 Installing complete plants for any service. 686 Craig Street, MONTREAL.

Special Motor and Dynamo Pulleys

WE are now building, for dynamos, motors, roller mills, and all places requiring a small and strong pulley, a very neat and serviceable pulley with iron spider hub and arms, and selected hardwood rim, thus securing in one pulley the nearest approach to an article that can be made, as well as the wood belt surface, which of itself is worth more than the cost of the pulley. We have furnished these pulleys for special purposes for several years and many of the leading electrical generator manufacturers have adopted them as their standard. In practical use we have in a number of cases shown a 5 per cent. better light by simply changing the dynamo pulleys from iron to wood rim. Another special feature is the elimination of excessive belt strains, which insures life of belt and no annoyance or danger from heated journals. For use on saw mills, where a very heavy pulley is required in small space we can recommend our iron centre pulley as the very best and only pulley which will give entire satisfaction. We manufacture this pulley with any style or length of hub, located in any desired position in rim. Our dynamo pulley is perfect, and we sell it a trial order. Furnished with key seats, set screws, or both.

DODGE WOOD SPLIT PULLEY CO.
 68 KING ST. WEST, TORONTO.

PULLEYS

MACHINE
 MOULDED
 STEEL RIM
 AND GRIP

Steel Rim Pulleys are practically unbreakable, are lighter and easier on shaft, and cost same as cast pulleys.
 ANY STYLE FURNISHED SPLIT

SHAFTING

TURNED IN ANY LENGTHS UP TO 28 FEET.
 SAVING COUPLINGS. STEEL OR IRON.
 PERFECTLY TRUE AND POLISHED.
 KEY SEALED WHEN DESIRED.

HANGERS

RING OILING AND RESERVOIR OIL BEARINGS. STANDS FOR BEARINGS. WALL BOXES. SPECIALLY HEAVY PATTERNS FOR ELECTRIC WORK. OUR SPECIAL FACILITIES SECURE YOU LOW PRICES AND PROMPT SHIPMENT.
