once a month, then twice a month made. and then every week and got me down to where I just couldn't work at all. In fact, I lost fifty pounds in weight and had to give up my position as station agent and do nothing but try to find relief. Then I went to another hospital for treatment, hen another making three in all, and tried every medicine I knew of or that was suggested to me, but kept getting worse. I had no idea Y could live much longer and of course, had little hope of ever getting

any better. My case was like that of the drowning man, reaching out for a straw desperate and although I had no faith in Tanlac to help me, when I saw it advertised I grabbed at it as my last resort. I had tried three hospitals and everything in the way of medicines so I couldn't have much faith in Tanlac, but, it's a fact, before my first bottle was gone I noticed a difference in my feelings. It was not long then before the gas stopped forming on my. omach, I had a good appetite, and could eat most anything without it hurting me. Now, to put it all in as few words as possible, I have taken eight bottles of Tanlac and not only feeling but I have gotten back twenty pounds of my lost weight I am working regularly every day and am still picking up both in weight and and strength right along. I attribute my recovery to nothing but Tanlac. To me it is the most wonderful medicine in the world and I will praise it as long as I live."

A. Mithford and in Bear River by
