# cay of Apple and Cherry Trees.

BRITISH COLONIST :-- In vonr insue av last an item appears calling atto the premature and mysterious de . this Colony, of the apple and cherry and appealing to nurserymen and s for imformation as to the cause proper remedy to be applied.

absence of better information-the being not new to me,-I am insend you a few notes thereon. ng, however, that I do not go the ength with you, in believing that e of the apple and cherry trees in ny are more or less affected with or that the cause is so enveloped y as you have supposed. On the large numbers of perfectly healthy f the kinds, do exist in the celony, ost cases of diseased trees which me under my own observation the oximate cause has not been difficult anation.

are various causes operating either or in combination, producing the nplained of, but the primary ones iess, and want of preparation of the d subsequent bad management, towith climatic influences over which e only partial control. And first as how often in this colony do we see attention paid to selecting a suitable site for an orchard. In a maof cases choice is made of plots of ving perhaps only from six to nine of light vegetable soil, resting on a ub-soil, so dry and poor as scarcely ort the native plants that grow on it. oils are chosen on sites naturally too the trees in question. On soils such and without any previous preparas the shape of frenching, sub-soiling, g etc., so essential to all soils intendorchard, the trees are planted; what then if disease and death follow. majority of cases the owner imagines compensate for any previous shorte by keeping the land under cultivaratching the soil lour inches deep by of the plough. Under such treathe trees will probably grow away and retty freely for a few years, or until ots have taken full possession of the m which in all probability the largtion of the aliment necessary for the welfare of the trees has abstracted by the catch crops. In ases debility and decay commence; aless some of the abstracted pabalam plied to the soil in the shape of man mulching, etc., many of the trees will

addition to the above named fertile of decay I may mention climate as f the principal sources from whence those cankered and gangrened spots which the trunks and branches of young trees are afflicted when planted in sits exposed to the full force of the suda pression of temperature which often during severe winters. Shelter and ng trees grown in the colony will ch to cure this evil: In connection he management of orchards one often with a large amount of quackery some og one thing and some another as a r all the evils to which fruit trees are I have even heard of fish oil being d to the trunks and branches, as a ea against all evils !!! Physiologically might be said why one kind of tree ands the ill ireatment which destroy , but the subject would occupy too of your space if dealt with intelligent-Cultivators, however, may rest assured with proper attention to the choice te, soil, shelter, preparation of land, hing, non-exhaustion of the soil by sand ordinary common sense ent-in fact by keeping the feeding gestive organs, roots and leaves in h-much of the evil complained of may sened or prevented altogether. H. MITCHELL.

Europe.

BORDBAUX, Jan 13-A general battle was fought on the 11th under the walls of Le Mons. The Germans attacked the French army of the Loire along the whole line. Gen Jaurez Ibury, who commanded the right wing Jaurez Ibury, whe commanded the right wing of the French, held his position on the right bank of the Garthe, and Gen Coralos on the left and centre. They fought desperately for six hours, the French maintaining their po-sition. The French lesses are unknown but serious. The Prussian forces engaged are estimated at 18 000, but as Chanzy is said to have had an army of 200.000, and the attack was along the whole line, the account seems was along the whole line, the account seems absurd.

US popular disappointment would find vent in another revolution. He has no knowledge of any obligation which Dominica is under to the VERSAILLES, Jan 13-There was fighting near La Muns on Wednesday. The Germaus captured the suburbs of Champaigne and ties such; obligations are shown in confidential pa-Chatean with seven pieces of artillery. The number of prisoners taken the daylestore was swelled to 5000. pers.

London, Jan 13-The army under Chanzy was completely defeated near Le Mons by the second German army commanded by Prince Frederick Charles and the Grand Duke of Mecklenburg. The Germans occupied La Mens, capturing large quantities of supplies and war material. The French are being puraned.

The barbor has not been so bare of shipping VERSAILLES, Jan 12-In the east Von Werfor a long time. A daughter of Mr John Bowman, whe lives der is following up the victory after the bat-tle of Villiers by a continual movement on the near the corner of 2nd and Harrison streets left flank of the French, meeting with no ope has been attacked with a virulent type of position. small pox and doubts of her recovery are

Eastern States. WASHINGTON, Jan 16-Conklin introduced a bill to aid in the construction of 20 or more first class ANCY DRINK. Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweet-ened to please the taste, called "Tonics, "" Appetiziron clad ships together with ship yards, machine shops rolling mills wharves docks etc., and to secure to the government the use of the same for ers." " Restorers." ac., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free

From all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell. \$100 will be given for an incurable case, provided

the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

THEY ARE NOT A VILE

For Inflammutory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and lutermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most su ful. Such Diseases are caused by Vitlated Blood, which is generally produced by derangement

of the Digestive Organs. DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart. Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful

regions of the kinneys and a numered other paintin symptoms, are the offsprings of Dyspepsia. They invigorate the Stomach and stimulate the tor-pid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt

Rheum, Blotches, Spots, Pimples, Pustules, Boils, Car-buncles, Ring-Worms, Scald-Head, Sore Eyes, Erysip-elas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature. are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect. Cleanse the Vitiated Blood whenever you find its

impurities bursting through the skin in Pimples, Erup-tions or Sores cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN. TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroy-ed and removed. For full directions, read carefully the circular around each bottle, printed in four lan-guages-English, German, French and Spanish.
