

Don't Say You Can't Eat

You'll Never Have Stomach Trouble
After You Read This, and Act on
It. Stuart's Dyspepsia Tablets Are
the Open Secret.

Thousands of people who hadn't really enjoyed a meal for years have given their stomach a new lease of life through the wonder-workers, Stuart's Dyspepsia Tablets. They promptly put an end to flatulency, heartburn, dizziness, sick headache, nervousness, burning sensation, brash fermentation and the other ill attendant upon a disordered stomach.

The Stomach Sends a Message to the
Brain the Instant There is Trouble.

In this day and age of known facts, there is absolutely no excuse for anyone to suffer with stomach trouble, indigestion, sour risings, catarrh of the stomach, gas formations, etc. Stuart's Dyspepsia Tablets are composed of known and approved ingredients that help out the gastric juices of the stomach. They are Nature's digestives, the same kind the stomach uses when it is in good health.

Stuart's Dyspepsia Tablets do not merely aid digestion—they actually digest the food themselves. All the hard work is thus taken off the stomach and it gets a chance to rest and recuperate. The undigested food, which formerly produced nauseating gases in the stomach, becomes thoroughly digested and as a result provides new brain and brawn and nerve cells to replace natural waste always on hand.

Stuart's Dyspepsia Tablets act quickly, safely and naturally, just like Nature herself. They are a familiar and standard part of the stock of every properly equipped drug store and are sold at 50c a box.

Those who once try Stuart's Dyspepsia Tablets are never at a loss to know how to overcome any form of indigestion or stomach trouble.

DEBATE ON THE SPEECH BEGINS ON THURSDAY

Mr. Rowell Absent From House
With a Cold—Gamey After
Fenow's Scalp.

Toronto, Feb. 5.—In the Legislature yesterday the usual motions were carried to strike the standing committees of the House, and on motion of Sir James Whitney the debate on the address will commence on Thursday.

After routine business has been disposed of the House will adjourn today out of respect to the memory of the late Col. Arthur J. Matheson, Provincial treasurer.

The usual bill respecting the administration of oaths of office was introduced by the Prime Minister, and the House adjourned about 3:30. The absence of Mr. N. W. Rowell (North Oxford) on account of a severe cold, was a matter of considerable regret. Mr. Rowell will be confined to his room for a few days, and it is not yet known whether he will be able to be present when the debate is taken up on Thursday.

NOTICES OF MOTION.

Mr. R. R. Gamey, (Manitowish) is after Dr. Fenow's scalp. Mr. Gamey has filed the following notices of motion, returnable tomorrow:

(1) Is it the intention of the Government to hold an investigation relative to the statements made by Dr. B. F. Fenow, professor of forestry of the University of Toronto, in his report presented to the conservation commission? (2) Was Dr. B. F. Fenow employed by the Government in any capacity to examine and report on soils of North Ontario? (3) Is Dr. B. F. Fenow an employee of the Government in any capacity? (4) Does the Government believe the statement made by Dr. B. F. Fenow? (5) Has the Government in the past at any time had the soils of Northern Ontario assayed? If so, what were the results and where were the soils taken from and where assayed?

Child Had Bronchitis

Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Linseed and Turpentine exerts over bronchitis, whooping cough, croup and colds it is not easy to persuade them that anything else is "just as good." This is why the imitators never get very far.

In 1902 Mrs. Eugene Her, King Street, Truro, N. S., wrote as follows:

"From an infant one of my children was troubled with bronchitis, and the worst cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Linseed and Turpentine as a treatment for bronchitis we used it, and are glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have never known it to fail to bring relief."

Mrs. Her now writes that she has since proven this medicine to be a cure for whooping cough, and would not be without it in the house.

URGE TAKING A PLEBISCITE ON THE ISSUE OF NAVY

Borden Promised It, Says a
Western Critic in Power-
ful Address.

OTTAWA, Feb. 4.—The House today settled down to a trial of endurance so far as the naval debate is concerned. This debate will be made the first order on every Government day until a vote is reached, but the Opposition members will be compelled to do all the talking.

The discussion today was carried on by Mr. Turgeon, of Gloucester, N.E., Mr. Thompson, of Qu'Appelle, Saskatchewan, and ex-Speaker Maclellan. Mr. Thompson adjourned the debate and came out flatfooted in favor of a plebiscite or referendum. Mr. Maclellan, who adjourned the debate before concluding his speech, feared that the proposals of the Government were entwined with some sort of imperialism, and pleaded for autonomous action by the Canadian people.

Armament Trouble-Breeder.
The naval debate was resumed by Mr. Turgeon. He was followed by Mr. Thompson, who said that he did not altogether believe in the doctrine that the way to avoid war was to prepare for war. A good many people came out west armed to the teeth with guns and bowie knives so as to be ready for trouble, and they soon found occasion to fight. On the other hand, sensible people who came unarmed plowed the fields and did not look for trouble, and seldom found any.

We had been told by the Prime Minister that Canada owed England \$400,000,000 without interest for money expended for defence purposes during the nineteenth century. "If we owe the principal," Mr. Thompson continued, "we also owe the interest, which brings the claim up to at least one billion. The Minister of Fisheries (Mr. Hazen) says he cannot think of this debt without a blush, but he is not blushing. He could defer over this blushing habit altogether if \$55,000,000 were paid into the imperial treasury. He would settle the claim by paying 3 1/2 per cent. Many of us would like to settle our private debts in that way if we could go so without blushing." (Laughter.)

Canada Ultra-Loyal.
Mr. Thompson said that Canada was most loyal to Britain when it was most loyal to the British North America act, money could only be voted by Parliament for the defence of Canada. The French, declared Mr. Maclellan, were loyal in 1776, "when they were given their choice, and they would remain loyal now and forever. Britain should not bring any pressure to bear upon Canada's decision in this matter. Canada should be left to make her own choice."

YOUNG PEOPLE HELD A SPLENDID BANQUET

A Most Enjoyable Affair in
King Street Presbyterian
Church.

The second annual banquet of the Young People's Societies of the King Street Presbyterian Church was held in the basement of the church Tuesday evening, and was largely attended. A splendid menu had been provided and the tables and room were prettily decorated. Following the banquet, a splendid program of toasts and solos were given. Mr. L. Sumner presided as toastmaster. Rev. W. R. McIntosh proposed the toast to the Young People in a brief but interesting address, and the following responded: J. E. Stevenson for the Bible Class; Roy Campbell for the Hockey Club; Gordon Scott for the choir; Miss E. McKay for the Girls' H. M. Club; J. E. Leckie for the ushers; Harrison Link for the Sunday school; Eldon Wegg for the Boys' Club; and Ross McKay for the Tennis Club. The toast to the ladies was proposed by Mr. Eric McKenzi, following which an excellent address on "Some Things To Be Done," was given by Rev. D. C. McGregor, B. A., special service secretary of the Presbyterian Church in Canada. During the course of the program, songs were rendered by Miss Irene Strach, Miss Mary Sheebottom and Mr. Forbes. The evening concluded with "Auld Lang Syne."

The committee in charge of the banquet are to be congratulated on its success. The ladies of the church also deserve great credit for their efforts in providing the menu, and waiting on the tables.

PARKER WAS SENT TO CENTRAL PRISON

Stole a Bicycle and Was Found Guilty
in the Police Court.

Herbert Parker, who was sentenced to the monthly jail by Police Magistrate Judd last week on a charge of stealing a motorcycle, valued at \$100, and the property of Gordon Galbraith, was sent to the Central Prison at Toronto yesterday. Although Parker was sentenced to a term in the local jail, he was sent to the Toronto institution on account of his being a machinist by trade, and men of that trade are needed at the Central Prison.

PLAYGROUNDS POPULAR

Mothers' Club of Alexandra School
Pleased With Them.

The Mothers' Club of Alexandra School held their regular monthly meeting last evening. Several important questions were discussed. Mrs. Hutchison gave a very interesting talk on the playgrounds and how beneficial they have been to children, and also to a great many mothers, who have enjoyed them in the warm weather.

After the meeting a social cup of coffee was served, which the whole club heartily enjoyed.

CAUGHT IN THE ICE.

Kingston, Feb. 5.—Although weather is below zero, work is going on to release the steamer Wolfe Islander, caught in ice a short distance from Garden Island. She started out Tuesday afternoon for Wolfe Island and forced her way through the ice until she became hard and fast. Forty passengers had to stay until daylight this morning, when they were taken out in iceboats. The boat was making her last trip for the winter season.

mistaken people in England and Canada alike are saying that we must return to centralization.

Mr. Thompson believed that the Asiatic peril was a more serious menace than any European peril, yet we were told that if Canada dared to build and man a warship on the Pacific coast she would be disloyal to put herself out of the British Empire.

In conclusion Mr. Thompson said that the members on both sides of the House should endeavor to make the counsel given to them by the member for South Wellington (Mr. Guthrie) and the member for South York (Mr. W. F. Maclellan) and get together. No one could wish that Canada should present a united front. The thing to do was to find out what the people wanted. That could be accomplished in two ways: first by the dissolution of Parliament and appeal to the people by a plebiscite or referendum.

Secondly, by a plebiscite or referendum. Mr. Thompson said that he believed in direct legislation. He was surprised that the member for South York (Mr. Maclellan), who favored the referendum generally, would not consent to its application in the matter of naval defence. Mr. Maclellan's proposition, as he understood it, was that the safety of the people was the supreme law and that Parliament should not shift the responsibility for the public safety to the people. Mr. Thompson could not see why the people could be trusted to look after their own safety. As he understood the position of the Prime Minister, the whole permanent policy of naval defence was to be submitted to the approval of the electorate. Certainly the Conservative party in 1910 declared for a plebiscite. Were they now afraid to appeal to the people, fearing that if they did so their proposed contribution of \$35,000,000 would be buried beyond resurrection?

Hon. Mr. Maclellan, who followed, pointed out that the House could not find the answer to the naval problem by two weeks' consideration. The voting of \$35,000,000, Mr. Maclellan said, was a secondary consideration. No one would refuse to vote the \$35,000,000 who thought Britain needed it, but the policy adopted should be a unanimous one, such as one as that of 1909.

Grant Illegal?
The responsibility did not rest with Parliament alone, but with Parliament and the people. Therefore, the people should be consulted before Parliament acted in the matter. Parliament had no power to vote the \$35,000,000 according to the British North America act, money could only be voted by Parliament for the defence of Canada.

The French, declared Mr. Maclellan, were loyal in 1776, "when they were given their choice, and they would remain loyal now and forever. Britain should not bring any pressure to bear upon Canada's decision in this matter. Canada should be left to make her own choice."

BOARD OF EDUCATION MAY RUN PLAYGROUNDS

Representative Delegation Asks
That the Body Take Over
the Control.

The board of education may take over the playgrounds and conduct them in connection with the whole scheme of education of the city.

At the meeting of the board Tuesday afternoon a deputation from the day after tomorrow, headed by Sir George Gibbons, and representatives from the various women's organizations of the city, appeared before the board, and requested that this be done.

Sir George Gibbons, on behalf of the association, declared that the change would work advantageously. There was no doubt that the movement was an excellent one, and would produce good results. The board of education had the facilities and could handle them to the best advantage.

Mrs. F. P. Betts, representing the Women's Canadian Club, and Mrs. M. F. Irwin, representing the Mothers' Clubs, also favored this step. Chairman Dennis, in reply, stated that the matter would be referred to the regular committee, and would be given careful attention.

PRACTICAL ADVICE ON VOICE CULTURE

Address by Professor Muller Before
Women's Music Club.

Members of the Women's Music Club listened to an excellent address yesterday afternoon at the fourth recital of the club, when Professor Muller, late of New York, but now of Toronto, gave some practical advice on "Voice Culture." The beauty of singing, Professor Muller stated, was in its freedom, and the very thing that some voices strain and unnatural detracted from their charm and worth. An interesting description of the mechanism of the organs affecting the voice was given by the speaker.

Some pleasing musical numbers were also rendered during the afternoon, the program being arranged by Miss Criselle Armstrong. "Novelletto," by Schumann, was a delightful piano solo by Miss Anita Black. On the violin, Miss Florence Dewey's selection "Canzonetto," by D'Ambrosia, was keenly appreciated, and Mrs. T. G. Dockstader sang "Il Est Doux, Il Est Bon," by Massenet, in excellent voice. Misses Little and Dangerfield were the accompanists.

DEATH OF FORMER WELL-KNOWN FARMER

Mr. John J. Sifton Passed Away at
His Home on Talbot Street.

The death of Mr. John J. Sifton, 810 Talbot street, formerly of Arva, London Township, took place this morning after a few weeks' illness.

Mr. Sifton, who was in his 58th year, was a son of the late Bradshaw Sifton, one of the pioneer residents of London Township. He was born in the township where he practically spent all his life, and was one of the most highly respected farmers in the county of Middlesex.

Six weeks ago he retired from active farming, and decided to reside in London, where he lived until his death occurred. His wife, who was formerly Miss Fish, and his daughter, Miss Minnie, survive. The funeral will take place from his late residence on Friday afternoon, and interment will be made in Woodland Cemetery.

RAW GOLD BITING WINDS

aggravate catarrhal colds
and bronchial disorders,
and if neglected often lead
to pneumonia or consumption.

SCOTT'S EMULSION dries

ADAMS WAS TAKEN TO HAMILTON ASYLUM

Man Who Set Fire to a Barn
Placed Out of Harm's
Way.

James Adams, who was found guilty of setting fire to the barn of John R. Waters near Mount Brydges on Dec. 18, was taken to the Hamilton asylum yesterday afternoon. At the time of the trial Judge Macbeth postponed sentence until an examination could be made to determine the sanity of the prisoner, and the report of the doctors showed that Adams was insane. When he was being conducted from the court room Adams threatened to take Waters' life when he was released from confinement. He was an inmate of the same institution some years ago, and in all probability will be kept there for life.

PRESENTATION MADE TO RECORD-KEEPER SPENCE

A Large Attendance at a Meeting
of the Maccabees Last
Night.

There was a large attendance at the "at home" of the Knights and Ladies of the Maccabees in the Dominion building, Tuesday evening, when, among the guests, were Hon. D. P. Markey, of Detroit, supreme commander, and Provincial Commander S. W. Truher. Many friends of the members were invited and all had a thoroughly enjoyable time.

During the evening Record Keeper J. Charles Spence, of Tent No. 17, London, was honored by an address and presentation. The former was read by Lieutenant Commander Geo. Summers, and Commander Wm. Sankey presented, on behalf of the members, a fine travelling bag. Sir Knight Spence made a suitable reply, thanking them, and assuring them of his appreciation of their thoughtfulness.

Short addresses were given by Sir Knights Markey and Truher, both of whom congratulated the local tent upon securing such handsome rooms, the Maccabees having taken up quarters in the former Masonic lodge rooms. Dancing and cards were enjoyed by the guests and during the evening the ladies served refreshments.

WANT CHEAPER FRUIT FROM THE EAST

Saskatoon, Feb. 5.—The board of trade discussed the question of cheaper fruit for the west. It was decided to communicate with the fruit men of the east and of British Columbia to see if direct shipments can be arranged, cutting out the middlemen's profits.

FOUND ON TRACKS

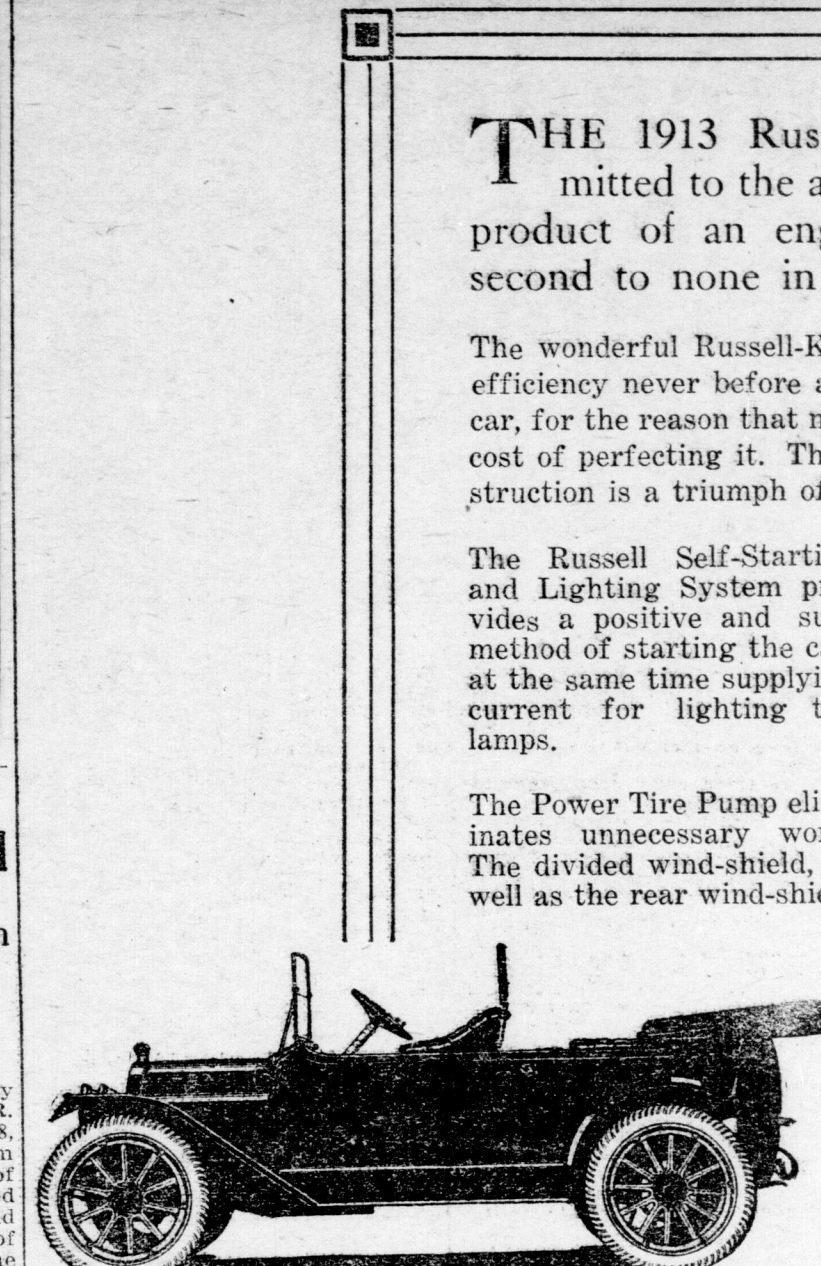

Guelph Man Is Supposed to Have
Been Killed by Train.

[Canadian Press.]
Guelph, Feb. 5.—Carmello Angelo, aged 42, was found dead on the C. P. R. tracks near the station today.

Woman's Hair Reaches to Knees

A Year Ago Was Threatened With Bald-
ness. Tells How She Made Her
Hair Grow.

Mrs. Esther Emery, now visiting friends in the city, is the fortunate possessor of marvellously beautiful hair, which, when released from coils, falls to her knees. Moreover it is of soft, silky and fluffy texture and in color a glorious glossy gold. Yet just three years ago she was threatened with baldness. Urged to tell how she had obtained this wonderful growth in so short a time, Mrs. Emery said that she had lost her hair, and she was told that such marvellous results could be accomplished so quickly, I positively would not have believed it. Twelve months ago my hair, which then reached barely to my shoulders, was falling out at an alarming rate and growing very thin, actually exposing the bald scalp in several spots. It was dull and lifeless in color, turning gray in patches, and very dry and brittle. My head was covered with dandruff and itched like mad all the time. I used fully a dozen different hair ointments, but they were all the same and never did me a bit of good. One day I chanced to read in my home paper of a hair growth prescription to make the hair grow that was recommended by a well-known physician. It said that by using the hair growth cream, the hair would grow very rapidly. I decided to try it and I had my druggist mix 2 ozs. of the Laroche's Cream with 8 ozs. of Bay Rum and 1/2 dr. of Menthol Crystals, and started to use it. My hair quickly began to grow, and in a few days it had reached the shoulders. I was so delighted with the result, that I have recommended it to several friends, and all are delighted with the results. The prescription is very inexpensive, and every druggist can tell you how to use it should be careful not to get it on the face or where hair is not desired.

Russell-Knight "28"
Touring Model, \$3,250
Russell-Knight "28"
Roadster Model, \$3,200
Russell-Knight Seven
Passenger Model, \$3,500
F.O.B., West Toronto

THE 1913 Russell-Knight "28" is submitted to the automobilist as the finished product of an engineering staff which is second to none in the automobile world.

The wonderful Russell-Knight Engine reaches a degree of efficiency never before attained by an engine in any other car, for the reason that no restrictions were placed upon the cost of perfecting it. The materials are the best. Its construction is a triumph of mechanical accuracy.

The Russell Self-Starting and Lighting System provides a positive and sure method of starting the car, at the same time supplying current for lighting the lamps.

The Power Tire Pump eliminates unnecessary work. The divided wind-shield, as well as the rear wind-shield

for the protection of the occupants of the tonneau, helps to make this model a most comfortable car.

The Heating System, that warms the tonneau from the exhaust of the engine, is a feature which makes winter driving more comfortable.

By the adoption of the Left-hand Drive and Centre Control, all four doors of the car can be used.

Call and see this magnificent new model. If you can't call, write for a fully descriptive pamphlet. Address the branch or agent nearest you.
