CHOLERA DEFEATED

BY CONSUMERS OF

MR. BOSWELL ELECTED CHAIRMAN.

The Public Library Board held its regular monthly meeting yesterday afternoon, A. R. Boswell, Q. C., occupying the chair, the other members present being Dr. Cassidy, W. Mars, Frank Somers, Miles Vokes, E. P. Pearson and John Taylor.

Mr. Boswell was elected to the vacant chairmanship occasioned by the death of Dr. D. A. O'Sullivan, Mr. John Taylor taking Mr. Boswell's place on the Library Committee.

The question as to the acceptance of the candian Institute, was taken up for discussion. As an enactment specifically droundly about \$25,000. There is sufficient material in the museum to fit up the entire top flat of the Library building. Needless to add that the acquisition of the curios would greatly increase the prestige of the Toronto Free Library among similar institutions on the continent.

The most important of the suggestions are to remove all the present newspaper stands to the large hall and to convert that into a reading room, placing one man in charge. Convert the present reading room into a circulating library by removing the rails down the eentre, carrying the counter across the room to within 20 feet of the door and placing the books in two rows of cases between the counter and the arch. Convert the southweatern corner of the present reading room into a ladies' reading room. Convert the present book room into a reference library, using for this purpose the space left by the removal of the cases containing books for the circulating library, placing the reference bookcases in alcoves round the wall and making an entrance in Adelaide-street.

THE LEGAL GRIST.

Upset a Lanark Bylaw—An Election Petition Deposit Returned—Alleged Illegal Assessment, Mr. Justice Falconbridge yesterday made Teleph an order on consent of the parties for payment out of court of the \$1000 deposit in

the South Ontario election petition. Before Chief Justice Galt yesterday motion was argued to set aside a bylaw of the village of Lanark which grants \$4000 for the purchase of an electric light power.

the village of Lanark which grants \$4000 for the purchase of an electric light power. The ground on which the bylaw is stratched is that it is contrary to the recent Act prohibiting the granting of boauses, and that though this bylaw purports to grant money for the purchase of an electric light power it is in reality a bonus for the establishment of a mill. Judgment was reserved.

The first case argued before the Court of Appeal yesterday was that of George Watt & Sons against the City of London. The action was brought by the plaintiffs to recover \$700 paid by them under protest upon an alleged illegal assessment against the plaintiffs and Lucas, Park & Co. and McPherson, Glassoo, & Co. for the year 1890 and against the plaintiffs for 1891, the plaintiffs claiming that the said claims of Lucas, Park & Co. and McPherson & Co. have been assigned to them. The action was tried by Chief Justice Armour and judgment given in tavor of the defendants. From this judgment the plaintiffs now appeal. Judgment was reserved.

The next case was that of John Worth against W. W. Read and the Ingersoll Waterworks Company. This action was brought for damages for trespass on and injury to the land of the plaintiff, a farmer residing in the Township of West Oxford. Through the land of the plaintiff runs a stream of spring water from which the defendant or of the plaintiff for spring water from which the defendant of the plaintiff runs a stream of spring water from which the defendant of the plaintiff runs a stream of spring water from which the defendant of the plaintiff runs a stream of spring water from which the defendant of the plaintiff runs a stream of spring water from which the defendant of the plaintiff or soon, and injury to the land of the plaintiff or \$300, and the plaintiff or \$300

Mr. Emelio, the father of the girl alleged to have been ruined by the young man Henry Veitch, called at The World office Henry Veitch, called at The World office to state that he lives at 170 Parliament-street and not at No. 8 Robert-place as published. "Is wore before my God," he added dramatically, pointing his finger Heavenward, "to see this thing out. I make no threats. All I want is justice. But the loss of my daughter's honor shall be avenged. My heart is right and I mean what I say."

They Regret His Removal. The first regular meeting of St. Paul's Catholic Literary Society was held in their hall, Power-street. After the regular order BLACK DUCK. of business had been disposed of a motion was made by Mr. George Duffy, seconded by was made by Mr. George Dulty, seconded by Mr. William Murphy, and unanimously sarried, that a vote of thanks be tendered Rev. Father Minelian for the valuable services he had rendered the society since he became connected therewith, and regretting very deeply that His Grace Archbishop Walsh had seen fit to remove him to Schomberg. Rev. Father Minehan briefly replied, thanking the society for the kindly feeling shown him, and expressing sincere sorrow at being compelled to sever his connection with the society.

Parmelee's Pills possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In fact, so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body. Mr. D. Carswell, Carswell P.O., Ont., writes: "I have tried Parmelee's Pills and find them an excellent medicine and one that will seil well."

Dr. R. A. Pyne was presented with a beautifully illustrated address handsomely bound in Russia leather. Dr. Pyne's term as a member of the board expired some time ago, and the presentation was intended as a mark of the esteem in which he was held by his late confreres. The chairman remarked that he knew the late Dr. O'Sullivan would have derived much pleasure in being present on the occasion, and the recipient also spoke feelingly of the late president of the board.

The reports of the several standing committees were received and passed, with the exception of a few which were laid over until it was ascertained exactly the amount of funds which were procurable.

Chief Librarian Bain submitted plans for an entire rearrangement of the interior of the building, with the object of increasing the accommodation, and while so doing not to materially raise the salary account by the engagement of a large number of extra assistants.
