

*The Five Nations gave them Lands on the West Branch of Susquehanna, and therefore claim a Superiority over them, for which the Shawanese mortally hate them. The greatest Part of 'em, a few Years ago, went to settle on the River Ohio, which is a Branch of the Mississipi, and heads with the West Branch of Susquehanna. One Tribe of them is quite gone down to New Spain; there are a few left still at Wyomink on the North Branch of Susquehanna, and others have a large Town on an Island in the West Branch, about 50 Miles above the Forks. They are the most restless and mischievous of all the Indians.*

*Conestogo Indians have been all destroyed by the Five Nations, except a few whom the Onoyders adopted: When these had forgot their Language, they were sent back to Conestogo, where a few are now left, and speak the Onoyder's Language.*

*Nantikooks are in Alliance with the Six Nations, and not Tributary; acknowledging themselves to be shelter'd by their Wings: They live within the Borders of Maryland, a Few about Conestogo, and some have settled this Spring at the Mouth of the River Skohooniaty or Jeniaty, which is a Creek that falls into the Susquehanna from the West beyond the Mountains.*

*Tutolo's originally lived in Virginia, there are but Few of them; they settled this Spring at Shamokin, (on the East Side of Susquehanna, just below the Forks) and are intirely devoted to the Six Nations.*
