most effective means of removing it. The efforts of the medical profession, however, have been largely in vain. The cause of rheumatism, of whatever nature, is a blood disease. The authorities agree that it is caused by an excess of uric acid in the blood. The efforts of the medical profession, however, have been largely in vain.

MR. FISHER'S GOOD  
BUTTER MEASUREThe Commons Discusses Dairy  
and Agricultural Subjects—  
Canadian Northern Bonds.

Ottawa, June 19.—In the House of Commons today Mr. Fisher introduced a resolution to prohibit the manufacture of process butter. The bill also reiterates the present law, which forbids the manufacture of oleomargarine, butterine or their substitutes for butter. There is a clause that only butter made in a creamery shall be marked as creamery butter, and a clause providing that butter containing more than 16 per cent of water shall be considered as adulterated. The use of any acid, alkali or chemical to cause butter to absorb water is forbidden. Penalties are established for contravention of the act. Mr. Fisher explained that the necessity for this law had arisen quite recently. About two years ago the Congress of the United States forbade the manufacture of process butter, and it was said that some of the manufacturers designed to transfer their business to this country.

Mr. Fisher explained that process butter is a poor butter, which has been made over in a certain way. The trouble with it is that it will not keep. If eaten it causes a great deal of harm to be done, but if mixed with sugar butter and sent abroad it would be sure to spoil the reputation of Canadian butter abroad. Mr. Fisher introduced a resolution for an act providing that seeds of cereals, grasses, clovers, plants or vegetables, sold for the purpose of seedling, shall be free from the seeds of certain weeds; establishments of grades of seeds of timothy, red clover, and alfalfa, and providing that such seeds offered for sale shall be marked with the seller's name and address, the name of the kind of seed and the grade, and that the examination of such seeds and their analysis by an official seed analyst. Mr. Fisher explained that the government had received a large number of requests that something be done to protect the farmer in this matter.

The resolution was carried. The House then went into committee on the resolution to guarantee the bonds of the Canadian Northern Railway to the extent of \$13,000,000 a mile for 720 miles.

A possible discussion occurred as to the possibility of an amalgamation between the Grand Trunk Pacific and the Canadian Northern. Mr. Blair explained that this could not take place unless both companies came to Parliament for authority. The resolutions were then passed. The rest of the evening was spent in the discussion of the current year were passed.

The House adjourned at 11:45 p.m.

**IN THE SENATE.**  
In the Senate the Western Alberta Railway bill, and the bill to aid the settlement of railway labor disputes, were read a third time and passed. The bill respecting the department of public printing and stationery, and the bill to amend the inland revenue act were passed through committee.

**CANADIAN PASTOR HURT**  
Fell From Moving Train While Reaching for Hat.

Galesburg, Ill., June 19.—Rev. W. H. Root, a pastor from California, who was in a serious condition in the hospital as the result of an unusual fall, died here today. During his fall into town, he was hurt by a moving train. He was taken to the hospital, where he died after a few days' illness. He was a well-known and popular pastor in his community.

**TRIED A SNAKE DIET**  
12-Year-Old Girl Attempts to Emulate Circi Freaks.

Logansport, Ind., June 20.—Alice Fairchild, 12 years old, tried to eat a dozen live snakes in emulation of the circus attraction, and is in a precarious condition as a result of numerous bites by the snakes, which she had objected to being eaten alive. Last week Alice was taken by her parents to see a circus, and she saw a man eat a dozen live snakes. She was so impressed by this that she decided to try it herself. She was taken to the hospital, where she is now recovering from her injuries.

**MURDER OF GLORY WHALEN**  
Failure of Hunt for the Assassin—No Tramps in the Bush.

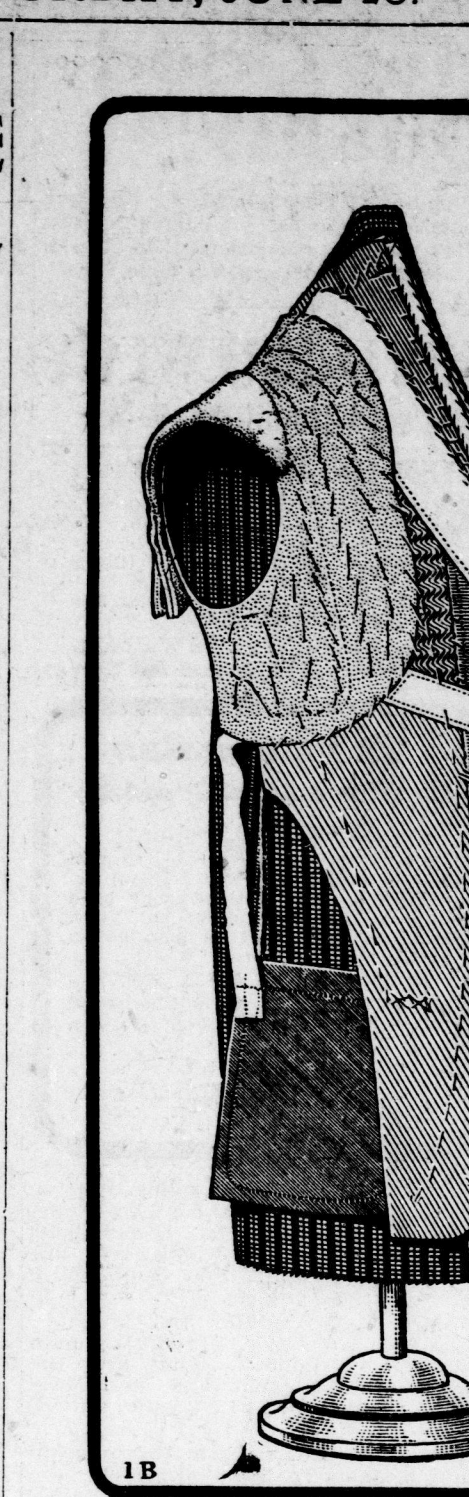

Collingwood, Ont., June 19.—The authorities here have arrived at the conclusion that the reports of the tramps local to McKee's bush, near Dunrobin, were false. Chief Wilde, with Night Policeman Best, made inquiries again today of people from that neighborhood, but learned nothing of importance; in fact, they could not find a person who had seen a stranger in the woods named Whalen. Considerable doubt now exists as to whether Whalen ever existed.

**DR. SLOCUM POSITIVELY CURES CONSUMPTION**  
By His Marvelous System of Germ-Destruction and Body-Building.

Do you cough?  
Do your lungs pain you?  
Do you spit up phlegm?  
Does your head ache?  
Is your appetite bad?  
Do you have night sweats?  
Are you losing flesh?  
Are your lungs delicate?  
Are you pale and thin?  
Is your tongue coated?  
Do you lack stamina?

Thousands of sufferers, while enjoying the warmth and balmy breezes of summer, are full of fear and foreboding, knowing quite well that there will be danger and death lurking in the air for them when the cold weather comes again. Dr. Slocum's Free Office of Charge, with directions, is preparing for you, inviting you to test his system of treatment free of charge.

**DR. T. A. SLOCUM & Co., Ltd., 179 King St. West, TORONTO, CANADA.**  
The free medicine will be promptly sent. Persons suffering from Consumption, Slocum's Free Office in American papers will please send for samples to Toronto. Mention this paper.

**THE STYLE THAT WON'T COME OFF!**  
It is easier to model clay than to chisel marble.  
It is easier, and much less expensive, to shrink and press a coat into temporary shape with a hot iron, than to skillfully and patiently form it into permanent curves with the needle.  
This is why so few Tailors, and practically no Clothiers, achieve Semi-ready shape retaining results.  
The picture explains why an old Semi-ready coat fits as well as a new one, and holds its stylish shape until worn out.  
It's the hidden tailoring that tells. Finished to order the day you buy.

**Semi-ready Tailoring**  
LONDON 146 DUNDAS STREET

**New York and London Local Traffic.**  
Engineering, in an article on this subject, says that if Mr. Parsons' New York and Brooklyn connection scheme, the cost of which he estimates will be \$10,000,000, is carried out substantially as he has planned, the Borough of Brooklyn will then be connected with the Borough of Manhattan by three bridges, carrying six elevated lines and ten surface tracks, and by two tunnels carrying four tracks, every one of which tracks will have a greater carrying capacity than either one of the two elevated or two surface tracks on the existing bridge. These increased facilities for traffic will be a great relief to the city, and will also be a great benefit to the business of the city.

**Refined, Sensitive Women and the Law of Compensation.**  
Those Who Suffer Most Keenly Are Capable of the Most Intense Enjoyment.

The women who suffer most from the troubles known as Female Complaint are invariably ladies of refined and sensitive natures. The physical tortures they endure are painful in the extreme, and these are supplemented by mental agony and depression of spirits, which make them utterly miserable. They can see, as a rule, only the dark and gloomy side of the picture, and most of them sooner or later come to believe that they are doomed to a life of sorrow and wretchedness.

And yet these same women have been wonderfully favored by the Creator. The finely developed nervous organization and temperament, which render them ladies, these delicate, sensitive natures, also make them capable of intense enjoyment and happiness. They illustrate the workings of the Law of Compensation. As Froide, the eminent historian puts it: "Nature is not so partial as she appears, and all situations in life have their compensations along with them." The women who are liable to these female complaints are compensated by being endowed with a capacity for enjoyment away above the ordinary.

This great fact should be an inspiration to every sufferer from female troubles. No matter how miserable she may feel, she can rest assured that a life of enjoyment and happiness is before her. She need only hope from the announcement that in ORANGE LILLY she will find a CERTAIN CURE. Thousands of Canadian women have been cured by it, and letters expressing relief and gratitude are received in every mail. Read the following letter:

**Cured Me After All Else Failed.**  
To All Poor Suffering Women: I write this to induce you to give Dr. Conley's Orange Lily a trial. I thank God that I CURED ME OF FEMALE DISEASES AFTER ALL ELSE FAILED. I had female diseases in their worst form, often praying that God would open a way for me to be cured, or if there was no cure, would take me away. I suffered with PAINFUL MONTHLY PERIODS. I used eight boxes of Orange Lily, and I am today FEELING ENTIRELY WELL. I hope that all suffering women will use Orange Lily and be cured. Thanks to Dr. Conley and to God for my health—MRS. ALICE PETERS, Wagonville, Ont.

Orange Lily is a strictly local treatment. It is absorbed directly into the affected parts, relieving congestion, removing obstructions and toning up the nerves. Its influence for good is noticeable from the start, and a growing feeling of hope and encouragement shows the sufferer she is on the right track. It is a scientific preparation and has long since passed the experimental stage. There is no longer any question but that female complaints are curable, and that ORANGE LILLY will do the work. As proof of my faith in its efficacy, both in my own case and in thousands of other cases that have come under my notice, I am impelled to make the following

**FREE TRIAL OFFER.**  
To every lady who writes for it, I will send ten days' treatment of this wonderful home remedy, ABSOLUTELY FREE. It is an inexpensive treatment, being used at home, and no physician is necessary. I hope every reader of this paper who suffers from leucorrhoea, painful monthly periods, inflammation or congestion of womb, irregularities, lacerations, ovarian troubles or tumors, will write at once for the Trial box of Famous Orange Lily. Address Mrs. Frances G. Currah, Windsor, Ont.

**BYRON.**  
Byron, June 18.—Mr. Isaac Crouse, of Ealing, who is well known here, has gone to Calgary, Alberta, to pay a visit to his son, John Crouse, formerly of this place. Mrs. Warren Elson, who has been very sick, is slowly recovering.

A very successful social and garden party was held on the lawn of Mr. and Mrs. McLain on Tuesday evening, by the Ladies' Aid and Epworth League Societies. Though the weather was threatening rain, a fairly large crowd were present. Refreshments were served, after which a short but good programme was rendered.

**KNOWN TO THOUSANDS.**—Farmers' Vegetable Pills regulate the action of the secretions, purify the blood and keep the stomach and bowels free from any matter. Taken according to direction they will overcome dyspepsia, eradicate biliousness, and leave the digestive organs healthy and strong to perform their functions. Their merits are well known to thousands, who know by experience how beneficial they are in giving tone to the system.

**MyLungs** Perhaps they are sore and weak from constant coughing. How is this? Have you forgotten about the cough medicine your grandmother gave you 50 years ago—Ayer's Cherry Pectoral?
